Učiteljska zveza je odklonila zadnji posredovalni predlog kot "korak nazaj". Guverner je doslej odklanjal poseg v štrajk.

NEW YORK, N.Y. — Zveza učiteljska je odklonila predlog za končanje šolskega štrajka, ki ga je izdelal vodnik državnega šolskega oddelka dr. J. E. Allen. V okviru tega predloga bi prevzela država pravico spornih šol v Ocean Hill-Brownsville okraju in poskrbela za nemoteno vrnitev spornih belih učiteljev v učilnice teh šol. Glavni šolski odbor je predlog sprejel, učiteljska zveza ga je zavrnila kot "korak nazaj". Krajevni šolski odbor Ocean Hill-Brownsville ni predloga niti sprejel niti odklonil, toda njegov načelnik H. Oliver je izjavil dr. Allenu, da bo z njim sodeloval.

Državni šolski odbor dr. Allen je izjavil, da je silno razočaran nad zavrnitvijo njegovega predloga od strani učiteljske organizacije. Ta ga je pozvala, naj položaj znova prouči in stavi predloge, ki jih bo lahko sprejela. Učitelji hočejo biti varni pred novimi težavami in ovirami ne le v Ocean Hill-Brownsville okrožju, ampak tudi v ostalih predelih, kjer so razmere podobne.

Državni guverner N.A. Rockefeller je ob vesti odklonitve Allenovega načrta od strani učiteljskega izjavil, da se položaj ni premaknil nikamor naprej in da bo moral sklicati državno skupščino na posebno zasedanje, da konča šolski štrajk. Guverner je bil pretekli teden hladen do vseh takih predlogov in pozivov. Zdi se, da ga je položaj prisilil k spremembi stališča, nekaj pa imajo s tem opravka tudi volitve, ki bodo brez dvoma mimo, predno bo državna skupščina zbrana za razpravo o šolskem štrajku.

Poljska Komunistična partija bo imela kongres

VARŠAVA, Polj. — Poljska Komunistična partija ima za 11. november napovedan začetek svojega 5. kongresa. Na njem bo prišlo do merjenja moči med nacionalistično skupino okoli gen. M. Moczarja in med "staro gardo" V. Gomulke. Boj med obema se je začel spomladi, se u nesel v javnosti od časa sovjetskega vdora na ČSR, pa se nadaljuje podtalno v partijskih vrstah.

Mlajši rod zameri Gomulki, ki da se je vse preveč vdinjal v zadnjih letih Moskvi in se premalo briga tudi za gospodarski napredek Poljske. Komunistični vodnik Vladislav Gomulka, ki si je pridobil spoštovanje svojih rojakov, ko se je jeseni 1956 postavil po robu Hruščevu in sovjetskemu tankom, je v zadnjem času izgubil večino ljudskih simpatij.

Vremenski prerok pravi:

Večina jasno in toplo. Najvišja temperatura okoli 75.

WASHINGTON, D.C. — Voja mornarica je objavila včeraj, da je oceanografska ladja Mizar odkrila ostanke atomske podmornice Scorpion, ki je izginila 21. maja letos z 99 možni posadke na poti od Azorov domov. Njene ruševine leže več kot 10,000 globoko na dnu Atlantika.

CLEVELAND, O. — L. Harris je objavil izide svojega zadnjega povpraševanja volivcev v dne 27.-28. oktobra. Dognal je, da je Humphrey napredoval za dva odstotka, med tem ko je Nixon obrzhal svoj položaj. Za Nixona se je izjavilo 40% povprašanih, za Humphreya 37%, za Wallacea 16%, neodločeni pa je še bilo 7%. Pri takem položaju ne more nihče biti gotov, kako bodo volitve 5. novembra izpadle. Nekaj vpliva na nje bo imela brez dvoma ustavitve napadov na Severni Vietnam, verjetno v korist Humphreya.

HOLLYWOOD, Calif. — Včeraj so našli v njegovem stanovanju umorjenega 69 let starega zvezdnika nemega filma Ramona Novarro.

PRAGA, ČSR. — Časopisje zahteva od vlade, da objavi celotno poročilo o političnem stanju dežele v zvezi z zadnjo pogodbo o namestitvi sovjetskih čet v deželi. Zahteva dalje prepoved "ilegalne" propagande, ki jo širijo članice varšavske zveze v ČSR. Časopis Reporter je objavil v zadnji številki celotno zavrnitev sovjetske "Bele knjige", ki jo je sestavila Akademija znanosti v Pragi.

SAIGON, V. Viet. — Rdeči so izstrelili na Saigon danes zjutraj nekaj raket, katerih ena je zadela neko katoliško cerkev in ubila 19 vernikov, 64 pa jih ranila.

ATENE, Gr. — Danes je umrl G. Papandreu, 80 let stari bivši predsednik vlade. Pokopan bo z vsemi častmi.

VATIKAN. — Sv. oče Pavel VI. je izrazil veliko zadovoljstvo nad ustavitvijo napadov na Severni Vietnam z željo, da bi to vodilo do skorajšnjega miru.

MOSKVA, ZSSR. — Vlada Sovjetske zveze je odločno zavrnila pritožbe Peipinga od 16. septembra, da so sovjetska letala kršila nedotakljivost kitajskega ozemlja. Moskva zanika, da bi kako sovjetsko letalo preletelo preko meje nad Kitajsko.

CLEVELAND, O. — Nepričakovan obisk glavnega poveljnika ameriških čet v Vietnamu gen. C.W. Abramsa v Washingtonu je sprožil vrsto novic, ki bi jih večina morali zvedeti že davno prej. Čas njegovega prihoda in z njim zvezan novice nas pa ne morejo rešiti vtisa, da je vsej stvari primešano nekaj volivne politike.

Gen. Abrams je najprej izjavil, da bi z vojaškega stališča mogel pristati na končanje bombardiranja Severnega Vietnama, ako bi "sedanje stanje na frontah trajalo še naprej". Abrams je baje rekel Johnsonu, da so vietnamski komunisti "v zadnjem mesecu dramatično omilili pritisk na ameriške in zavezniške čete v gornjem delu Južnega Vietnama". Odpoklicali so s področij prve in druge cone (ki obsegata gornji del

Novo komunistično internacionalo kujejo

Zmede in spori v komunističnih strankah so rodili načrt za novo mednarodno organizacijo po zgledu Kominterne in Kominfor-me.

BERLIN, Nem. — Iz govorov in pisanja vodnikov Komunistične partije v Vzhodni Nemčiji je razvidno, da imajo v sovjetskem bloku načrt ustanoviti novo mednarodno organizacijo komunističnih držav in komunističnih partij, ki naj bi imela podobne cilje in podoben način dela kot nekdanj Kominterne in za njo Kominforma.

Prva je vodila mednarodno komunistično gibanje iz Moskve od leta 1919 do 1943, ko jo je Stalin razpustil, da bi zmanjšal odpor na Zahodu za sodelovanje s Sovjetsko zvezo in njeno podpiranje v boju proti Hitlerjevi Nemčiji. Kominforma je bila ustanovljena leta 1947, pa je kmalu po Stalinovi smrti l. 1956.

Stalin je obe organizaciji uporabljal za vzdrževanje discipline med komunisti po vsem svetu in pokorščine komunističnih partij Moskvi. Kominforma je vodil Mihail A. Suslov. Med njimi člani je bila tudi Jugoslavija, ki pa je bila iz nje junija 1948 izgnana, ko se je Tito začel upirati Stalinu in povezovati v jugoslovansko federacijo še Bolgarijo.

V novo mednarodno komunistično organizacijo bi stopila najprej Vzhodna Nemčija, ki naj bi bila poleg Sovjetske zveze njen glavni vodnik, dalje Poljska, Madžarska in Bolgarija, torej tiste sile, ki so sodelovale pri vdoru v ČSR v smislu "Brežnjeve doktrine". Izven skupine bi ostale za enkrat poleg Jugoslavije in Albanije tudi ČSR in Romunija, ki kljub vsemu pritisku iz Moskve še vedno hodita nekaka svoja pota. Postopno bi nova mednarodna organizacija, ki naj bi bila menda zamisel M. A. Suslova v ruskem Politburoju, uveljavila svoj vpliv v vseh komunističnih partijah po svetu. Če bi jih ne mogla dobiti na svojo stran v celoti, bi jih naj razbala. Tiste skupine, ki bi jo priznale, bi priznala za zakonite Komunistične partije, preostale pa proglasila za "revizioniste".

Obisk gen. Abramsa sprožil poplavo novic

Južnega Vietnama) več divizij in s tem ustavili vojne operacije na teh sektorjih. Če bi stanje trajalo še naprej, potem je Abrams mnenja, da se bombardiranje lahko ustavi in da lahko traja, dokler sovrainik ne bo obnovil svojih operacij.

Začetek tega in takega stanja je torej treba pomakniti po Abramovi izjavi v začetku oktobra ali konec septembra. Zakaj naša vojaška taktika ni tega povedala in obrazložila, da teh komunističnih potez ne smatra za resno zmanjšanje vojnih operacij?

To pa še ni vse! Johnson je 10. septembra razložil, zakaj mora zahtevati, da prestanejo vse vojne operacije v južnem delu Demilitarizirane cone. Stališče je bilo dobro utemeljeno in upravičeno. Sedaj zvezmo, da so komunisti južni

Predsednik L. B. Johnson ukazal ustaviti napade na Severni Vietnam

Na Srednjem vzhodu so razgovori spel obličali

ZDRUŽENI NARODI, N.Y. — Zadnje streljanje preko Sueškega prekopa, ki so ga sprožili preteklo soboto Egipčani, je zavrl priprave razgovorov, ki so potekali preko posredovalca ZN G. Jarringa. Izrael je ta napad, ki ga je stal 15 mrtvih, ostro obsodil in napovedal učinkovit odgovor, če se bo ponovil.

V Egiptu, kjer smatrajo ta napad za nekako svojo zmago, izjavljajo, da imajo pravico do takih napadov in vpadov na po Izraelcih "nezakonito" zasedeno ozemlje Sinajskega polotoka, ker da je to potrebno za njihovo varnost. Da Izrael ne bo takega gledanja na premirje ob Sueskem prekopu mirno gledal, je očitno. Obrambni minister Dajan je to v Jeruzalemu Egiptu tudi naravnost povedal.

Razgovori so zastali in nevarnost je, da bodo obličali, ko na obeh straneh narašča bojevitost, ko obe strani zopet kopičita oborožene sile na mejah. Pooblaščenec ZN G. Jarring se trudi, da bi spravil razgovore v tek, pa nima uspeha. Na svojem položaju je objubil ostati le do 1. decembra. Če dotlej ne bo kakega bistvenega znaka za resničen napredek, bo Jarring nemara svoje napore končal in se vrnil na svoje službeno mesto švedskega poslanika v Moskvi.

Materialni vzroki redki

WASHINGTON, D.C. — Materialni vzroki so le v 12,4 odstotkih krivi letalskih nesreč.

Nemški parlament zboroval v Berlinu

BERLIN, Nem. — Kot vsako leto, je bil tudi letos nemški parlament odprt v Berlinu in v Bonn in je tam tudi zboroval prve štiri dni svojega zasedanja. Moskva je proti temu vsako leto protestirala. Bali so, da bo letos protest ostrejši kot sicer, pa tega ni bilo.

