RAZNO IZ AMERIKE IN INOZEMSTVA

PROGRESIVNI senator Robert M. La Follette je izjavil, da bo skušal kar najhitreje mogoče spraviti na razpravo in glasovanje svojo predloga glede posvetne odločitve vrvhovnega sodišča. Nameravana postava bi določala, da se spor glede ustavnosti kakšnega zakona lahko predloži naravnost vrvhovnemu sodišču, ako zvezni generalni pravdilih tako zahteva. Sedaj pridejo take zadeve pred vrvhovno sodiščem potom velikov skozi nižja sodišča. Po novem načinu bi bila ustavnost ali neustavnost kakšne postave doklečena brez nepotrebnih zamud.

GENERAL JOHNSON, bivši načelnik NRA je mnenja, da bo morda končno res potrebljeno sprejeti nov amendment k ustanovni, da se federalni vladi omogoči regulacija industrije, trgovine, poljedelstva in rudarstva. Vlada vsakega civiliziranega naroda ima take pravice, vlada Zedinjenih držav je pa nima po sedanjem tolmacenju ustave in amendmentov. Vsekakor misli general Johnson, da je splošno razpoloženje naroda v sedanjem času v takem razburljivem stanju, da bi bilo izpreminjanje ustave nevarno.

V OBHEH ZBORNICAH zveznega kongresa je bila sprejeta postava, ki potrdi in razširi pravice Tennessee Valley Authority za izrabbo vodnih sil in prodajo električne sile po zvezni vladni. Tej postavi so se posebno upirale private kompanije, ki računajo pretirane cene za električno silo. Sprejetje omenjene postave se smatra za odlično zmago Rooseveltove administracije.

NAPADI na predsednika Roosevelta v listih in po radio razvzemajo vedno večji obseg in vedno večjo brezobzirnost. Zastopniki kapitala mu posebno zamerijo, ker hoče izposlovati zakon, ki bi obdavčil velike dohode in velike zapuščine.

THE CLEVELAND PRESS, neodvisen in po vsej priliki najbolj vpliven dnevnik v Clevelandu, O., je dne 11. julija v prominentnem članku javno apeliral na mestnega s odsliko Franka J. Lauscheta, da kandidira za župana kot neodvisen kandidat. Sodnik Frank J. Lausche je v Clevelandu rojen Slovenc, splošno priznan kot posloženjak in gentleman. Pri zadnjih volitvah za sodnika je dobil večilo glasov kakor kateri drugi kandidat. Mlademu možu gre priznanje, da se nikoli ne sramuj svojega slovenskega pokolenja in slovenskega jezika in kot sodnik je večkrat pokazal poštano razumevanje za delavsko stvar. Zadnje čase so ga že od raznih strani pozivljali, da prijavi svojo kandidaturo za župana, toda je vedno odklanjal.

EKSPLOZIJA je dne 12. julija uničila veliki balun "Explorer II." malo pred namernim poletom v stratosfero za raziskovanje zračnih plasti v višini. Delo sta vodili skupno zvezna armada in National Geographic Society. Nezgoda, ki je prijetila blizu mesta Rapid City, South Dakota, ni zatevata nikakih človeških žrtv. Balun je bil napolnjen s

VRTNARSKI NASVETI

Julij sicer ni mesec izrazitega vrtinarskega dela, vendar je nekaj opravkov na domaćem vrtu tudi v tem času. Glavno delo seveda je zalivanje, kajti v poletni vročini se zemlja hitro izsuši in rastline trpijo sušo. Kdor hoče imeti lepo trato pri hiši, jo mora pogosto kositi in dobro močiti. Zalivati je treba seveda tudi zelenjavno in cvetlično. Čim bolj plitva in peščena je zemlja, tem bolj je treba zalivati. Najpripravnnejši čas za zalivanje je zvečer.

Ako se zemlja okoli rastlin strdi, treba jo je zrahlati, to je, rastline je treba popavati, da bolje uspevajo. Važno je tudi, da cvetlične in zelenjadne grede čistimo plevela. Ako plevel porujemo prej, predno napravi seme, si prihranimo mnogo dela za v bodoče. Porvani plevel, ako še nima semena, se lahko porabi za kompost, to je, zmeče naj se v kako jamo na vrtu in pokrije s prstjo, da segnije. Plevel z zrelim semenom pa naj se seže, da se uniči plevelna nadloga za prihodnje leto.

Vrtnicam naj se sproti trgajo cvetki, da bodo nastavljal novo cvetje. Isto velja v glavnem tudi za druge cvetlice, enclete in večletne. Prav za prav se nam zdaj ni treba smilati trganje cvetja, razen na formalnih gredicah. Več cvetja bomo potrgali, več novega cvetja bo pognalo; posebno velja to za enoletne cvetlice. Ocvetke pustimo le na tistih cvetlicah, od katerih hočemo dobiti seme.

Vrte rastline napadajo v tem času tudi razni mrčesi. Listne uši se precej zanesljivo uniči, če se rastline večkrat močno poškropi z vodo, v kateri se je namakal tobak. Škropi naj se zvečer, da se rastline osušijo, predno izide sonce. Proti raznim malim hroščem na fitolu, kumarah in drugih rastlinah se priporoča škopljene z vodo, v kateri se je raztopilo nekoliko "magnesium arsenite;" podlugo kavino žlico omenjene kemikalije na galono vodo zadostuje. Proti listnim "bolham" se priporoča škopljene z vodo, v kateri se raztopi "arsenate of lead;" pet navadnih žlic tega arzenata na galono vode zadostuje. Rastline, ki dobivajo temnorjavje in črne pege po listu, nakar se listje skrivi, posuši in odpade, priporočajo prašiti z bakreno-apnenim praškom (copper-lime dust).

Razdrobljene ostanke cigari ali druge tobakove odpadke je priporočljivo raztrostisati okoli rastlin pri koreninah; to odvrže listne uši in nekatere druge mrčese, obenem pa tvori dober gnaj. Tudi cvetlicam v lončkih tobakov pepel in zdrob neškodi.