Ruski protest je tako postal formalnost brez posebnega pomena. Seveda se pa lahko zgodi, da mu spremenjene razmere dajo poseben pomen. Tega pa letos ni bilo.

del Demilitarizirane cone skoraj izpraznil in umaknil od tam svoje čete v Sev. Vietnam, Laos ali Kambodžo. Ali niso torej komunisti vsaj deloma pristali tudi na to ameriško zahtevo? O vsem tem smo zvedeli le mimogrede. Poročila so namreč govorila o tem, da so naše čete obiskale južni del Demilitarizirane cone in tam naletele na malo odpora. Ali ni bil že takrat čas, da se temu pojavu doda tudi primeren političen komentar?

Med tem gre čas svojo pot in ni verjetno, da se bo s temi zagonetnimi zadevami pečal prihodnje leto senatni odbor za zunanjo politiko, saj bodo zadeve odšle v zgodovino.

Iz vsega tega se da napraviti le en sklep: ovire za resen začetek razgovorov o premirju so politične narave. Glavna

Včeraj je predsednik Združenih držav ukazal za danes zjutraj ob osmih po washingtonskem času ustavitve vseh napadov na Severni Vietnam. Ta ukrep naj bi odprl vrata k resnim in uspešnim razgovorom o končanju vojne v Parizu. Predsednik in njegovi sodelavci ustvarjajo vtis, da sedanja odločitev nima nobene zveze z volitvami v ZDA, je bila preje storjena v Hanoiu kot v Washingtonu.

WASHINGTON, D.C. — Predsednik ZDA L.B. Johnson je sinoči ob osmih preko radia in televizije objavil javnosti, da je dal ukaz za ustavitve vseh napadov na Severni Vietnam, letalskih in drugih, za danes ob osmih zjutraj po washingtonskem času. Poudaril je svojo željo po končanju vojne in dal kratek pregled svojih naporov v tej smeri vse od 31. marca letos. Šele sprememba stališča Hanoia v začetku preteklega meseca je omogočila včerajšnjo odločitev, je razkril predsednik. Čeprav je ustavitve vseh napadov na Severni Vietnam uradno "brezpogojna", je dejansko vezana na trdno prepričanje, da Hanoi ne bo ustavitve napadov izrazil za povečanje vojaškega napora v Južnem Vietnamu, da bo pustil v miru večja mesta Južnega Vietnama in spoštoval Demilitarizirano cono med obema Vietnoma. Predsednik je priznal, da to še ne pomeni konca vojskovanja, napovedal je še "trde boje" in "trda pogajanja", predno bo prišlo do miru. Na prihodnjem sestanku ameriške in severnovietnamske delegacije v Parizu bodo sedeli na strani Hanoia predstavniki Južnovietnamske Osvobodilne fronte, na strani Washingtona pa predstavniki vlade Južnega Vietnama v Saigonu.

Predsednik je obrazložil v svojem govoru vzroke, ki so ga privedli do ustavitve napadov. Med glavnimi so omejitve bojevanja v zadnjih tednih v Južnem Vietnamu, prilichen umik rdečih iz Demilitarizirane cone in umik večjega števila severnovietnamskih čet iz Južnega Vietnama. Pri tem stanju je poveljnik ameriških čet gen. C.W. Abrams v torek dejal predsedniku tekem razgovora v Beli hiši, da lahko tvega ustavitve napadov na Severni Vietnam. Predno je do tega prišlo je Hanoi pristal na razširitev razgovorov s pritegnitvijo zastopnikov južnovietnamske vlade, Washington pa je pristal na prisotnost predstavnikov Osvobodilne fronte. Obe zastopstvi bosta navzoči že na prihodnjem sestanku 6. novembra.

Kako bodo razgovori potekali in kak položaj bosta zastopstvi OF in južnovietnamske vlade dejansko imeli pri razgovorih, je iz sedanjih poročil nejasno. L.B. Johnson je v svojem govoru poudaril, da mora biti vlada v

Severnem Vietnamu, tudi z izvidniškimi poleti nad njim. Zastopnik Severnega Vietnama v Parizu, ki je pozdravil ustavitve vseh ameriških napadov na Severni Vietnam, je pripomnil, da bi bilo zaželeno, da bi ZDA ustavile tudi vse izvidniške polete nad Severnim Vietnamom.

Francija in Turčija obsodili vpad v ČSR

ANKARA, Tur. — Poročilo ob zaključku DeGaullovega obiska v Turčiji navaja skupno obsodbo Francije in Turčije sovjetsko-satelitskega vpada na Češkoslovaško, obe državi pozivata v njem k pomiritvi na Srednjem vzhodu in h končanju vojne v Vietnamu na temelju ženevskega dogovora iz leta 1954.

Poročilo ne pove nič o stališču obeh držav do NATO, napoveduje pa povečanje gospodarskega in kulturnega sodelovanja med obema državama.

Če se zgodi nesreča, vam ne more nihče pomagati, če se niste držali prometnih predpisov.

Snežnih plazov ne bo do Zahvalnega dneva!

CLEVELAND, O. — Neki radijski časnika je te dni zašel tudi na našo mestno upravo in tam skušal dognati, kako je mesto pripravljeno na letošnjo zimo, ki je pred vrati. Spraševal je tudi, ali je kaj preskrbljeno za čiščenje cest, kadar zapade več snega.

Za odgovor je dobil izjavo, da mesto še nima dosti snežnih plugov in motornih voz za odvoz snega, da bo pa vse dobilo v "nekaj tednih". Pa se je takoj oglašil načelnik oddelka in rekel, da se ni treba bati nobenih težav, kajti "letos ne bo snežnih zametov v našem mestu pred Zahvalnim dnevom". Bomo videli, ali bo to držalo!

Volili bomo predsednika ZDA

V torek, 5. novembra, se splošne volitve, pri katerih bomo volili predsednika in podpredsednika ZDA poleg vrste drugih kandidatov. Da olajšamo odločitev med glavnimi tremi predsedniškimi kandidati, podajamo tu našim čitateljem in čitateljicam njihova stališča o glavnih vprašanjih, ki sedaj vznemirjajo našo deželo.

Vojskovanje v Vietnamu

Demokrat H. H. Humphrey bi končal bombardiranje Severnega Vietnama, če bi Hanoi pokazal voljo vsaj spoštovati določila glede Demilitarizirane cone med obema Vietnamoma. Postopno bi umaknil ameriške čete iz Južnega Vietnama, kjer naj bi bile izvedene svobodne volitve, pri katerih bi lahko sodelovala tudi Osvobodilna fronta, če se odpove uporabi sile za doseg svojih ciljev.

Republikanec R. M. Nixon je pripravljen sprejeti končanje bombardiranja Severnega Vietnama, če to ne bo spravljalo v nevarnost življenj ameriških vojakov v Južnem Vietnamu. Je za to, da preide teža vojskovanja na Južni Vietnam in da pridejo po vojni v vlado v Saigonu samo posamezniki iz Osvobodilne fronte, ki se odpovedo uporabi sile. Koalicijsko vlado s predstavniki OF zavrača.

Neodvisni George C. Wallace je pripravljen potrpežljivo čakati na uspeh mirovnih pogajanj v Parizu. Če ta le ne bi uspeła, bi sprejel nasvet načelnikov glavnega stana za doseg vojaške "zmage", vendar brez rabe atomskega orožja.

Zakonitost in red

Humphrey brani Vrhovno zvezno sodišče in njegove odločitve v zaščito obtožencev in je za podporo sodiščem, ki naj pomagajo ohranjati zakonitost in red. Zagovarja zvezno pomoč za izboljšanje vežbanja in opreme krajevnih policij, je za programe, ki naj zmanjšajo število zločincev — "ponavljalcev", poudarja potrebo po vzpostavitvi varnosti osebe in premoženja, se je izjavil proti nasilju v prizadevanjih za doseg civilnih pravic.

Nixon se pritožuje nad Vrhovnim zveznim sodiščem, ki je "izpustilo na svobodo očitno krive posameznike... zaradi pravnih nepravilnosti". Napovedal je imenovanje "konstruktivnih sodnikov" v to sodišče. Imenoval bi poseben svet članov vlade za skupni boj proti zločinstvu, ustanovil narodno akademijo za vežbanje policije, odobril pomoč državam za izvajanje zakonov, uporabljal prisluškovanje telefonov v boju proti organiziranemu zločinstvu.

Wallace trdi, da je Vrhovno zvezno sodišče zvezelo policiji roke, se zavzema za volitev zveznih sodnikov na določeno razdobje, obljublja, da bi "z vso moralno močjo predsedstva" podprl krajevne policije v njihovem boju proti zločinstvu in poklalk, če treba, v Washington, D.C., tudi 30.000 vojakov za pomoč v boju za ohranitev zakonitosti in reda.

Odnosi s komunističnim svetom

Humphrey zagovarja "pomiritev in mirno sožitje" s komunističnimi državami in "razgovore na vrhu" tako z vodilnimi zavezniki kot s Sovjetsko zvezo in njenim blokom.

Nixon se tudi zavzema za "sestanke na vrhu" s Sovjetsko zvezo, toda šele tedaj, ko bodo NATO in ZDA povečale svojo sedanjo vojaško moč.

Wallace je za razgovore s kremelskimi vodniki, ker "moramo vedno poskušati razpravljati o vprašanjih in se o njih pogajati".

Nadziranje oboroževanja

Humphrey je pozval senat, naj odobri dogovor o preprosti prodaji in kupovanju atomskega orožja in se zavzema za razgovore s Sovjetsko zvezo o omejitvi raketnega oboroževanja.

Nixon je načelno za odobritev dogovora o omejitvi atomskega oboroževanja, pa ne takoj. Izjavil se je za zgraditev obsežne obrambe pred raketnimi napadi na ZDA in za povečanje ameriške raketne moči.

Wallace bi tudi "malo" počakal z odobritvijo dogovora o omejitvi atomskega orožja, pa bi pospešeno gradil obrambo pred raketnim napadom na ZDA.

Civilne pravice

Humphrey je za "odprte domove", torej za obvezno prodajo hiš in stanovanj kupcem neoziraje se na njihovo raso, vero, narodni izvor itd. Zagovarja sedanja navodila za integracijo javnih šol s prevažanjem šolarjev.

Nixon sprejema "odprte domove", je za končanje zakonite segregacije in bi za boj proti njej rabil zvezna sredstva, je pa proti rabi teh za uvajanje "rasnega ravnotežja" v šolah s pomočjo prevažanja šolarjev.

Wallace je proti "odprtim domovom" in bi razveljavil zvezni zakon o volivni pravici iz l. 1965 in zvezna določila za izvajanje šolske desegregacije iz leta 1964.

Inflacija

Humphrey se je izjavil za pametno gospodarjenje zvezne vlade, vendar je znan po nagnjenju k obsežnim zveznim programom in je predlagal "Marshallov načrt" za mesta.

Nixon je boj proti inflaciji za trdnost dolarja označil za eno prvih nalog nove administracije. Izjavil se je proti programom "velike družbe", ki so bili uvedeni v času Kennedyja in Johnsona.

Wallace je v času svojega guvernerstva v Alabami bil znan po široki rabi javnih sredstev, je pa javno nasprotnik velike zvezne vlade in velikih zveznih programov. On se zavzema za to, da dobe več oblasti in več besede tudi v finančnih vprašanjih posamezne države.

Stališča kandidatov v vseh navedenih vprašanjih so različna, kot so različne njihove stranke, kot je različno njihovo gledanje na življenje in kot so različne tudi njihove osebnosti. Naj vsak vse preudari in se odloči po svoji vesti in spoznanju, kaj je najboljša za vso deželo.