V juliju se lahko seje semeni dveletnih in večletnih cvetlic, kakor mačeh (pansies), marjetice (daisies), kitajskih klinčkov (sweet William), naprsteca (foxglove), orlic (columbine), popelnov (hollyhock) itd. Razume se, da bodo te cvetlice cveteli šele drugo leto. Ako je komu ostalo kaj semena od kavucinske kreše (nasturtiums), lahko ga na kakšne gole povrste posadi še zdaj; ta rastlina hitro zraste in bo cvetela še v pozmem poletju.

V juliju se lahko pristriže vsako živo mejo. Paradižnike je priporočljivo privezati h količem ali na žično napeljavno in

SLADKORNA BOLEZEN IN INSULIN

Piše DR. JOHN L. RICE, zdravstveni komisar mesta New York

Ze mnogo let se je znalo, da telesni nered, ki diabetičnim ljudem onemogoča rabo sladkorja in skroba za prehrano, ima nekaj opraviti s podželodčno žlezo, ki je znana pod imenom "pancreas." Ta žlezo je velevažna za prehravo. Ameriške gospodinje poznavajo to žlezo pri teletih, kadar kupujejo v mesnic takozvane "sweet breads." Nekdaj se je mislilo, da "pancreas" le izločuje neki trebavni sok, ali počasi se je spoznalo, da ima ta žlezo tudi druge naloge. Ko se je pri psih odstranila ta žlezo, je ta operacija brezijemno povzročila diabetično ali sladkorno bolezen (diabetes).

Končno po mnogih letih eksperimentov v znanstvenih laboratorijskih širom sveta, se je dvoci državnikov, dr. Banting in dr. Best, ki sta delala v laboratoriju univerze v Toronto, pošrečili leta 1921 izločiti iz pancreatične žlezne klane živine neko snov, ki so jo nazvali "insulin." Našli so, da ko so vbrizgali to snov v pse, katerim je bila ta žlezo odstranjena, se ni nikak sladkor pokazal v njihovi urini. In dokler se je nadaljevalo z vbrizgavanjem insulinu, tako dolgo se ni razvila sladkorna bolezen in psi so ostali zdravi in normalne.

Nato se je poskusilo z zdravljenjem z insulinom tudi pri ljudeh, trpečih na sladkorni bolezeni. Vsled rabe insulinu se je mogla povečati hrana bolnikov in tako je končalo prejšnje izstradanje diabetičnih bolnikov.

Seveda, obžalovati je, da je še mnogo predvodov med ljudmi proti rabi insulinu za sladkorno bolezen. Insulin se ne more jemati skozi usta, ker se takoj uniči v želodcu. Treba ga je vbrizgati pod kožo (to je potom hipodermične injekcije). Siroke mase znajo za hipodermično siringo, ki jo rabijo nešrečni, ki so se vdali morfini, in zato si bržkone predstavljajo to injekcijo kot nekaj takega.

Važno pa je, da se vsi zavedajo, da temu ni tako, in da raba hipodermične siringe za vbrizgavanje insulinu v telo diabetičnega bolnika je neobhodno potrebna.

Vsled insulinu more dandanes diabetik živeti normalno doleglo življenja in opravljati svoje delo kot vsak normalni človek.

MEGLENI KRAJI

London v Angliji ni edino megleno mesto na svetu. Mestec Seguin v državi Maine je bilo leta 1907 okrog 2,734 ur v megli, kar predstavlja skoraj tretjino leta. Ob naših Velikih jezerih se računa 1,150 meglelnih ur na leto; najbolj meleglen je Calumet Harbor, kjer so leta 1913 zabeležili 2,269 meglelnih ur. Na obrežju novoangleških držav se računa 1,300 meglelnih ur na leto.

PRIMERJAVA KRVNI

V državi New York je bila sprejeta postava, ki dovoljuje sodiščem, da se poslužujejo primerjave krvi v spornih slučajih glede očetovstva. To bo služilo v pomoč pri sporih zaradi očetovstva, še več pa pri zamenjavi novorojencev v porodičnicah. Slične postave so v veljavi že na Danskem, v Švediji, Italiji, Nemčiji in Avstriji.

OBLEKA V POLETU

Zdravniki in razni drugi učeniki, ki trdijo, da razumejo probleme zdravstva, priporočajo, da se v vročih poletnih dneh oblačimo lahno in ohlapno. To je tudi popolnoma v skladu z našo lastno udobnostjo. Ne boli bi torej ugovora od nobene strani, če ne bi moda imela bene vmes.

Mnogo je ljudi, ki se pokorijo nepisani postavi mode, pa naj vsebuje še take nesmisli. Moški so glede mode bolj konzervativni in ne podležejo vsaki njeni novotariji in kaprici. Ako pa se kaka novost v modi izkazuje za komodno, se je oprimejo in trdovratno drže. Ena teh novosti, ki je prišla v Ameriki v modo pred dobrimi dvajsetimi leti, so nizke in široke, s kavčkom podložene pete na čevljih. Obuvalo take vrste se je hitro priljubilo in je preživel vse poznejše novotarije. Tudi v splošnem ohlapna moška obleka se vztrajno vzdržuje, kljub diktatom mode, ki so večkrat skušali to komodnost odpraviti. Nekaj "šejkov" se sicer zaleti za vsako kaprico nove mode, večina moškega prebivalstva pa ostane pri starih udobnostih in tako se mora modati podatki večini.

Slab kredit za moške je, da so še vedno preveč povezani in ekomatani okrog vratu in da si v tem oziru še niso znali izvajevati veče svobode. Mnogi sicer nosijo mehke ovratnike, toda kljub temu je ta moda tiranska za v poletni vročini. Vrat bi moral biti bolj prost in razgaljen.

Zenske so si znale modo prikroviti bolj v smislu zahtev udobnosti, ako izvzamemo seveda tesne čevlje in visoke pette na čevljih. Oblačilo se v splošnem mnogo bolj lahko in ohlapno kot moški in dovolj posebno na vratu in prisim več svobode. Da je to velika udobnost, pošebo v vročih poletnih dneh, ne more nihče zanikati. Eaje so ženske-zaradi tega tudi vratni prehodom manj podvržene kot moški. Zenska si danes iz par yardov blaga napravi čedno in moderno obleko in ji še ostane nekaj koščekov za kakšno drobnjav. Pred dobrimi 50 leti je bilo treba za žensko vrhno obleko 8 do 20 yardov blaga. V številna spodnja kriila je šlo še nadaljnje ducate yardov blaga. Kljub vsem šalam, ki jih nekateri dandanes zbijajo na račun sedanje ženske mode, je nepobitna resnica, da daleč prekaša staro, z ozirom na zdravje in udobnost.