BESEDA IZ NARODA

Štajerci in svet Martin

KENT, O. — Svetega Martina je dičilo mnogo čednosti. Svoje odraslo življenje je začel kot vojak, toda že takrat je bil baje tako usmiljenega srca, da je sredi zime slekel svoj plašč in ga podaril siromaku, ki ga je zeblo. Potem je seveda zeblo Martina. Pozneje je Martin zapustil vojaško službo in postal eden najslavnejših francoskih škofov. In še nekaj lepega vemo o sv. Martinu, namreč, da vsako leto spremeni mošt v bujno vince.

Štajerci in z njimi Belokranjci in vsi ostali Slovenci so sv. Martinu hvaležni za vse lepe zgleda — in seveda še posebej zato, ker nam tako lepo požegna vinček. Ali ni to lepo? Mislimi na reveža bolj kakor na samega sebe? Mar ni preneka tiha in nepoznana slovenska mati ravnala ravno tako? Ali ni lepo dati prednost duhovnosti nad telesnostjo, duhovni zmagi nad telesno ali vojaško, kakor je storil sv. Martin? In končno, ali ni lepo priti skupaj s slovenskimi prijatelji, napolniti kupice, prijateljsko trečiti in si želeli še dolgo let zdravja, sreče in uspehov — na martinovanju?

Ker je Štajerski klub trdno prepričan, da je vse to res lepo, nas zopet prijazno vabi na svoje letošnje martinovanje. Ali veste, da je to že deseto martinovanje, ki vam ga prireja Štajerski klub? Predsednik, odborniki, kuharice in strežnice vložijo veliko truda v vsako tako prireditev. Vse delajo z ljubeznijo in veseljem, ker tako pripravijo nam vsem nekaj lepih uric, poživijo in zbližajo našo slovensko skupnost in prigarajo kakega stotaka za blagajno, kar gre potem za razne dobre namene: šole, cerkve, reveže, Slovenik itd.

V soboto, 9. novembra, ob sedmih zvečer se bo začelo naše deseto martinovanje v šolski dvorani pri Sv. Vidu. Postrežba bo odlična, igrali bodo pa naši vrli Veseli Slovenci. Štajerci obetajo celo več: ta večer bomo postali na njihovem desetem martinovanju prav vsi do zadnjega — veseli Slovenci. In če bomo pomislili na resnični pomen takih prireditev — na utrditev prijateljstva in bratstva in na pomoč bližnjemu — potem se bo veselju pridružila tudi tista plemenitost, katere svetel vzor je bil vojščak in škof sveti Martin.

Na svidenje na desetem štajerskem martinovanju!

Peldesetletnica slovenskega osvobođenja v New Yorku

NEW YORK, N.Y. — Kakor smo bili predhodno napovedali, se je proslava 50-letnice osvoboditve slov. naroda izvršila v New Yorku dne 25. oktobra t. l. v dvorani na Osmi. Dvorana

je imela za to priliko pred o drom veliko slovensko zastavo, simbol narodne samobitnosti, ki so jo učenci in učenke slovenske šole v narodnih nošah za svojo točko sporeda prinesli na sredo, jo dvignili, se ob nji strnili v gosto gručo in po svoji zastopnici, ljubki Babnikovi deklici, izpovedali v verzih s. Elizabete, da je narodu njegov dan vstal. To je bila zelo prisrčna, simbolična, prisega naših najmlajših, da so Slovenci in to hočejo ostati.

Jedro proslave je bil skrbno sestavljeni govor gosta te prireditve prof. dr. Viktorja Antolice, ki se je povabilu prirediteljev odzval in se pripeljal nalašč za to priliko iz Marylanda. Slovenski emigrantski javnosti je mladi narodni delavec znan na široko, saj se s tehnimi spisi oglašja v raznih publikacijah in se zlasti zanima za vprašanja slovenske politične emigracije, ki jih je ta poklicana razmotrivati in jim iskati rešitve. V jasno zarisanih potezah je naslikal zgodovinske mejnike, ki so od prve narodno politične izjave o Zedinjeni Sloveniji l. 1848 markirali pot do Majske deklaracije l. 1917 in do njenega rezultata: razpada stare avstro-ogrske monarhije in osvoboditve naroda dne 29. okt. 1918 iz mnogostoletnega robstva. Dotaknil se je tudi političnega razpleta dogodkov v novi državni povezanosti Slovencev s Srbi in Hrvati in zaključil z ugotovitvijo, da je narodna osvoboditev, ki jo proslavljamo po 50 letih, tako velik in važen obrat v zgodovini Slovencev, da nanj nikoli ne smemo pozabiti. Govornik je žel za svoja izvajanja topla priznanje dobro zasedene dvorane.

Naša znana in priznana deklamatorka Helka Puc je v bahati narodni noši prebrala v lepi dikciji Cankarjev slavošpev lepote slovenske zemlje, visoko pesem naši domovini, kakor je ni lepše zapel nihče pred njim in ne za njim. Mladega umetnika-slikarja Jožeta Vodlana poznamo po slikah, ki jih je razstavljal, nismo pa toliko poznali tudi njegovega daru za izražanje lepe besede. Drugi del Župančičeve velike pesnitve "Duma", kjer oppeva slovensko zemljo in bridko usodo njenih sinov, ki so se zarili v rudnike tujine, pa jim misel še vedno roma nazaj, je Vodlan deklamiral tako prepričujoče in toplo, da so naša srca zadrtela. O, poznamo to romanje misli domov tudi mi, čeravno se nismo kot oni zarili v jame in rove!

Celotnemu sporedu, ki ga je lahko vodil Rudi Večerin z o ples, za katerega bo igral znani Culkarjev orkester, torej obilo zabave za vse, stare in mlade. Vstopnice še lahko dobite pri članih kluba ali pa pri tajnici Antoniji Stokar, tel. 524-7724. Vsi naj napišejo svoje ime na vstopnico za vrtno nagrado že doma, da ne bo gneče pri vratih, ker zadnjih par let smo imeli do 600 posetnikov.

Skupni vrt

Na sredi polja vrt zelen s kamnitim zidom ograjen, in s suhim drevjem nasajen.

Med drevjem pa štrli navpik premnog izklesan spomenik, ki dolge je poti mejnik.

Kako je vrtec ta hladan, kako hladan, kako miran, posvetni hrup mu ni poznan.

Utrujen li si, potnik moj, ki čelo ti poliva znoj? tu trud bo nehal moj in tvoj!

Tu tih prostorček najde vsak, naj plemič bo, naj bo prostak, prosjak tu kralju je enak!

Saj to je javni, skupni vrt, in noč in dan stoji odprt, vrtnarka pa je — bela smrt!

Simon Gregorčič

no: "Hej Slovenci", ki je lahko pevna in zares požene hitreje kri po žilah: "Živi, živi, duh slovenski, bodi živ na veke..."

Tako smo newyorški Slovenci slovesno praznovali zlati jubilej narodne osvoboditve.

Predavanje o bolniški zaščiti

EUCLID, O. — Ze večkrat se je povdarjalo, da namen klubov naših upokojencev ni samo zabava in razvedrilo, temveč tudi delovanje v korist socialne in zdravstvene zaštite, ki je še daleč od popolnosti. Še te bi najbrž ne imeli, če se ne bi zanj zavzel pokojni predsednik Franklin D. Roosevelt. V tem pogledu je euclidski klub že veliko storil. Od časa do časa je pošiljal resolucije in apele na pristojna mesta in za boljše razumevanje obdržal predavanja in razprave.

Eno izmed takih poučnih predavanj bomo imeli tudi po prihodnji redni seji v četrtek, 7. novembra, v SDD na Recher Ave. Predaval bo večak od Health Insurance, ki je pod socialno zaščito. Predmet predavanja bo "Medicare and Therapy". Ta predmet je poučen in zanimiv zato, ker smo vsi upokojenci člani te potrebne organizacije. Ampak kljub temu marsikomu še niso jasni vsi predpisi in navodila o postopku v slučaju bolezni, bodisi v bolnišnici, v zavodu ali doma. Zato ste vabljeni, da pridete vsi na sejo. Dobrodošli so tudi člani ostalih klubov. Naše seje so vedno živahne in zanimive.

Ne pozabite tudi, da bo imel naš klub večerjo in plesno veselico dne 9. februarja 1969 v SDD na Recher Ave. Vstopnice, ki so že v tisku, bodo samo po \$2 na osebo; samo za ples pa \$1. Rezervirajte jih takoj, da jih ne bo zmanjkalo, kajti naše priredbe so zmeraj dobro obiskane.

Banket upokojencev v Newburghu

MAPLE HEIGHTS, O. — Kakor že zadnjih pet leten tako priredi tudi letos svoj letni banket Klub slovenskih upokojencev iz newburškega okrožja. Letos bo to 9. novembra v Slovenskem narodnem domu na 3565 E. 80th St.

Pričetek serviranja bo ob 5. uri popoldne, po banketu bo ples, za katerega bo igral znani Culkarjev orkester, torej obilo zabave za vse, stare in mlade. Vstopnice še lahko dobite pri članih kluba ali pa pri tajnici Antoniji Stokar, tel. 524-7724. Vsi naj napišejo svoje ime na vstopnico za vrtno nagrado že doma, da ne bo gneče pri vratih, ker zadnjih par let smo imeli do 600 posetnikov.

Vse člane in članice, ki prodajajo vstopnice, prosimo, da sporoče tajnici, koliko vstopnic so prodali, najkasneje do srede, 6. novembra, da bo vedela za koliko oseb naročiti večerjo. Par vstopnic bo na razpolago tudi še pri vratih; ako se odločite šele zadnjo minuto, vseeno lahko pridete.

Vabljeni ste tudi člani drugih klubov v klevelandskem okrožju, da nas posetite ta večer in se malo razveselite med nami. Ob priliki bomo vaš poset vrnili. Torej na svidenje 9. novembra!

Pozdrav vsem upokojencem in upokojenkam in čitateljem lista! V torek, 5. novembra, volite YES za točko št. 2 na volivni listi. Ako bo ta točka sprejeta, bodo lahko upokojencem znižali zemljiški davek, za to točko se voli po celi državi Ohio.

Za nas, za našo korist!

CLEVELAND, O. — Kje začnete, kadar hočete predstaviti nekoga, o katerem mislite, da je človek usode. Človek, ki bo napravil nekaj, kar bi vi sami hoteli napraviti, če bi vam bilo mogoče. Kako obrazložite to ljudem, ki jih skušate prepričati? Po eni strani je zelo lahko: kar recite, da je vaš osebni prijatelj in da bi radi videli, da vsakdo glasuje zanj.

Po mojem mnenju to ni dovolj. Imamo preveč ljudi v javnih uradih, ki so bili postavljeni tja, ker so poznali prave ljudi o pravem času. Naša dežela je začela v sedanji težavni položaj prav zaradi tega. Zanemarjamo dejstvo, da je treba strokovnjaka in sposobnega človeka za izvršitev določenih nalog v splošno korist nas vseh.

Skraini čas je, da začnemo voliti uradnike, ki bodo delali za dobro ljudstva, ki mu služijo. Ali pokličete čevljarja, če si zloमितe nogo? Nikakor! Greste in pokličete zdravnika, ki je strokovnjak za ta posel. Po istem načelu moramo začeti postopati tudi, kadar izbiramo in volimo javne uradnike!