Sploh pa se zdi, da v novejšem času moda ne izvaja take diktature, kakor jo je včasih. Mnogi moški in ženske dajajo več na udobnost, kakor na modo. Temu je morda deloma vzrok odpor proti vsaki diktaturi, nekaj pa je morda priporočila tudi depresija, ki ne dovoljuje, da bi ljudstvo sledilo vsaki modni novosti in norosti. Celo v velikih mestih je opaziti, da moda nima take odločilne besede kakor nekdaj. Ljudje se oblačijo kakor jim ugaja oziroma kakor jim sredstva dopuščajo, in nihče se zaradi tega ne zgleduje.

To je popolnoma pravilno, saj oblike je zato, da nas ščiti pred mrazom in vročino in da nam v obstoječih razmerah daje največ udobnosti. Milijone preprostih pa tudi mnogo odličnih oseb obojega spola gre z

ODMEVI IZ RODNIH KRAJEV

V Velikem Obrežu pri Sotli so zgorela gospodarska poslopja trem posetnikom, Jožefu Zajcu, Krejačiču in Ani Kopinčevi. Trije otroci, ki so spali na hievskem podstrešju, so si komaj rešili življenje. Splošno se sodi, da je bil ogenj podtaknjen iz maščevanja, ker je začelo goreti istočasno na različnih mestih. Škoda je deloma krita z zavarovalnino.

CURRENT THOUGHT

Our Hobby

Hobbies in our every day life play just as an important part as do our daily occupations.

To some, one definite item of sport life absorbs all the available after working hours. To others, the hobbies consist of a conglomeration of social activities, study, garage work, etc.

A favorite hobby, and one that pays dividends, comes under the heading of Lodge work. The monetary returns of the hobby are negligible, but the contact with fellow members, in planning in a common undertaking, and in short, rubbering elbows, are a source of great satisfaction.

To get a better idea of Lodge work as a hobby, attend the meeting of the senior members where the discussions are held in Slovene. Here you will find undivided attention given to the entire proceedings for each member's best rests with the matter at hand.

The English-conducted Lodges are not matured enough yet to start the entertainment following the meeting. This is natural as lodge work to English-speaking members presented on the baseball diamond, basketball court, and alleys as well as the Lodge room.

And while we pursue our hobby of Lodge work as an activity outside the regular daily occupation, we can derive a great deal of satisfaction in knowing that we are interested in endeavor of vital importance—fraternal benefit programs.

Statistics received from our home office reveal some interesting information about the successful juvenile convention drive. The state of Pennsylvania was high with 498 enrolments; Ohio came second with 314; Minnesota, Illinois, 141; Colorado 97; and Montana 73. Ely, Minnesota and Cleveland, Ohio were on top in the among cities and towns with 176 each.

Thirty juvenile delegates shall attend the miniature convention, of which 17 are girls and 13 are boys, ranging between 10 and 17 years.

Pennsylvania will have 10 delegates, Minnesota 6, Ohio 3, Colorado 3, Montana 1, Wisconsin 1, Wyoming 1, Indiana 1.

Thus we see that our juvenile convention will have representatives from nine states.

Out of the total of 186 SSCU Lodges 95 were active in enrolling new enrollees, while 91 were dormant failing to lodge 37 of Cleveland took individual honors with 111; Lodge 116 of Delmont, Pa., came second with 87, and Lodge 73 of Ely, Minnesota, an English-speaking unit, came with 73.

The junior convention will commence on Thursday, July 1 and continue through August 3d.

The thirty delegates will elect their own convention secretary and two recording secretaries. Patterned after the regular quadrennial conventions minutiare reproduction shall carry on the regular business curtailed to morning sessions only, with the afternoons for entertainment.

Several runners-up juvenile candidates will not make trip because others secured a larger number of new appointments in the respective groups. While it is regretted several, who made a highly satisfactory and creditable arrangement could not be included as delegates, no alteration could be made to accomodate the run-

The junior convention will have a special significance at the supreme judiciary committee will travel to Ely, for the first time, on official business, since the by-laws went into effect.

In 1933, our by-laws provided for attendance of the judiciary committee along with the supreme judiciary at the annual and semi-annual meetings. A suggestion has been made that the two boards meet on Sunday, August 4, at the home office for the purpose of discussing various ways and means to further promote progress and welfare of our Union.

Notice to Lodge Secretaries

Secretaries of lodges who hold meetings immediately after their respective meetings, so that they be acted upon prior to my departure for the semi-annual meeting of the Supreme Board. Such action will prevent delay in payment of these claims since all such matter arriving at my office after my departure will be delayed for a period of at least ten days.

Supreme Medical Examiner, SSCU.

Export Majestics

Export, Pa.—With all the activity going on here, it is a pity that none of the Majestics thought of writing a few lines to the Nova Doba.

For example, our local branch had a big and successful picnic that alone would make good reading matter. Then we had a big fire here in town which destroyed our theater and left one family without shelter. The damage would have been greater had not the fire department come to the rescue.

Our baseball team is coming along nicely this season, having lost only two games to date. Regular games are being played; however, due to the financial condition we do not expect to take part in the proposed SSCU tournament.

Any hardball team desiring to schedule a game with our Majestics aggregation kindly get in touch with Theodore Kukich, Box 42, Export, Pa.

Majestics, don't you think we should try and put something big over the top soon? If you have any ideas kindly attend our meetings oftener and we will discuss your plans, which may be of material benefit to our lodge and Union.

We have a local "believe it or not," a fellow by the name of Al Cald, the handy left-hand man who has all his working tools made for use of the left hand. These left-hand tools were imported from Santa Giustina, Italy, and include scythe, drill, axe, monkey wrench, screw driver, rake, shovel, pick—and even a left-hand wheelbarrow.

Other local wonders consist of Frank Nagoda in the corn field and Ray Cald in the tomato patch. Believe me, we have to step some to beat these boys in farming or putting out fires.