Jaz sem srečal moža, ki je predan in izvežban v policijskem poslu ter je po moji sodbi bolj usposobljen kot kdorkoli drugi ki se poteguje za mesto šerifa okraja Cuyahoga.

Vsak volivec naj bi poskušal spraviti v urad nekoga, ki bo pomagal njemu ali njej in njihovim družinam neoziraje se na njihovo politično pripadnost. Jaz sem srečal takega moža. Njegovo ime je Ralph Kreiger. To je mož, ki ga spoštujem zaradi njegove poštenosti in neoporečnosti. Star je 46 let, poročen in oče sedmih otrok. Njegovo življenje je bilo posvečeno policijskemu delu. Ko je bil star 9 let, je bil njegov oče, po poklicu policaj, ubit v službi.

Ta mož je dovršil osnovno in višjo šolo, pa še U.S. Coast Guard Academy, Kent State University in Military Police School v Camp Gordon, Ga., za preiskovanje zločinov. Njegova preteklost je takšna, da sem ponosen na njo. R. E. Kreiger je bil v drugi svetovni vojni pomorski topniški častnik. Služil je na Okinawi, Ie Shima, sodeloval pri bojih za Filippine in drugod na Atlantiku in Pacifiku. Leta 1948 je bil zaposlen pri Bureau of Narcotics v Washingtonu, D.C., kot poslevoedeči nadzornik za države Illinois, Indiana in Wisconsin. Leta 1953 je bil pri mladinskem sodišču v okraju Stark, leta 1955 pri Trgovski zbornici ZDA. Leta 1963 so ga poiskali višji v državni vladi za Ohio Department of Liquor Control za okraje Cuyahoga, Lorain, Geauga, Lake in Ashtabula. Službo je vršil tako odlično, da bi bil na to lahko vsak javni uradnik ponosen. (Moja pripomba: Njegovi višji so mislili, da je napravil nemogoče.)

Ta mož je predan in izkušen v svojem poslu v taki meri, da bi storili krivico sami sebi in svojim dragim, če bi postavili koga drugega na mesto, za katero se on poteguje.

Kot človek, ki sem temeljito proučeval ta vprašanja, vas pozivam, glasujte za Ralphe E. Kreigerja, izvolite ga za šerifa okraja Cuyahoga! Ne pozivam vas k temu zaradi svoje koristi, ampak zaradi koristi Clevelanda, Amerike in — NAS!

Pletenje pomirja živce

S pleteninami je tako kot s črno barvo: oboje je nenehno moderno — in najlepše.

In tako tudi letos pletenine počijo izginiti z vrha modne lestvice: pletene jopice in puloverji, kape, šali in rokavice, dokolenke in nogavice, plašči in doniče halje, spalne srajce in — tudi torbice. Skratka: v pletenem oblačilu morete biti od jutra — pa spet do jutra, le zamejati bo treba debelino volne ali ombažne niti in — seveda — tudi barvo.

Letošnja moda je razveseljiva je posebej zato, ker nam sicer predlaga vzorčasta pletena oblačila, hkrati pa zatiska oko pri gladkih vzorcih, čimbolj preprosti in lahkih. Hvaležna pa je tudi zato, ker predlaga črtaste pletenine in obilje barv; tako noremo s pridom porabiti vse volnene ostanke, ki jih iz leta v leto hranimo v omarah.

Le malo je žena, ki ne bi znale ukati pletilk v rokah, veliko pa tistih, ki ne vedo, da je pletenje kar odlično sredstvo za pomirjenje živcev in njihove napetosti. Zdravniki so dognali, da očna aktivnost blažilno vpliva na naš živčni sistem in da je mnogo bolj koristna kot draga in tudi škodljiva zdravila.

Statistike dokazujejo, da so Angležinke prvakinja v pletenju. Takoj za njimi so Francozinje, ki spletojo letno 220 milijonov volnenih klobčičev. V Franciji prodajo letno na osebo četrtilogram volne, v Angliji skoraj na polovico več. V Franciji na premer pletejo že mlada dekleta, še več pa matere majhnih otrok, z njimi pa tekmujejo mlade in stare Holandke in tudi Nemke.

Raziskava, ki so jo izvedli pred časom v Franciji, je pokazala, da ljubezen do pletenja sprošča mišice, manjša živčno napetost, osvobaja duha in utrjuje sentimentalne vezi. Vrh tega pletenje perspektivno razveseljuje ženo, ker si že vnaprej predstavlja lepoto svojega izdelka.

Zdravniki so ugotovili, da je pletenje prav tako blagodejno tudi za moške. Znano je, da so tevilni angleški letalci v odmorih med dvema poletoma pletli v svojih počivališčih, prav tako se s pletenjem ukvarjajo tudi kirurgi. Eden izmed njih — Francoz — je izjavil, da ga po naporni operaciji ne pomiri nič drugega kot pletenje nekaj vrst. Razumljivo je — ali pa tudi ne —, da moški ne pletejo zato, da bi ustvarili kaj koristnega, temveč le za pomiritev.

In še močna novost: francoski tovarnarji z volno so pripravili za zimsko sezono okrog 2000 barvnih otenkov volne. Vodilna barva, ki jo predlagajo Francozi, bo v zimskih mesecih općno rdeča, takoj za njo se vrstijo: barva malancanov, vijoličasta, karamelna in bela. Italijani dodajajo še limonino rumeno in smaragdno, črno in pastelno skalo rožnate pudr barve...

Volimo demokrate!

CLEVELAND, O. — V sedmici kampanji pridemo zopet na besede Abrahama Lincolna, da v demokraciji se lahko nekatere ljudi vedno preslepari. Republiškanski političarji so zavzeli novo taktiko v tem smislu, oni celo svetujejo predsedniškemu kandidatu Richardu Nixonu, da njemu ni treba javnosti razlagati politična, ekonomska in druga važna vprašanja..., da za izvolitev je samo treba plačati nekaj milijonov agencijam za reklamo..., da ameriška reklama lahko preslepari ves narod.

Druga taktika je širjenje propagande in reklame, da ni nobene razlike med političnimi strankami. Moj odgovor na tako propagando je, da je razlika ogromna, kot noč pa dan. Glavna bistvena razlika je, da je demokratska stranka vedno skrbela za ljudski blagor in za preprost narod, republikanska pa za profite industrijskih družb ali korporacij. Zaradi tega so republikanci vedno za razširjanje vojne po celem svetu, da tovarne izdelujejo več vojnega materijala.

V tem smislu moramo pomniti, da v letu 1935 so republikanci bili proti Social Security skoro 100-procentno in da je bilo 93% vseh republikancev v Kongresu proti Medicare. Vsak Slovenec si lahko predstavlja, kako visoke bolniške in zdravniške stroške so starejši ljudje imeli, preden smo dobili MEDICARE. Zaradi

tega je logično, da podpiramo stranko, katera gleda na naše interese. Poleg tega je demokratska stranka dala ogromno priznanje slovanskim narodom v Ameriki, ker je izbrala poljskega rojaka Edmunda Muskia za kandidata za podpredsednika Združenih držav. Torej, volimo Humphrey-Muskie demokratsko listo!

John J. Gilligan, ki kandidira za zveznega senatorja, mi posebno ugaja, ker je izredno nadarjen, širokoumen, preudaren, ki logično in znanstveno zagovarja svoje stališče, da Amerika ne more nadzirati vsega sveta in da naj se umakne iz Vietnamera.

Volite Charlesa A. Vanika za kongresmana v 22. distriktu. Volivcem je splošno znano, da je on bil zelo aktiven in da je mnogo dosegel za ljudski blagor, kar je tam v Kongresu zadnjih 16 let. Celo senator Kennedy ga javno priporoča.

Ne pozabimo tudi voliti za Franka V. Opaskarja za okrajnega sodnika. Slovenci se moramo pogumno boriti za napredek naših slovenskih kandidatov, da napredujemo kot narodna skupina v Clevelandu.

Rusi nimajo uporabnih raket vrste Polaris?

LONDON, Vel. Brit. — Janes's All The World's Aircraft za leto 1968-1969, najbolj upoštevano delo o stanju letalskih in raketnih sil na svetu, ki je izšlo več-

raj, trdi, da Sovjetska zveza dejansko še nima nobenih uporabnih raket vrste Polaris, ki bi jih bilo mogoče izstreliti iz ruskih atomskih podmornic. Rakete te vrste, ki so jih vozili v paradi na Rdečem trgu, so le poskusni vzorci.

Poročilo trdi, da to, kar grade Rusi za obrambo pred napadi iz zraka, velja bolj za obrambo pred letali kot za obrambo pred raketami. Več priznanja daje ameriškem obrambnemu sistemu proti raketam Sentinel, za katerega gradnjo so priprave v teku. Trdi, da bodo posamezne baterije teh raketnih lovcev sposobne braniti področja več držav.

Jane sodi, da je Izrael sposoben v dveh letih izdelati prvo atomsko orožje, če se za to odloči.

Rusi so doslej izvedli 12 poskusov z "vesoljsko bombo", o kateri je govoril bivši obrambni tajnik McNamara prvič javno v preteklem novembru. Ta bomba leti okoli Zemlje dve tretjini ali celo dalj, predno z višine kakih 100 milj udari na cilj. Te bombe naj bi bile namenjene uničevanju ameriških letalskih oporišč.

Italijanski socijalisti so se pobotali na kongresu

RIM, It. — Po precej burnem zasedanju kongresa italijanskih socijalistov so se delegatje pomirili in v ponedeljek zvečer pooblastili predsednika Nennija, da se pogovori s krščanskimi demokrati o novi vladni koaliciji. Na pooblastilo so obesili radi lepšega nekaj pogojev, ki pa Nennija ne bodo ovirali, da ne bi koalicije obnovil.

Tako se je kongres njegove stranke končal z njegovo zmago. Nenni je bil že takoj po volitvah prepričan, da je najbolje, da stranka ostane v koaliciji, a koravno se je radi koalicije slaborezno izjavil v zadnjih parlamentarnih volitvah. Za to stališče pa ni imel takoj po volitvah večine med svojimi pristaši, zato je rajše počakal na sedanji kongres, da se duhovi pomirijo. S potrpežljivostjo je dosegel svoj cilj. Seveda pa ni šlo vse gladko.

V stranki obstajajo še zmeraj struje, ki se hudo trejo med seboj. Nenni bo skušal trenja omiliti v glavnem odboru, mora pa si tudi tam najprej zavarovati večino. Vsi drugi vidni socijalistični voditelji so na kongresu prišli na svoj račun: nekateri bodo postali zopet ministri, drugi so pa na kongresu zmagali s svojimi idejami. So torej postali idejni voditelji italijanskega socijalizma. Politični opazovalci mislijo, da bo že letos obnovljena parlamentarna koalicija. De Martino je še ostal glavni tajnik stranke.

Na Švedskem preganjajo pitje žganja z vinom

STOCKHOLM, Šved. — V boju proti prekomernemu uživanju alkohola, posebno žganih pijač, se švedska vladna propaganda drži načela: Pijte vino, ne žganja! Podatki kažejo, da je v

svojem naporu vsaj delno uspešna, oziroma uspeva. Porast potrošnje vina je porastel za 8%, porast piva za 25% v letošnjem letu v primeri z lanskim. Slučajni javne pijanosti so se znižali za 7%.

Vlada je odločena boj proti alkoholizmu nadaljevati in predložiti med drugim parlamentu preprosto vsakega oglašanja alkoholnih pijač. Podatki kažejo, da je 28% 17 let starih švedskih fantov med rednimi pivci alkoholnih pijač, čeprav je dovoljeno kupiti alkoholne pijače šele osebam, stari 21 let. V javnih lokalih je alkoholna pijača na Švedskem le redko kje naprodaj, pa še to le kvečjemu pivo. Pravih gostiln in barov v srednjeevropskem in ameriškem slogu sploh ni.

Naše gospodarstvo se pritožuje nad našimi strokovnimi šolami

CLEVELAND, O. — Naše zasebne strokovne šole do univerz so močno odvisne od podpor, ki jih redno dobivajo od podjetij. Podjetniki so pri tem zelo radodarni, saj so prispevki šolstvu odbitne postavke v davčnih napovedih. K podporam prispevajo torej v velikem delu tudi naše davkarije.

Iz gospodarskih krogov prihajajo zmeraj hujše pritožbe, da so učni programi na teh zavodih zelo tuji potrebam po praktičnem znanju. Vodniki gospodarstva opozarjajo, da bodo prispevki začeli usihati, ako ne bo sprememb v učnih programih. Značilno je, da podobne pritožbe prihajajo iz vseh dežel na obeh straneh železne zavese, na primer tudi iz Jugoslavije.

ADRIAN FINK

IZPISKI ODPRTTEGA PISMA PREBIVALCEM CU YAHOGA OKRAJA
OD LOUISA B. SELTZERJA BIVŠEGA UREDNIKA
THE CLEVELAND PRESS

"Noben republikanec ni bil izvoljen v 3-članski od bor okrajnih komišnerjev v 40 letih. Skozi ta leta je okrajni proračun narastel na preko 100 milijonov dolarjev letno in število oseb na okrajni plačilni listi na 8000. V istem času je zdrsel Cuyahoga okraj od šestega na osmo mesto v deželi. Ta smer mora biti zavrnjena. Za vsako skupnost je nezdravo, če je finančni nadzor monopol katerekoli strankine organizacije. To je v nasprotju z namenom ustanoviteljev naše dežele, ki so od začetka postavili dvostrankarski sistem, da bi vsaka stranka bila v nadzor in ravnateljstvo drugi. Zaradi tega je važno, da je odbor okrajnih komišnerjev dvostrankarski. Zato vas pozivam, neoziraje se na strankarsko pripadnost, zaradi naše cele skupnosti, da volite ADRIANA FINKA za okrajnega komišnerja. ADRIAN FINK je najboljši kandidat, kar jih je. On je edini kandidat s skušnjo na vseh področjih vlade (izvršna — zakonodajna — sodna). ADRIAN FINK ima jasen napreden program za naš okraj na področju prometa, socialnega skrbstva, kanalizacije, pristaniških naprav, čistoče zraka in vode. Zaradi tega ga tako nujno potrebujemo. Napravite uslugo sami sebi, volite ADRIANA FINKA za okrajnega komišnerja in poskrbite tako za čisto, pošteno, učinkovito, napredno vladno za vse ljudstvo."

OTROŠKI KOTIČEK

Sem že mislil, da Kotička ta teden ne bo. Tako nazarensko me je prišlo, da sem že gledal za svečo, kam sem jo zataknil, zakaj na zadnji uro si jo bom moral sam prižgati, ko nimam nikogar v šendici. V tri gube zvit sem švedral po bajtici, poleg po pogradu in v nočeh po stokrat pogledal na staro uro, če se že ne bo začelo daniti. Eh, starost je nadložna stvar. Vse počasi odpoveduje, nobene prave moči ni več.

Danes je toliko boljše, da sem prišel za pero. Vsaj nekaj bi rad napisal.

Dragi Kotičkov stric!

Ko sem šel prvič v šolo, je bila sredi. Mama je šla z menoj. Peljala me je v otroški vrtec. Tam mi je učiteljica pripela na suknjič papir v obliki ptice z mojim imenom ter me posadila na stol. Mama je odšla in ostal sem sam. Nekaj časa mi ni bilo prijetno in kar v trebuhu me je bolelo. Kmalu pa sem se privadil na igranje. Bilo jih je veliko in našel sem tudi več prijateljev. Doma sem potožil, da mi ni všeč, ker mi ne pustijo govoriti, kadar bi hotel. Vendar sem se vsemu kmalu privadil. Lepo Te pozdravlja Viktor Kmetič.

Dragi Viktor!

Vidiš, ko sem bil jaz majhen, še vedel nisem, da je otroški vrtec na svetu. Saj ga najbrž tudi ni bilo. Sam in samcat sem jo iz Matijevečeve kajže mahal v šolo, bos, s tisto plateno torbo, ki so mi jo mati sešili. Učiteljica je menda že vedela, da smo huncveti in nam je koj prvo uro povedala: To je šiba. In je zamahnila, da sem se kar zgrbil. In nam je tudi povedala, kdor bo usta odpiral, ko bi jih ne smel, bo po šoli sedel še kakšno urico. O, trdi časi so bili. Vendar sem se marsikaj naučil in še zdaj, vsak večer, ko položim svoja kopeta na pograd, v srcu vzdihnem: O, Bogec, pa še očenašek za vse tiste, ki so me v življenju učili. Večkrat misli na to in rad se uči. Hvala Ti za pisemce in lepote Te pozdravljam.

Dragi Kotičkov stric!

Ko sem začel hoditi v šolo, sem se bal. V razredu sem našel prijatelje. Ko sem prišel v šolo, mi je učiteljica dala igranje. Veliko sem se igral. Počakal sem sestro, ki me je opoldne peljala domov. Ko sem prišel domov, sem se preoblekel in se šel igrati. Nekoč sem v šoli padel in se udaril na oko. Učiteljica me je peljala v šolsko kuhinjo in mi dala kos ledu na oko. Kmalu sem se privadil otrokom in učiteljici in sem rad hodil v otroški vrtec. Lepo Te pozdravlja Jože Strancar.

Dragi Jože!

Ko bi jaz začel svoj spomin, bi

moral zapisati: Ko sem prišel v šolo, mi je učiteljica pobrala igranje. To sem žalostno gledal. Šla je frača in kamenčki, šle so frnikule, šel je pipec. Vse je šlo. Posebno za fračo mi je bilo hudo. Tako lepa je bila. Vidiš, Tebi so igranje dali. O, v tako šolo bi tudi jaz rad hodil. Me tudi nobeden domov ni peljal. V Pavlinovi ograji sem imel skrito fiziološko. Tisto sem zajahal — br, br, br — tako kakor se avto začne — in sem jo udril kar povprek čez travnik. Bil sem mimgrede doma, prepoten in skuštrani. Mati so mi dali eno okrog ušes, ker sem bil moker, potlej pa kašo postavili predme. Tako, vidiš, je šla moja šola. Zdaj je vse moderno, vse drugače. Svet se pač spreminja in prosimo Boga, da bi se na boljše ne na slabše. Še naprej rad hodi v šolo in pridno se uči. Lepo Te pozdravljam.

Dragi Kotičkov stric!

Moja prva pot v šolo je bila pot v otroški vrtec, ki ga ima slovenska šola pri Sv. Vidu. Prvi dan mi je ostal prav dobro v spominu. Ata me je pripeljal do šolskih vrat ter odšel. Ostal sem sam na hodniku in gledal okrog sebe. Poznal nisem nobenega otroka, zato sem se bal in odšel ven. Zunaj ata nisem več dobil in sem začel jokati. Kmalu me je prišla iskat gospa Likozarjeva in me peljala v razred. Prišel je nazaj tudi ata in me potolažil. Drugič sem šel v šolo bolj korajžno in se nisem več bal. Lepo Te pozdravlja Janez Šemen.

Dragi Janez!

Vem, fantiček, ko otrok prvič neke ostane sam, ga je strah. Pa še dolgčas pride. Ljudje smo že take vrste. V mestu je tudi vse drugače kakor je bilo pred dolgi leti doma na vasi. V majhni vasi smo se vsi poznali — veliki in mularija. Tu pa človek še na svoji cesti vseh ne pozna. Seveda, tisto, da si jo kar iz šole pobral, ko je ata zginil, ni bilo posebno korajžno. No, zdaj si se navadil, po pisavi vidim, da si v šoli že visoko prilezel in da se ne bojiš več. Pa mi verjemi, da v življenju pridejo trenutki,

ko se tudi veliki boje, ko bi radi pogledali okrog sebe, kje sta ata in mama. Pa je tako — človek mora sam stati in imeti voljo, z življenjem se spoprijeti. Samo taki ljudje v življenju zmagujejo. Eno Ti rečem: v življenju se boj samo enega — slabega. Temu se ogibaj.

Bodi priden, Janez. Bodi korajžen in vedno glej, da porabiš čas za dobro in lepo. Hvala Ti za pisemce in lepo Te pozdravljam.

Tako, skončal sem, čeprav ne lahko. Staro bolezen imam neke v levdicah in kadar me prime, sem hudo na verdjan. Ne pozabite na Vse svete, dragi otroci. Molite za vse mrtve Slovence. Mi zanje, oni za nas. To je lepo občestvo. Ne pozabite v tem tednu na to.

Lepo vas vse pozdravlja
vaš Kotičkov stric

Dr. Ludwik Leskovar - volivni mož

CHICAGO, Ill. — Razni ameriški časopisi so že obširno poročali, da je demokratska stranka imenovala dr. Ludvika Leskovarja za volivnega moža v državi Illinois. To je prvi primer v zgodovini države Illinois, da je Slovenec in celo naturalizirani ameriški državljani dosegel to izredno čast in veliko odgovornost.

Verjetno je vsem znano, da volijo v Ameriki državnega predsednika in podpredsednika volivni možje in ne navadni volivci.

Dr. Leskovar se je izkazal kot sposobni kulturni in narodni voditelj. Ze 18 let vodi slovensko-ameriški radio klub, organizira uspele slovenske dneve, vodi okraj v osrčju Chicaga, se udeležuje kot podpredsednik Slov. kat. Jednote št. 1 pri Sv. Stefanu v Chicagu, kot podpredsednik Trgovske zbornice, kot član 4. reda Kolumbovih vitev, kot

predsednik slovenskega komiteja v okviru demokratske stranke.

Dr. Ludviku Leskovarju iskreno čestitamo k gornjemu imenovanju, ki pomeni za ves slovenski narod počastitev.

Izpolnite predvidevanje Roosevelta & Kennedy-ja. Izvolite Humphreya & Muskie-ja.

Veliki koraki naprej, ki jih je Amerika podvzela preteklih trideset let, se morajo nadaljevati. Edina kandidata, ki jih bosta nadaljevala, sta Hubert H. Humphrey in Edmund S. Muskie.

Ta dva moža sta pokazala, da verujeta v programe Roosevelta in Kennedy-ja, ker sta se za nje borila... in za nje glasovala... vse svoje odraslo življenje.

Hubert Humphrey je vodil borbo za razširjeno socialno zavarovanje. On je ustvaril Medicare in vodil borbo za njeno sprejetje. Sedaj se bori za več šol in

boljših šol, za varnejša in mirnejša mesta in častno pomiritev v Vietnamu, za dogovor preprečitve razvoja atomskega orožja drugim narodom.

Hubert Humphrey je borec... in rojen voditelj. Edmund Muskie, sin priseljenega krojača, je tudi rojen voditelj. To se lahko vidi iz njegovega načina volivne kampanje. To se lahko vidi iz besed, ki jih je izrekel, iz dela, ki ga je storil. Pod njunim vodstvom bo Amerika nadaljevala s tradicijo Roosevelta in Kennedy-ja.