I expect to see a large attendance at our next monthly meeting scheduled for July 18, starting at 8 p. m.

Sec'y, Lodge No. 218, SSCU.

CORRECTION

Last week it was reported in the Nova Doba that Raymond Spehar, Lodge 128, New Duluth, Minnesota and Matt Presheren, Lodge 109, Keewatin, Minnesota, each received an equal number of juvenile members during the junior drive, and that Raymond Spehar won by a toss of the coin. On re-checking the filled out applications for membership I have discovered that Matt Presheren secured 12 members during the campaign, and not 11 as reported at first. The mistake was made during the month of April when one filled out application was sent to the supreme medical examiner. This application was approved but somehow not credited to Matt Presheren, of Lodge 109. Matt Presheren secured 12 members while Raymond Spehar secured 11, and hence the delegate from group number 15 is Matt Presheren, of Lodge 109, Keewatin, Minn.

Gowanda, N. Y.—Wal, it seems like one extreme leads to another; we dern near froze to death in May, let th' flies die in June, an' now we're a-pantin' 'round with our shirts off, with an ice cream cone in one hand an' a bottle of beer in t'other, tryin' to keep cool.

Me 'n' Sary aint much on new styles, but by gum, them gals down thar in Gowanda look down right comfortable in them thar sun-back contraptions. Sary sez as how she's got a good notion to cut th' back out of er last year's calico so's ta keep cool.

Wal, sir, talkin' about th' heat makes me think a one place. By cracky, we won't be able to fergit it. I hear as how them two lodges, th' Pathfinders an' St. Josephs, are a-goin' to have their annual picnic, July 20 an' 21, up in Chmiel's Grove. Me 'n' Sary wouldn't miss that fer anythin'. No, sir! 'Specially th' races. Let me see, that's th' egg race, whatever that is. An' wheelbarrel race; 50-yard dash fer both boys 'n' gals, an'—haw! haw!—th' fat man's race. Aint tellin' who I'mbettin' on, though. Mebbe it's myself. Sary's been feedin' me up purty good lately on cherry 'n' raspberry pie. Haw! haw! Gosh, I came near fergettin' th' best one of all, th' three-legged race, which ought to be purty funny, too. Thar's goin' to be prizes, too, so Charlie Sternisha, th' chairman, was a-tellin'.

Wal, I calcalate I've chewed th' rag enough for once. Gotta git hum an' milk th' cows. Me 'n' Sary'll be seein' ya at th' picnics. Say, I heard as how that's goin' ta be some city folks thar, too. My, my, I hope they have a good time. Wal, so long, everybody.

Cardinals to Hold Picnic Aug. 11

Struthers, O.—Members of Cardinals Lodge, No. 229, a good time:

Angeline Slabe: Our personal girl.

Jennie Mickolic: A lady that never gives up.

Mike Galich: The boy with an everlasting smile.

Members, don't forget our planned to continue through the evening.

At this time we want to extend a cordial invitation to all nearby Ohio and Pennsylvania lodges. We would like to see someone representing each lodge, and therefore we ask all nearby lodges to keep this date open and attend our first picnic.

The Cardinals express their thanks to the Electrons upon congratulating us on organizing a new English-speaking unit. We hope to see the Electrons represented.

Nephew: No, and I'll bet you didn't either.

With Little Stan

Ely, Minn.—Back to the days of early Minnesota history! The forests are green, full of life; birds are chattering merrily; occasionally a squirrel chatters, midst a beautiful and peaceful atmosphere. Suddenly the noise dies away. Quiet silence falls on the green forest.

Running lightly, a tall figure, muscular and agile as a cat, intrudes into the quiet surroundings. He pauses and glances stealthily around him. Seeing that no danger was obvious, he sits under a shady tree and rests.

The forest animal, seeing that no danger lurked in this strange intrusion, began his wild singing.

Suddenly the beat of the Indian war drum breaks out . . . The tall athlete jumps to his feet, as an arrow whizzes by. Indians appear from all sides, whooping, yelling, ferocious in their war regalia.

After a furious struggle the tall fellow is subdued, as the Indians lead him back to the tepees and prepare the torture post . . .

They tie him to a stake, pile dry tinder under his feet . . . Indians like toasted toenails!—and prepare to burn the fellow.

"Wait," the fellow shouts. Apparently understanding his sign, the Indians pause. Chief Gooday appears and asks, "Ugh-ugh-ugh?" The stranger returns with Ugh, ugh, and a couple of more. As the chief says, "Vot are you doing? Do you vant to buy a suit of cloding?"

"You can't sell me a suit big enough . . . Do you know who I Yam?" Chief Gooday answers: "I know who you are, and I still think I can sell you a suit of cloding."

"Who am I?" the stranger bellows.

"You?" answers the chief, "oy, oy, you are dot Liddle Stan of the Nova Doba. Sometime when I read your articles I can just smell you vile you are burnink!" The chief smacks his lips.

"Vait! I mean wait! You don't vant me . . . Next week I Yam coming with huge tribe of paleface from Ohio, New York, Pennsylvania and other places . . . I want you to show them your pow-wow-wow, and I will give you a quarter."

"A quartah? Say, I vön't do it for less den a dollah!"

"O K, you win, I'll give you a dollah! But mind you, no monkey shines."

The war drums cease, the Indians disappear, and Little Stan came out from under his complete disguise.

He brings this message to the juveniles, the delegates, who will have the pleasure of seeing the Indian war dance and the pow-wow at the reservation, where the Indians are stationed.

You will thrill to the Indian chant, as they hop about with three young braves Ugh, Ugh, beating the tom-toms.

You juveniles will certainly enjoy yourselves while you attend the wonderful vacation billed for you . . . and Little Stan in his usual fool style will probably take you high over the mountains one week and back to the equator the next . . . What an imagination!

Another letter received from a delegate:

Dear Little Stan:

I am a juvenile delegate to the convention, and am 14 years old. Boy, can you spread the stuff on thick . . . The way you talk, you'd think that we're all young punks . . . I'd like to have a good look at you . . . I wonder if you look half as nuts as you write?

Wise Guy.

Dear Wise Guy: How shocking? To hear such a statement from one of my own dear juveniles! Boo-hoo-hoo, a hanky please . . . Ah, but I gotta be tough . . . I gotta take it . . . Don't give me a hanky! Heh, heh . . . Well, Wise Guy, the way you talk, I Yam glad that you are only 14 years old, otherwise think of it! But again you might be another Popeye who always says, I Yam what I Yam when I eats my spinach! Nevertheless . . . I'll be awaitin' for ye! Heh, heh!

Little Stan.

And while others send me their little missiles of laughter and razzing . . . Little Stan will save the rest until next week . . . Heh, heh!

Relates Pathfinders' Accomplishments During First Half of 1935

Gowanda, N. Y.—Hello, gang, I guess it is about time that I got my pen to write a few lines. I wonder if you realize that six months of 1935 are already gone.

Take January, February and March. Do you recall the good times we had at our meetings and parties?

And April, the many evenings spent at the bowling alleys getting ready to go to Cleveland on May 4. Take May 4 and 5, when about fifty of us had such a good time at Cleveland attending the first SSCU bowling tournament, and May 18 when we celebrated our fourth anniversary with our senior lodge. What a good time we had dancing and singing!

Then take June, when our baseball team joined the County Line Baseball League, which together with bowling has made us well known to all in Gowanda and surrounding towns. And who has made all this possible? Yes, you guessed it—Ernie. So let's all get be-

Lodge No. 66

Joliet, Ill.—Members of Lodge No. 66 are urgently requested to attend the regular and semi-annual meeting on Sunday, July 21. Matter of importance will be discussed. Also a special treat is in store for those who attend. Don't miss it.

SSCU Field Day

Gowanda, N. Y.—This will be a busy week for the SSCU members comprising the Pathfinders and St. Joseph's Lodges of Gowanda in final preparation for the Third Annual SSCU Field Day to be held on the evening of July 20, afternoon and evening of July 21, at Chmiel's Grove. Every member is needed to put this over the top and we feel sure that each one will do some of the work without being asked. This is your picnic and we ask you to do your best. We have been rather busy and unable to designate definite helpers on any committee. Therefore, we are counting on the members to just pitch in wholeheartedly, and we will all have a good time.

During the past week we received a very pleasing letter from some of our SSCU members in Lorain, O., asking whether they might come to our picnic. Perhaps we inadvertently extended an invitation only to Clevelanders; however, we wish to make clear that SSCU members anywhere are cordially invited to attend. Louis Andolsek, Beech St., Gowanda, is handling all accommodations for our out-of-town visitors. In fact Louis is working day and night to make this a success. You should have seen Louis and his helpers, Ludovik Sternad, Anton Rems and Nick Ognanovich, suspend the advertising signs over the bridge spanning the Cattaraugus Creek.

Anton Terbovec, editor-manager of Nova Doba, writes that New York City recently received a white monkey with pink eyes. Ha, ha, he calls that rare. Why, if he comes to our picnic on the above dates, the St. Joseph's Lodge members will not let him return to Cleveland until they have shown him some of our pink elephants and the eyes change color.

In addition to the chairman announced in last week's Nova Doba, we have the following: We are planning a dinner at the Slovene Hall at noon on Sunday, July 21, for our out-of-town guests. Olga Sternisha, Mary Zakaitys and their assistants hope to hit the spot. This dinner is supposed to be a secret, so don't tell a soul about it. Just be sure that our out-of-town guests are at the hall at noon and hungry. A group of cars will leave Gowanda on Saturday night for Silver Creek, where the Ohio good-time crowd will arrive on the Nickel Plate Railroad special excursion train and transport them to the picnic grounds.

Jennie Klancer is in charge of the fish pond and promises everyone plenty of fish.

Helene Strauss will see that there is plenty of ice cream on hand. In charge of admission on Saturday you will find your old friend "Mish" Strauss, while Amelia Kaluza and Molly Klancer will entice the customers into the grounds on Sunday. We have cautioned these chairmen that we have it on good authority that Frank Sodnikar, Frank "Samson" Drobnić and Louis Kolar are planning to sneak over the fence. Our advice to these fellows is that they should think twice as we have a barbwire fence—and we hate to present a sideshow without admission.

At 2 p. m. on Sunday the juvenile members of Pathfinders and St. Joseph's will meet in a softball game.

Charles Sternisha Jr. will present a varied field program to be of interest to all. Ernest Palcic Jr., No. 222, SSCU.

Juvenile Delegates to Sing at Convention

Singing of several popular and patriotic numbers is scheduled on the program of the first juvenile convention to take place in Ely, Minn., from Aug. 1 to 3, inclusive. Juvenile delegates are requested to brush up on the following songs:

Star Spangled Banner.
Till We Meet Again.
There's an Old Spinning-Wheel.

Isle of Capri.
When It's Springtime in the Rockies.

Juanita.
There's a Long, Long Trail.

Pack Up Your Troubles.

America.
Down by the Old Mill's Stream.

Included in the list are also the following Slovene numbers:

Lepa naša domovina.
Hej Slovenci!
Kukavica.

Kje so moje rožice?
Miss Mary Hutar, local organist, will direct the singing, with George Matesha accompanying on the piano.

Anton Zbašnik,
Supreme Secretary, SSCU.

As Traffic Moves

(With the Pathfinders)

Gowanda, N. Y.—All traffic is moving in the direction of Chmiel's Grove on Broadway next Saturday and Sunday, July 20 and 21. The green light is turned on Saturday evening and it leads everyone to a grand time. What are we going to do?

You can spend your time on Saturday eve at the numerous stands, such as hot dog, fish pond, beano, beer bar and many others; also dancing to the snapping and soothing music of the Hidi Melody Makers in the open air pavilion. The green light turns to red at two a. m., Sunday morning, but turns to green again on Sunday afternoon when a baseball game, funny and exciting races, plus the stands will be open. On Sunday music will be furnished by Joseph Szukala and his Venetian Knights from Buffalo. This is a very good orchestra and we are sure everyone will enjoy their music; even those that do not care to dance.

A large group of SSCU members and others are expected from Cleveland and Lorain. The Pathfinders intend to show them one of the best times they ever enjoyed in their life. I'm sure none of these people making the trip will ever regret coming to Gowanda.