Glas za ta dva moža je glas za vas same.

METOD JENKO in
VIKTOR HASSL

Ko je letela gondola nad Grčijo, Italijo in Spanijo, kjer je bila trinajsta postaja Madrid, je bilo na vsej poti veliko število ljudi, ki so z velikansko radovednostjo zasledovali polet. Na tej poti so bile vremenske razmere nekoliko ugodnejše in so lahko in nemoteno zasledovali gondolo. Prav tako so bili radovedni prebivalci na otokih Azorih. Gondola je srečno preletela trinajsto postajo in se bližala zadnji, štirinajsti, ameriški ladji "Franklin". Ta bo Newyorčanom naznanila vrnitev gondole. La-

dja je stala sredi Atlantskega oceana; bojevati se je morala z valovi, zakaj morje je bilo močno razburkano. Temni oblaki so se podili po nebu in bliskalo se je. Neusmiljeno je deževalo; mornarji so bili v nepremočljivih oblekah. Ob blisku je pošastno posevalo sivo jeklo velike bojne ladje, ki se je zdaj dvignila iznad valov, potem zopet pogreznila. Mornarji so se le s težavo vzdržali na palubi.

Poveljnik ladje "Franklin" je na mostu nervozno gledal na uro, ker se je bližal čas, ko bo gondola preletela bojno ladjo. Radiotelegrafisti so poročali v New York, da dvomijo, če bodo mogli opaziti gondolo, zakaj vreme je skrajno neugodno. Nenadoma se je zablislilo v daljavi in že so zagledali svetlobni trak. To so sporočili Alfredu, ki so se ga začele polasčati hude slutnje. Anny je bila že silno izčrpana, ko je zagledala pod seboj medle žaromete bojne ladje. Gondola bo v dobri uri v New Yorku!

Vreme proti ameriški obali se je vidno boljšalo in upanje na srečno vrnitev se je povečalo.

Triindvajseto poglavje.

Na Simonovem stanovanju so z največjo napetostjo in zanimanjem zasledovali potek poleta. Viktor in Simon sta nepremično sedela pri radijskem aparatu in čim bolj se je gondola bližala New Yorku, tem nestranejša sta postajala, zakaj bližal se je čas, ki bo odločil o njuni

usodi.

Ubogi Erwin je na pol otrpel ležal na divanu. Izmučen in bled je bil, telesno oslavljen in izčrpan. Ni vedel, kaj počenjajo z njim.

"Halo! Halo!" je zagrmelo nenadoma v zvočniku. "Brezžična gondola se približuje zadnji kontrolni postaji, ameriški bojni ladji Franklin!"

To poročilo je vrglo Simona iz naslonjača. Nekako zmedel se je in ni vedel, kaj bi počel. Nervozno je skočil k Viktorju in ga prijel za roko. Nekaj časa je premišljeval, nato pa mu dejal: "Viktor, čas je, da gremo na delo. Ne smemo več čakati. Uspešno bo — mora uspeti!"

Nato se je zamišljeno obrnil proč in odšel v spalnico. Vrnil se je preoblečen. Pozval je Viktorja, naj si obleče plašč in še Erwina pripravi za odhod.

Viktor je stopil odločno pred Erwina in mu začel govoriti: "Erwin, glej, da izvršiš, kar sem ti zapovedal!"

Stopil je čisto predenj in mu počasi in tiho šepetal: "Čas je, Erwin, da opereš sramoto. Maščuj se; če se danes ne boš, se ne boš nikdar več. Tu imaš revolver. Kakor hitro se bo pokazal pred laboratorijem, ga boš ustrelil. Ustrelil! Ko bo vse končano, boš stopil na oder in govoril zbrani množici..."

Simon je od strani opazoval in prisluškoval; nenadoma je poklical Viktorja k sebi in mu zabičal, da Erwin nikakor ne sme govoriti.

"Ne boj se, Simon," ga je potolažil Viktor, "čim bodo počili strelji, bom napravil svoje. Vplival bom na Erwina, potrudil se bom."

Erwina so pred odhodom še maskirali, da bi ga kdo ne spoznal. Se enkrat mu je Viktor hotel nepričakovano iztrgati ključ iz rok, toda zaman! Kakor da je vedel, kakšno vrednost predsta-

vlja ta ključ, je divje zarjul in ključ še tesneje stisnil v pest. Ponudeni revolver je s tresočo se roko sprejel in ga potisnil v žep.

Pred hišo je že čakal avtomobil. Simon je dejal: "Pojdiva!"

Minute so minevale kakor sekunde, poročila so se množila, iz gondole je javljala Anny vsako minuto, da se srečno približuje New Yorku. Ljudje pred startno zgradbo so postali zopet pazljivi in s strahom pričakovali, kdaj se bo na obzorju prikazala gondola. Sporočilo, da je gondola že zapustila zadnjo kontrolno postajo, je že prispelo in množice se je polastila velika nestrpnost. Oči so se vsem obračale proti vzhodu, da ne bi kdo zamudil sekunde, ko se bo na obzorju pojavila zračna ladja. Zanimanje za pristanek je naraslo. New York ta dan ni delal, vse je gledalo v nebo.

Le eden med radovednimi je s skrbjo pričakoval najhujšega. Ni ga zanimal pristanek gondole.

Stražnik Stower je z resnim obrazom stal med navdušeno množico. Budno je pazil, kaj se godi okrog stavbe, kje in od kod se bo kdo prikazal. Kar je slišal prejšnjo noč, ga je zadrževalo in ni hotel proč, čeprav bi moral v službo. Skrb za Alfreda mu ni dala miru; stalno se je sukal v bližini in okoli govorniškega odra.

Ura je bila že enajst pred polnočjo, ko je zagledal Stower tajinstveni avtomobil; prerinil se je bliže in videl v njem tri osebe. Pri krmilu je sedel Simon, ki ga je takoj spoznal, zadaj pa sta sedela dva neznana moška. Neslišno in neopaženo so prišli do samega vhoda v startno zgradbo. V bližini govorniškega odra se je Erwin prerinil v ospredje, druga dva pa sta se oddaljila.

Njihovo delo je bilo kaj lahko, saj se ljudje niso zanimali in tudi niso vedeli, kaj se pripravljajo. Viktor bi moral imeti Erwina stalno pred očmi. Bil je sicer prepričan, da je Erwin

popolnoma v njegovi oblasti, vendar je bil previden. Simon pa je izpreminjal barve, zdaj je bil mrtvaško bled, zdaj rdeč ko rak. Polagoma se mu je začela oglašati vest, ki jo je z vso silo dušil.

Za pristanek gondole so se mrzlično vršile zadnje priprave. Uslužbenci so tekali sem ter tja in vdano izvrševali povelja. Glasna povelja so se vedno pogostejše oglašala v spodnjih prostorih zgradbe.

Erwin, ki se je sprehajal okoli govorniškega odra, je sprva mirno gledal in opazoval, kaj se godi okoli njega. Zivahno in glasno vrvenje mu je pognalo kri, da se je ovestil. Začelo se mu je svetiti, kakor da se prebujajo iz dolgoletne odsotnosti. Daleč v globini spomina se mu je začela

buditi podoba njegovega laboratorija, njegovega izuma. Misel na izpit, poskuse, prijatelja, nesrečo je bila še čisto nerazložna, a vendar je že bodla na dan. Erwin je začel živeje stopati okoli odra, srepo se je oziral po prostoru in se končno zagledal v veliko startno poslopje. Simon ga je nervozno opazoval. Le za trenutek se je ozrl proč in že mu je izginil izpred oči. Brž je stopil k Viktorju in mu razburjen povedal, da Erwina ni več na pravem mestu. Ta je res raztreseno taval okoli startne zgradbe in se zanimal za vse nadrobnosti pri stavbi. Za njim pa je ves čas previdno hodil Stower, ki je spazil zvezo med Simonom in obema moškima, ki sta se pripeljala z njim.

Cut Costs And Calories

Indoors, outdoors, summer or winter, it's always time for coffee, the friendly drink that invites cordiality and conversation.

How specially welcome coffee is when flavored and lightened with Cremora, a low-calorie, instantly soluble powder that enhances the flavor and color of even the very best brew. And how it suits easy summertime living... ever-ready to use, it dissolves with just a stir in hot liquids—coffee, tea or cocoa. Sprinkle the desired amount (for most tastes about one level teaspoonful) atop the hot beverage and stir.

When days are hot, iced drinks zoom in popularity. But coolers are simple to do, too. Just blend the nondairy lightener with the hot tea or coffee before pouring it over the ice cubes. If Cremora's already liquefied, stir into the brew either before or after icing. (To make the liquid, the Borden Kitchen suggests mixing two parts hot water with one part powder, or ½ cup hot water to ¼ cup Cremora.)

★ Victorville, Calif. — Elmer A. Piercy, a political button collector, fears that the campaign button may be vanishing from the American scene. "Nobody's wearing them any more," he says. One button, however, has caught his fancy this year: "Nixon has what he needs — a gnu face."

★ Bayard, Iowa — Finding buried treasure has been such a burden, rather than a boon, for two men, they're disgusted enough to give up the lengthy court battle for money. Jimmie McAllister, father of four of the 12 youths who found old gold coins and currency worth more than \$11,500 three years ago, says he "can't afford it any longer." George Nissen, father of two of the boys is as upset. The treasure was uncovered by the youths, in a vacant lot in Bayard on June 1, 1965, but claims to the money also were made by the owners of the lot, Mr. and Mrs. John Rosenbeck and Mrs. Clyde Tallman, a descendant of the former owner. Recently, a settlement was approved in Guthrie County District Court under which the boys would get 40% of the money and the Rosenbecks and Mrs. Tallman each 30%. But the same day the American Red Cross filed a petition claiming the entire treasure, contending the money was part of the estate willed to them by the former owner, Fred Breardsgley. The Red Cross promised to give the boys half the treasure as a reward. Nissen retorted, "half of what? After the court costs and legal fees are taken out, what will be left?"

★ Scottsville, Ky. — When Madeline Bradley left her teeth under her pillow, it brought no good fairy. Instead, police reported, her dentures were stolen while she was a patient at Vanderbilt Hospital.

★ Fort Morgan, Colo. — More

than three years ago, Esther Zimbelman insisted that she had mailed two checks during the required time period to pay her bill to the Morgan County Electric Association. However, the company insisted she had not and she had to pay a penalty of \$5.32. The other day an envelope postmarked June 14, 1965, arrived in the daily mail of the REA office here. Inside were the two checks. Mrs. Zimbelman's "penalty" is being refunded.

★ Rio De Janeiro — A raid on a print shop in the nearby community of Deque de Caxis gave a little insight on the difference between practicing medicine and teaching school. Phony doctors' diplomas sold at \$270 while teachers' degrees went for about half as much.

★ New York, N.Y. — A New Orleans stamp dealer paid a record \$380,000 recently for an envelope bearing two 121-year-old stamps made valuable by an engraver's error. The stamps had a face value of two British pennies. The stamps purchased by Raymond Weill of New Orleans were part of a batch of 500 turned out by an engraver in Port Royal, Mauritius, a former British colony. Each of the stamps is mistakenly inscribed "post office" instead of the correct "post paid." The stamps were part of a collection of the late Alfred F. Lichenstein, chairman of the board of the Ciba Co.

★ Sulphur, Okla. — The farm owned by Arkansas Gov. Winthrop Rockefeller sold a bull, Winrock Master 21 for \$102,000, a record for a Hereford.