Charimen of the various committees are going to need lots of help and we hope all the members will be more than willing to help when requested. So, members, don't forget to do your part. If everyone does his or her share, it will make things much easier for all concerned. Well, we will be seeing you at Chmiel's Grove, Saturday and Sunday.

Mrs. Thomas Sternisha.

entering the popularity contest, and we hope to have a spirited race.

Our out-of-town guests should be sure to meet our Leapin' Lena, as she will escort the group through Gowanda to the picnic. She is some hot stepper, fellows. However, you better be careful as we have often seen her fly up into the air. Remember, don't forget to meet Leapin' Lena, and until we meet, she will probably be having her face lifted.

On Thursday, July 18, members will meet at the grove to get everything in shape for the Field Day. Let's have a large turnout.

Electrons

Sparks 'n' Flashes

Springfield, Pa.—With the termination of the Juvenile Contest and the announcement of the winners—it has been rightfully pointed out—no cessation of securing new juveniles should result. Every member should attempt to gain new enrollments regardless of the existence of any contest; the rewards for your efforts still remain, nevertheless.

Our Contest

The Electrons, however, must bear in mind that within our circle, inducements have been allowed to further the membership gain. At our regular meeting in the month of April, a jack-pot to the member with the largest number of new enrollments during a three-month period, was approved. At that time indications pointed to a record race between several members. No doubt the uncertainty in the mining field hampered considerably these new gains. But perhaps at this time, they can be induced to join.

At least eight new members, among these three juveniles, are expected for this month. Let's go, Electrons, while in the last lap of this jack-pot race; who will cop this prize?

Picnics

With the summer months taxed to capacity for picnic dates and outings, the Electrons postponed until the August meeting for any considering of such an affair. We are trying to avoid confliction or over-crowding, as might be the case at the present time.

This week-end, the 20th and 21st, sees a great time for the vicinity of Gowanda. This marks the annual Field Day for the St. Joseph's and Pathfinders of Gowanda, which certainly promises to be a humdinger, as reported by their able scribe Ernest Palcic . . . Through these columns we learn that Clevelanders will also be in attendance at this affair. We feel certain that such a trip would not soon be forgotten, and perhaps the next year will see some of the Electrons in attendance. Conditions, as is, prevent such a trip at this date; the Electrons wish you every success for the greatest Field Day to date.

Drawing Winner

Sunday, June 30th, saw the drawing date for the winner in our contest. "Red" Carroll, of Harwick received the prize.

Lawn Bowling

Just recently we have "discovered" that the Electrons have some excellent talent in the way of Lawn Bowling or Bolina. The several members have decided to team up and are prepared to challenge any on-comers! Are there any, either among the English-conducted or the Slovene-conducted lodges, or a combination of both, that desire to match our boys? We have a four-man team that desires to meet you. How about it Center, Pittsburgh, White Valley or Export; or any others who may care to match us? Let's hear from any of you.

Clevelanders, Note!

Cleveland, O.—Members and friends going to Gowanda, N. Y., on July 20 are requested to meet at the East Cleveland Nickel Plate Railroad Station, located one block west of the intersection of Euclid and Superior avenues. All are urgently requested to be at the station not later than 5:45 p. m.

Those who have not yet secured tickets may obtain them from John P. Lunka or the writer. Both of us will be at the station at 5:15 p. m. to take care of reservations. Round-trip fare is \$3.25. Ernest Palcic of Gowanda, N. Y., assures

Winners of Second Prizes

The following juvenile members are winners of the prizes—a beautiful Parkette fountain pen and pen which were offered by our Union during the juvenile ship campaign. Each set is engraved with "First Juvenile Convention, SSCU, Ely, Minn., Aug. 1, 2, 3. These prizes will be mailed to the lodge secretaries p they are received from the factory.

Defends Miniature Convention Idea

Ely, Minn.—Our juvenile campaign is now history. It was a successful venture, for we now have an additional 1,580 new juveniles in our organization. The only reason we didn't get more was due to the late start of the campaign and insufficient publicity. All this would mean more competition and greater agitation. During June over 800 juveniles were enrolled.

The campaign showed conclusively that all lodges who participated in any manner secured at least a few members. The inactive lodges were indicated in the final report. One group did not even secure enough members to be able to send a delegate to our very widely known tourist town. Which goes to

Kandidati, ki so si pridobili drugo nagrado

Tekom kampanje za pridobivanje novih članov v mladinski oddelki sta bili za uspešne kandidate določeni dve vrsti nagrad. Prva nagrada je bila priznanje delegatstva na mladinski konvenciji JSKJ tistim kandidatom, ki so v svojih skupinah pridobili največ novih članov, oziroma, katerim je bilo največ novih članov kreditiranih. Ker mnogi pridini kandidati niso mogli pričakovati delegatstva, je glavni odbor sklenil dati "drugo nagrado" vsem tistim kandidatom, ki so se sicer izkazali pridini in priljeno uspešne, vendar pa niso mogli doseči delegatstva.

Drugo nagrado predstavlja lična garnitura, vsebujoča "Parkette" nalinivo ali samopojniki in svinčnici, oboje z napisom: "First National Juvenile Convention SSCU, Ely, Minn., Aug. 1, 2, 3, 1935." Te nagrade bodo prejemnikom v priznanje, da so vršili dobro delo za svojo in svojih staršev Jednoto; imajo bodo ostale kot lep spomin iz mladostnih dni. Na društvenem razglasu, kadar hitro jih glavnim urad prejme iz tovarne, Tehničnih bodo razposlane, kakor hitro jih glavnim urad prejme iz tovarne. Tehnični bodo delzeli slednji mladinski člani oziroma pridini kandidati v kampanji, ki je bila zaključena 30. junija 1935.

več asesmentov na leto, kakor je bilo dosedaj.

Srečni mladinski člani, ki so bili proglašeni za delegate in delegatini prve mladinske konvencije JSKJ, bodo nedvomno imeli prijetno potovanje na Ely, rojstno mesto naše Jednote, kjer bodo kraljevsko postreženi v zabavni. V nedeljo 4. avgusta se bo na Sandy Beachu vršil velik piknik. Vsak, kateremu je le mogoče, naj bi se tega piknika udeležil, ker bo ena najboljših tukajšnjih prireditev v dolgem času. Razume se, da bo tam tudi ples po godbi enega lokalnega orkestra, kar bo gotovo privabilo mnoge v plesni paviljon. Sandy Point je zelo pripravljen kraj za piknika, kar lahko potrdi vsak, ki je že bil tam. Hladna senca pod košatim drejem, prijazna sapica, pihljajoča od jezerja, godba, pivo, velika, vesela družba, predstavljajo se vse to! Pa ne samo predstavljati si, pride osebno, katerim je le mogoče, in sicer v nedeljo 4. avgusta!

Sedaj smo v sezoni raznih piknikov in izletov v prosto naravo, zato je tudi naše društvo Vit. sv. Jurija, št. 49 JSKJ, na zadnji seji sklenilo, da priredi piknik v nedeljo 21. julija.

Kakor znano, posluje naše društvo že nad 30 let, toda dosedaj še nismo imeli niti enega izleta ali piknika; navadno smo prirejali zabave in veselice v domači dvorani. Zato nam bo piknik nekaj izrednega, nekaj imenitnega. Prirejen bo za razvedrilo in v korist društveni blagajni. Vršil se bo pod košatimi hrastmi v Ferry Grove. Omenjeni prostor je privatna lastnina in je zelo prijazen. Od naše slovenske dvorane je oddaljen ravno 6 milij. Tri milije je do State Ave. Market in ko se pride do tam, treba je voziti še tri milje naravnost naprej po novo tlakovani cesti, imenovani Reidy Road. Po treh milijah vožnje se pride do kraja, kjer je gornji napis, nato je treba voziti na levo proti južni strani še pol milje, pa se pride na mesto piknika.

Pet večer je legal v posteljo z rahlim dvonom v srcu, sicer sta pa bila tukaj še vedno kolovrat in greben in tudi biseri. Ista puščoba v koči in nikjer nobenega glas! To so bile dolge ure, in ke je na vse zadnje začut zunaj nekaj kakor korake, je mislil, da si samo domišljuje. Zdaj je spet slišal korake, in malo za tem je videl mimo okna nekaj huščenj, karkoli že, toda roge je imelo, prave roge! Planil je pokonci in iz hiše, in tam je videl nekaj! Bog ali hudič! je zamrmral, in kaj takega Izak ni izgovoril, če se ni čutil v te prisiljenega. Videl je kravo, Inger in kravo, ki sta izginili v hlevu.

Ce bi ne bil slišal, kako se Inger še v hlevu pogovarja s kravo, bi prav gotovo ne verjel svojim očem. Toda slišal jo je in v istem trenutku ga je navdala za slutnja: Nebesa! Seveda je bila izvrstna, vražja ženska, toda kar je preveč je preveč. Kolovrat, greben, to naj bi še bilo, biseri so bili sumljivo imenitni, pa tudi naj bi še bili. Toda krava, mogoče najdena na kaki poti ali pašniku kakuge kmeta, ki jo bo pogrešal in bodo po njej povpraševali.

Zdaj je stopila Inger iz hleva in dejala ponosno se smehljoča: Samo svojo kravo sem prignala. — Tako, je odvrnil on. — Tako dolgo je trajalo, ker nisem mogla ž njo hitreje čez hribe; breja je. — Ali si kravo prignala? je dejal. — Da, je odgovorila in je bila od bogastva te zemlje vsa napihnjena. Ali pa misliš, da se ti lažem? je dejala. Izak se je bal najhujšega, vendar se je krotil in dejal: Poidji noter in, dej kaj.

Ali si kravo videl? Ali ni lepa? — Lepa. Odkod jo imaš, je vprašal kolikor mogoče prostodušno. Zlatorožka ji je ime. Kaj nameravaš z zdidom, ki si ga tu-le začel. Še pretegnil se boš, boš videl. Ah, pridi in si oglek kravo!

Šla sta ven. Izak je bil v spodnji obleki, pa kaj bi to. S strašno natančnostjo sta ogledovala kravo od vseh strani, glavo, vime, križ, boke; rdeča in bela je, dobro raščena.

Izak je previdno vprašal: Kaj se ti zdi, koliko je stara? — V četrtem poletju je, čisto natanko, do pičee natanko, je odvrnila Inger. Sama sem jo vzredila; vsi so dejali takrat, da je bila najlepše tele, ki so ga kdaj videli izza svojega detinства. Kaj misliš, ali imamo klaje za njo?

Izak je začel verjeti to, kar bi rad verjel, ter je izjavil: Kar se ti klaje, je bo dovolj za njo.

Potem sta šla v kočo, jedla sta in pila in legla k počitku. Toda še dolgo sta se pogovarjala o kravi, o velikem dogodku. Hm, ali pa to ni lepa krava? Zdaj dobi drugo tele. Zlatorožka ji je ime. Ali spiš, Izak? — Ne. — In pomisl, takoj me je spet spoznala. In včeraj mi je sledila kakor jagne. Preteklo noč sva v hribih malo počivali. — Tako. — Ali čez poletje jo moramo na pašniku dobro privezati, drugače se nam iztrga. Kajti krava je krava. — Kje je bila poprej? je nazadnje vprašal Izak. — Pri mojih ljudeh, oni so zanje skrbeli. In otroci so jokali, ko sem jo vzela.

Ali je mogoče, da bi bila Inger znala tako krasno lagati? Govorila je kajpak resnico, in krava je bila njena. Na posestvu je postal prav prešerni in prijetno. Kmalu ne bo ničesar več nedostajalo. O ta Inger! Ljubil jo je, in ona je ljubila njega. Bila sta skromna, živila sta v dobi lesene žlice in dobro jima je bilo. Spati hočeva! sta mislila. In sta petem spala. Ob jutrnjem svitu sta se prebudila za prihodnji dan. Bilo je seveda marsikaj, s čimer sta se morala mučiti, kakopak, boj in veselje, kakor življenje pa je.

bratu Rahiji želimo mnogo let prijetnega življenja v njegovem rodnom kraju.