★ Toronto, Can. — Mary Sotnick, 81, whose premature death certificate last year sparked criticism of coroner's methods, died recently in Toronto. On October 21, 1967, Mrs. Sotnick was pronounced dead by coroner Elie Cass. Her son, however, detected a heartbeat. She was hospitalized and later returned to her home. Following that incident, Toronto coroners were ordered not to sign death certificates without an attending physician to verify death.

★ Elizabeth, N.J. — Mayor Thomas G. Dunn has called on store owners to return to distributors a children's novelty item that city officials say resembles a hypodermic needle. Dunn, of the Union County Narcotics Commission and some parents have joined to have the item removed from the stores. The novelty appeared in stores during the past week and consists of a plastic container filled with tiny chocolate balls that can be sucked through a straw. Customers can also buy, with the containers, label buttons that read: "Hippy Sippy. I'll try anything," and "We sell happiness."

Goodwill Has Need For Repairable Furniture

Goodwill Industries, the workshop for the handicapped is in dire need of usable furniture discards to keep the work stations operating during this slow season.

The supply of raw materials in the furniture repair department is rapidly diminishing. Goodwill urgently needs these items — chairs, tables, sofas, bedroom sets, office furniture — to keep several handicapped clients at work.

The furniture repair department is one of twenty-five work stations which train the agency's handicapped to become self-supporting citizens of the community.

Northeastern Ohio residents are urged to call the vocational rehabilitation agency at 431-8300.

Pro Golf Disagreements Continue

Two results of the war between golf's playing pros and The Establishment are now clear: (1) There will be two tours in 1969; (2) attorneys for both factions will get richer.

Federal court action — the latest phase in the now-bitter family feud between the Professional Golfers Association and the newly-formed American Professional Golfers — gave the green light to the new splinter group to operate in 1969.

Although the PGA will appeal the court's action, the APG is pressing forward with its tournament schedule. Weeks ago, PGA President Max Elbin said: "There always will be a PGA tour."

Both sides expect law suits to go on for months — against individual golfers and some sponsors. The PGA has announced it will go to court to stop its new rival on these fronts.

Meanwhile, several important facets of the dispute still are not clear. They will have to be solved shortly because pro golf traditionally starts following the sun in early January in California.

Poor Nats — Last Again
The Senators had a hard time losing their last-place tag — even in the expansion draft. Ten players were chosen in each of the 6 rounds and a Washington player was chosen last in every round but one — when that player was picked ninth. That caused one of the amateur wits to observe: "The Senators ought to pass. I'll bet either Kansas City or Seattle would be glad to pay for the privilege of NOT taking a Washington player."

But the Senators had the last laugh. They lost six pitchers, none of whom figured in Washington's "pennant" plans next year. And the tipoff is that the six pitchers (five of them raw youngsters in the farm system) cost a total of \$40,000. Considering the Senators got \$1,050,000 for the lot, that was a pretty good investment.

Seattle Pilots Take Air-Sea Theme As Official Emblem
The Seattle Pilots have adopted an official emblem for their entrance into the American League next season.

President Dewey Soriano said the club would be symbolized by a pair of pilots wings flanking a ship's wheel with a baseball hub bearing the name of "Pilots."

The emblem will be tri-color in design with gold wings, red wheel, blue letters and outline.

Soriano said the emblem would be used on the Pilots' uniforms, stationery, cards, envelopes and virtually all material representing the Seattle organization.

The emblem was designed by Seattle artist Stuart Moldrem. Regarding the choice, Soriano said, "Moldrem captured the essence of the ball club's theme — our heritage on the sea and in the air."

Summer Jobs In Federal Agencies

Congressman Michael A. Feighan (D-Cleveland) announced that Federal Agencies will once again offer summer jobs. These jobs vary from office jobs to Park Rangers and are located throughout the United States.

Persons interested in Federal positions for the summer that require a Summer Employment Examination must complete and file their application forms before January 30, '69.

In order to have the application forms as accessible as possible, Congressman Feighan announced that they may be obtained from college placement offices, post offices, Interagency Boards of Examiners and the U.S. Civil Service Commission. Ask for application card Form 5000-AB.

The application should be mailed to: Summer Employment Examination U.S. Civil Service Commission 1900 E. Street, N.W. Washington, D.C. 20415

For jobs in specialized fields, no test is required and applications must be sent directly to the agency offering the position.

To obtain a list of agencies offering positions and a description of these positions, contact Congressman Feighan's Cleveland Office, 2959 Federal Office Building, 1240 East 9th Street, Cleveland, O. 44199. Phone: 522-4242.

Congressman Feighan stated, "I hope many Cleveland residents will take advantage of this opportunity. The Federal government jobs are very fine experience."

Glasbena Concert Set For Sunday Afternoon

Cleveland, O. — Dances from A. Borodin's "Prince Igor" will add lightness to Glasbena Matica's concert, Sunday, Nov. 3.

The women's chorus will sing the sweet, flowery praises of the Asian lands and the Han dynasty.

"Our native song flies on wings of the weather Into its birthplace where we sang to you freely Where it was so nice with you There under a warm sky There into a scented air Where the sea rocks and a mountain slumbers in the haze.

There the radiant sun shines and engulfs the mountain. The entire valley is in a splendor of exuberant flowers

and the nightingales sing in the green groves and the sweet vineyards are ripening.

There the song quietly improves There it flies into our homeland."

Into the concert program directoress Valentina Fillinger incorporates the elegance of "Martha", the love and madness of "Lucia de Lammermoor" and the fanfare of "Carmen's" bullfight pageantry.

Directoress-pianist Fillinger motivates these opera extracts with two violins, two trumpets, a cello, string bass, clarinet, flute, trombone and percussion.

Glasbena Matica will give you its best. Concert time is 3:30 in the afternoon at the Slovenian National Home auditorium, 6417 St. Clair Ave. Reserved seats are \$2.50 and \$3.00.

Josephine Mistic, sec'y.

Coffee-Lover Has Grounds for Enjoyment

Sydney, Australia. — For weeks the staff of a Sydney supermarket kept finding packages of coffee in odd spots—behind the soap powders, among the jams and the tins of soup.

They were greatly puzzled, but a close watch revealed the culprit.

A woman customer had an urge to grind coffee in the self-service machine because she loved the aroma. She didn't buy the coffee, because she didn't drink it.

GET OUT THE VOTE

In the last election, one third of the nation's eligible citizens failed to vote and thereby carry out the first obligation that every U.S. citizen owes to himself and his country. Between now and election day, every voter should take the time to familiarize himself with candidates and the point of view they represent.

In this year's general election, the American people will select a President and thousands of other office holders including U.S. Senators and Representatives, governors and state legislators. These officials will make and administer the laws of the land under which we all must live. They will decide on the role of government in our lives, the amount of taxes we must pay, the wars we must fight and how many of our young men must serve in which branches of the armed forces and for how long. Every voter owes it to himself to take part in selecting the best men and women to carry out these vital functions.

If you expect to be away from home on election day, Nov. 5, arrange to cast an absentee ballot. It is estimated absentee voting accounts for from one percent to six percent of the total vote. This can mean victory or defeat for the candidates of your choice. This November, know the issues and the people — then VOTE.

School Children To Benefit From Issues 9, 10, 11

The three most important issues Cleveland voters will decide this fall will be issues 9, 10 and 11 at the bottom of the November 5th ballot. These three issues are for the Cleveland Public Schools. They are crucial because their passage will mean a continued growth and expansion of present programs in the Cleveland schools as well as the addition of new programs increasingly needed to take another step to provide quality education for every child in the city of Cleveland.

Issue 9 is a \$50 million bond issue which will make it possible for the school board to continue the program of replacing old buildings, providing new buildings where they are needed and updating facilities which can be brought to meet the needs of space-age education.

Issue 10 is a 16.1 renewal levy. This currently finances half of the costs of education in the city of Cleveland. It is merely a continuation of the existing funding being provided for the schools.

Issue 11 is an increase in the operating millage of 5.8 mills. It is this issue which will make it possible to hire an additional 900 staff members in all areas of instruction and special assignments. This issue will also make it possible to provide more textbooks, materials and supplies for Cleveland children in such specialized areas as science, reading and mathematics.

The growth in advanced placement courses in the Cleveland schools, a tremendous increase in vocational education courses, expansion of in-service training classes for Cleveland teachers, the growth of summer school programs from 7,000 in 1964 to over 69,000 in 1968 as well as a host of other programs that have been inaugurated in the last four years have shown how much progress can be made.

The schools are presently asking for an increased level of financing to increase the amount of money spent on the education of every Cleveland child. The Cleveland School System still spends less money per student than almost every other school district in Cuyahoga County. The staff ratio for the number of students in Cleveland is substantially below the national recommended average of 50 professionals for every thousand students. The number of professionals for every thousand students in Cleveland is now 40.9. The fact that there are still 35 buildings over 75 years old in the city of Cleveland and 96 buildings over 50 years old is clear indication that the school board must continue replacing outdated facilities.

In addition to supplying materials, supplies and additional teachers that are going to be necessary if every child in Cleveland is truly to have a quality education, the introduction of such programs as data processing at the new South High School and expanded technical industrial training are just two specific examples of the kinds of programs the board hopes to continue to expand. Likewise, the new Union Elementary School is a forerunner of the kinds of buildings that must be continually built to replace those that are outdated.

Reporting from Washington

REVITALIZE THE MERCHANT MARINE. Our merchant marine has been allowed to deteriorate. There are grave doubts that it is capable of an adequate response to emergency security needs. The United States has drifted from first place to sixth place in the world in the size of its merchant fleet. By contrast, the U.S.S.R. fleet has been rapidly expanding and will attain a dominant position by 1970. Deliveries of new ships are now eight to one in the Soviet Union's favor.

For reasons of security, as well as of economy, the decline of our merchant marine must be reversed. A vigorous and realistic ship replacement program to meet the changing pattern of our foreign commerce must be implemented. Industry-government maritime research and development, emphasizing nuclear propulsion must be expanded. Construction and operating subsidy procedures must be simplified and revised. Action on this matter should be one of the first orders of business of the 91st Congress which convenes in January.

BE SURE TO VOTE! On November 5th voters will choose the next President, as well as the entire membership of the U.S. House of Representatives for the 91st Congress, 34 United States Senators, 21 State Governors, hundreds of State legislators, and other local and State officials. Going to the polls becomes a duty to all Americans when we realize that it is a privilege to live in the atmosphere of freedom under law which adherence to the principles of our Constitution makes possible — a privilege that few people anywhere enjoy in such abundance. Once again I call attention to the following prize winning essay by Ralph Bushnell Potts, first published in Volume 35, American Judicature Society:

The Responsibility of the Citizen as a Voter

The blood of free men stains my ballot sheet. Whatever others may do I shall not carelessly make my mark. I vote not because I can, but because I must. Those who died for this, my vote in Government, had a right to expect that I would prepare with every faculty to use it wisely, honestly, and courageously. They did not die that fools, blind partisans, or the reckless might make a game of free elections. Only my secret heart knows when

ther I justify the definition of "voter" as they wrote it in the red-dened sand. If I love my country as they did, I question my qualifications again and again.

I carefully study the issues and candidates to determine what is best, not for me or my minority but for my country.

I will not be confused or deceived by propaganda, slogans, or histrionics. I shield my eyes to the glitter of personalities, purge my mind of passion and prejudice, and search diligently for hidden truth. I must be free of all influences save that of conscience and justice.

I garden for dreams, but with a realistic spade. My test is not of trend or popularity, but of principle and liberty.