K sklepnu še enkrat vabim vse člane našega društva, da store vse, kar je v njihovih mohčeh, da bo naš piknik v nedeljo 21. julija prvorosten uspeh. Vabljeni so na poset piknika tudi člani drugih bratskih društev in vsi posamezni rojaki in rojakinje tega okrožja. Čim več nas bo, tem bolje se bomo zabavali. Torej, na veselo sviranje na pikniku v nedeljo 21. julija! — Za društvo št. 49 J. S. K. J.:

Že večkrat sem opozarjal članstvo društva Združeni Slovani, št. 225 JSKJ, da bi se bolj stevilno udeleževalo sej, toda zdi, da je vse zaman. Zadnja seja v juniju je bila kar žalostna; vseh članov nas je 83, na sejo jih je pa komaj toliko prislo, da je bilo mogoče isto stvoriti. Zato smo me žene propadle glede piknika na zadnji seji.

Pričakujem in pozivam člane, da se polnočtevilo udeležijo prihodnje seje, ki se bo vršila v nedeljo 21. julija in ki se bo pričela ob polu dveh (1:30) popoldne. Seja se bo začela pole ure prej kakor običajno vsled tega, ker bomo imeli po seji malo zabave za člane društva in tiste, ki so od članov kupili tikete. Na razpolago bodo obeh vrst okrepčila. Aperičar na člane in članice, da ne odklanjajo tiketov, ker se gre za korist društva. Na vsakega člana jih pride pet, po 10 centov vsaki, to je vendar malenkost. Član jih lahko sam obdrži ali pa naprej prodaja. Saj je vendar boljše tako po malem prispevati v društveno blagajno, kakor pa veliko skupaj.

Brez blagajne pa ne moremo biti, kajti društvo ima vedno stroške, posebno pa še ob koncu leta. Poleg tega moramo

pomniti, da je v našem društvu precej prijetnih članov, in da vsi imajo pravico do vrednosti, da bi se pričeli prihodnje seje.

Letošnje primarne volitve, pri katerih se bodo izbirali kandidati in katere volitve se bodo vršile dne 13. avgusta, bodo posebno važne za nas Slovence v našem mestu, ker letos imamo prvič resnega kandidata v osebi našega rojaka Augusta Montza, kateri kandidira za v mestno zbornico, za "councilman-at-large." Ta rojak je splošno počestovan tudi od drugega naroda. Že leta in leta govorimo da nam je treba Slovenca v mestni zbornici. Omenjeni kandidira na demokratski listi. Vsi tisti, ki niso volili zadnji dve leti, in vsi tisti, ki sploh še niso volili v našem mestu, se morajo iti registrirati, ako hočajo voliti. Vsi tisti, ki so se preselili iz kraja v kraj, morajo dobiti prestop v svoj volilni kraj (transfer), ali pa hočajo voliti. Registracijski dnevi so 20. 22. in 23. julija in sicer samo v volilnem uradu v City Hall. Ta urad bo odprt na prej rečene dneve od 1. pa do 9. ure večer.

STORKLJE IN ORLI

V nekem majhnem kraju v Turčiji so pred kratkim opazovali zanimiv primer vojne v živalskem svetu. Nasprotniški sili sta bili kakšnih 300 štorkelj in 60 orlov, spor pa je nastal zaradi tega, ker je šest orlov napadlo neko gnezdo štorkelj, umorilo štorkljača in samo ter ugrabilo mladiče.

Naslednjega dne so hoteli orli napasto neko drugo gnezdo, a ga so našli praznega, kajti štoklje so takoj spoznale njih nakane in spravile zarod na varno. Zbrala pa so se iz vsega okoliša skupaj in sklenile maščevalni pohod na orle.

Mlači so pustile pod močnim varstvom zadaj, kakšnih 300 samcev in samic pa je odletelo v bojni vrstni naravnost proti orlovskim gnezdom. Vne

la se je huda bitka, med katero je padlo 12 štorkelj in jih je bilo 50 ranjenih, orlov pa je padlo 20 in vsi ostali so bili ranjeni. Odtlej imajo štoklje pred orli mir.

ces Komar iz West Allisa. Tudi to bolnico naj bi sestre ob prilikl obiskale. Zdravi ljudje ne vedo kaj je bolezni, dokler je ne okusijo. Vsem bolnikom in bolnicam želim, da kmalu odravijo.

Tisti člani, ki še niso plačali za zdravnika pri društvu, lahko storijo ta mesec. Vse člane prosim, da točno plačajo svoje asesmente, in sicer ne pozneje kakor 25. dne v mesecu. Ako bo kateri vsled neplačanega asesmenta suspendiran in ga v istem času doleti bolezni ter bo izgubil podporo, nuj sam sebi pripripi. Vedno več je članov, ki zanemarjajo svoje dolžnosti, nekateri celo po več mesecov. Morda bi bilo dobro, da jim naš društveni predsednik poda nekoliko lekcije v našem glasilu. Predsednikov poziv bodo morda bolj upoštevali kakor moj. In morda nam more dati vsem skupaj kakšno dobro pripričilo.

Se enkrat, ne pozabite in pridejte vsi na sejo v nedeljo 21. julija ob polu dveh popoldne. Ne pozabite, da po seji bo zavaba za člane in njihove prijatelje. Na svidenje! — Za društvo Združeni Slovani, št. 225 JSKJ:

Člani društva sv. Petra in Pavla, št. 66 JSKJ so nujno vabjeni, da se polnočtevilo udeležijo redne društvene seje, ki se bo vršila v nedeljo 21. julija. To bo polletna seja in na razpravi bodo važne zadeve. Za tiste, ki pridejo na sejo, bo nekaj pripravljenega za po seji. Naj nikdo ne zamudi! — Za društvo št. 66 JSKJ:

VELIK METEORIT

Blizu mesta Hugoon v Kan-

susu so nedavno na polju odkrili velik meteorit, ki tehta 700 funov. Zarit je bil tri čevlje globoko v zemljo, in morda ne bi bil nikdar odkrit, da ni konica farmerjevega pluga zadela vrhni del meteorita in prinesla na površje majhen kos istega. Sodi to, da je dotični meteorit padel iz vsemirja pred mnogimi stoletji. Zdaj je našel prostor v Ningerjevem muzeju v Coloradu.

PORABA ČEVLJEV

Prebivalstvo Združenih držav raztrga na leto okrog 200 milijonov parov čevljev; od teh odpada 75 milijonov na moške in 125 milijonov na ženske.