I vote as if my ballot alone decided the contest. I may lose my preference, but I will not throw away my sacred vote. For within the booth I hold in my humble hand the living proxy of all my country's honored dead.

Be sure that you vote on Nov. 5. Your government is your responsibility!

The Electoral College And The Presidency

Many voters do not realize that they do not directly elect the President of the United States. In actual fact, after the popular vote is cast in a Presidential election, a group of persons in each state known as electors, meet in each state capital and cast their votes for President and Vice-President. The groups in all the states, although they never meet in a single body, are known as the "Electoral College." This is not, obviously, a college in the academic sense.

The electors are persons elected by the people of each state in a Presidential election to vote for President and Vice-President as the people of each state decide. When the Constitution was written, the electors were supposed to exercise their independent judgement in deciding on whom to vote for as President. In those days, 180 years ago, distances were great, travel difficult and communications poor. It was felt that the average citizen would probably not know about able men in other states. The system of electors was devised to insure that the choice of a President should be the best possible, without regard to political faction.

But it did not work out that way. The result is that the system of electors, the so-called electoral college, is today no more than a formality. The position of elector has become a purely honorary position. With rare exceptions, the electors in

a state always vote for the candidate receiving the largest popular vote in that state. They are bound by custom, and in some states by law, to cast their electoral votes for the candidate nominated at their party's national convention.

Each state has as many Presidential electors as it has Senators and Representatives in Congress. At present there are 538 electors — one for each of our 100 Senators and 435 Representatives and an additional 3 for the District of Columbia. The District of Columbia is not a state and thus not represented in Congress. By an amendment to the Constitution, the 23rd, adopted in 1961, residents of the District of Columbia were given the right to vote for President and Vice-President.

In mid-December the electors chosen by the people of each state go to their state capital and cast their ballots. These ballots are forwarded to Washington, where early in January they are counted by the House and Senate. Only then is the next President legally elected.

To be elected President, a candidate must receive a majority of the electoral vote. If no presidential candidate receives a majority of the electoral vote — now 270 — as has twice happened, the President is elected by the House of Representatives from among the three candidates having the highest electoral vote. Each state delegation casts

one vote and 26 votes are needed for election.

Only two Presidents — Thomas Jefferson in 1800 and John Quincy Adams in 1824 — have been chosen by the House. The lack of a majority in the electoral college is unlikely where there are only two seriously contending parties. However, in 1968, with a third party candidate, Wallace, running against Humphrey and Nixon, the Democratic and Republican candidates, there is such a possibility.

Almost everyone agrees that the present method of electing the President is defective. A state, for example like Illinois or Ohio with 26 electoral votes, may cast 2,000,000 votes for one candidate and 1,999,000 votes for his opponent, and yet the first will get all the state's 26 electoral votes. More than 100 attempts to propose a constitutional amendment to change the system have failed. One suggested reform would abolish the whole electoral college and elect the President by direct popular vote. Another would abolish the electors but keep the present distribution of electoral votes by states, giving each candidate the same proportion of a state's electoral vote that he had won of its popular votes. Until the Constitution is amended, however, the electoral college system of electing the President of the United States will be in effect.

HEART ASSOCIATION OFFERS HEART-TO-HEART ADVICE TO HUNTERS

Now that the hunting season is getting into full swing, it's time for all hunters to take some heart-to-heart advice from the Heart Association of Northeastern Ohio.

The slogan best exemplifying the Heart Association's philosophy regarding the hunter is: "Take as good care of your heart as you do your gun."

The gun can sit on a shelf for a year and still come off it in bang-up condition. A few minutes of lubrication may be all the gun needs. Not so for the hunter who is out of shape. Sudden or unusual exercise may prove dangerous.

Even if he isn't completely rusty, the man planning a hunting trip may need more than a quick application of "body oil" to his joints. The best judge of his condition and what he needs is his doctor, according to the Heart Association. Therefore, the first step on a pre-trip agenda should be a visit to the doctor.

DOCTOR NEEDS TO KNOW MANY FACTORS

In order for the doctor to be able to judge the physical condition of the hunter, he must take into account the area where the hunt is planned, its altitude, the duration of the planned trip, and how much hiking and climbing is involved. Knowing these factors, the doctor can give advice as to how to cut down the risk of heart attack.

Altitude may be a particularly important aspect for the doctor to consider when judging the physical capabilities of a hunter because oxygen decreases the farther one gets from sea level. In speaking of

heart attack death during the hunting season, J. E. Hogue, Chief Game Warden of the Colorado Fish and Game department, has said, "It's not the mountain men that we worry about. It's the people from the flat lands who suddenly find themselves a mile or more high to do their hunting."

If the area where the hunt is scheduled is higher than that to which a hunter is accustomed, he should go to the area several days early so that he can adjust to the change in oxygen before the strains and tensions of the hunting itself are added.

NEVER HUNT ALONE

Another sage piece of advice is to never hunt alone. This is an especial must for the hunter with a known heart condition. It is of utmost importance that at least one member of the hunting expedition be informed as to this condition and that he knows what medicine has been prescribed, where it is located, and how it should be administered.

Another must for the hunter is to get plenty of rest before setting out for the kill. It's the unwise hunter who sits up until the wee hours of the morning swapping tales around the campfire. In addition to getting a good night's sleep, it is also wise to call time out on the trail as often and for as long as necessary. Taking a load off the feet may well be taking an overload off the heart.

After that lucky shot heard "round the camp," the strenuous chore of bringing in the downed animal to the camp should be shared with one or two of the other hunting companions.

DRESS SENSIBLY

Another piece of advice offered by the Heart Association is to dress sensibly. Instead of wearing heavy, bulky clothes, it is better to wear lightweight warm clothing, thereby lightening the load on the heart. In addition to watching what to wear, the hunter should also watch what he eats and drinks. "Moderation" is the keyword to follow in watching the diet.

When mapping out the area to be scouted for game, it is also wise to note the location of the nearest phone to the camp, and the nearest doctor, ranger station, or fish and game representative.

A hunter who follows his doctor's orders and observes these common sense pointers from the Heart Association has an extra argument on his side when the nip is in the air and his wife gets that hurt look of "temporary widowhood" in her eye. He can give her some assurance that it won't be permanent.

WHAT TO DO WHEN HEART ATTACK STRIKES

Even though every precaution has been taken to avoid the risk of heart attack while on a hunting expedition, emergencies still can and do happen. How others react in such a situation may very well save the life of their comrade in arms, ac-

cording to the Heart Association of Northeastern Ohio.

The following is a list of "do's and don'ts" for handling the heart attack victim:

1. Contact a doctor immediately, even if this means leaving the victim alone.
2. Keep the stricken person ABSOLUTELY still.
3. If it is necessary to move the victim to a place of aid, improvise a stretcher by using two poles and a blanket, according to first aid methods.
4. Never allow a heart attack victim to walk or ride a horse.
5. Make sure that the victim is warm, but not so bundled that he'll sweat.
6. Make the victim as comfortable as possible. Usually this is in a position between lying down and sitting down as breathing is easier in this position.
7. Loosen any restrictive clothing, such as collars and belts.
8. Administer no liquid or stimulant since an unconscious victim very easily could choke on liquids. If, however, he is able to swallow and he does have medication prescribed by his doctor, give him the prescribed dosage.

Collinwood Slovenian Home Notes

On Sunday, Nov. 3rd, two of the outstanding choral groups in Cleveland, are holding their Annual Fall Concerts. Glasbena Matica is presenting a well balanced program at the St. Clair Slovenian Home, 6407 St. Clair. Headlining the cast will be June Price, Charles Terek and the incomparable Ed Kenik.

At the same time, in the Waterloo Slovenian Home, the Slovenian Junior Chorus will be in the concert. These talented youngsters will present a variety of Slovenian selections and specialty numbers. Dancing will follow both of these affairs and tickets are available at the door. We strongly urge everyone to attend one of those events, as both organizations are deserving of your attendance.

The Collinwood Slovenian Home, 15810 Holmes Ave., is sponsoring its annual Thanksgiving Eve Dance Wednesday, Nov. 27. This gala event will feature music by the Pecon-Trebar Orchestra. Reserve this date for an evening of fun and dancing. Gifts will be given away.

On Thanksgiving Day, Thursday, Nov. 28 Tony Petkovsek is presenting his 7th Annual "Dance and Show" at the St. Clair Slovenian Home. Festivities will get underway at 7 p.m., featuring six bands.

Last Thursday's jam session, was a tremendous success, on behalf of George Voinovich, I would like to express our sincere appreciation to all who attended and in particular the musicians. Joining the festivities were Frank Yankovic, Rich Vadnal, Dick Sodja, Bob Timko, Dick Spilar, Howie Griff, "Porky" Ponikvar, Frank Cerecek, Bill Srik, Frank Skufca, Dick Flaishman,

Mike Marich, Jerry Milavec, Ron Slogar, and Cecilia Valencic. Our thanks also to Tony Petkovsek of WXEN for his help.

This past weekend was a busy one, especially Sunday. We started out visiting the Zarja Concert at the Euclid Slovenian Home which was filled to capacity, by a very appreciative audience.

From there we moved over to Our Lady of Perpetual Help Church where Johnny Pecon was performing, and had a very pleasant time chatting with the crowd. We bumped into a couple of old friends Harvey and Harriet Peters, and John and Dorothy Tatarco along with the program chairman Al Novinc and his wife, Fran.

Then we hopped over to the St. Clair Slovenian Home where the Clamsters Club were holding a Testimonial for Kenny Bass. It was like old Home Week, as all Kenny's old friends, as well as former orchestra members showed up. He received plaques from the Polkats and Polka Boosters Clubs. State Representative George Voinovich and Councilman Ed Turk presented resolutions, along with the accolades of many other clubs and organizations. For Kenny, it was truly an evening to remember.

We still have a few openings for our "Football Weekend" Nov. 16th and 17th. The gang will journey to Pittsburgh Sat., Nov. 16 and we'll stay at the Holiday Inn. Saturday night we'll have dinner at the Slovenian Home and afterwards attend a party in our honor. On Sunday, we'll go to the Browns-Steelers game and return home Sunday evening at 10 p.m. For particulars, contact Al Marr at MU 1-6650 or Hank Bokal at IV 1-4157. If you like football, I'm sure you'll enjoy this trip.

Our clubroom is featuring cube steaks, along with the usual Friday

fare. As a special added feature, Dave Evans will play the tapes he made at the lodge "Mir" dinner dance, of Eddy Kenik, Cecilia Valencic, and Ed Buehner. Tapes of last Thursday Voinovich jam session will also be heard.

Tuesday, Nov. 5 is Election Day. Use your most effective means to voice your opinion in Government. Vote.

ARCHBISHOP PRAISES SLOVENIAN COMMUNITY
PRAISES SAINTLY WORKS OF BISHOP BARAGA

SAINTLY BISHOP BARAGA CAUSE LAUDED HALF WAY AROUND THE WORLD

(Reported by Archdiocesan weekly The Advocate in Melbourne, Australia.)

An appeal to the younger generation of Catholic Slovenian migrants not to forget the beautiful traditions of their own country was made by Archbishop Knox last Sunday.

"Those traditions spring from a deep Christian faith," said His Grace. "They are treasures; they are heirlooms which you must preserve. They are something to be treasured and to be shared."

Archbishop Knox was addressing a large gathering of Slovenian migrants after he had blessed a nearly completed church dedicated to St. Cyril

and his brother, St. Methodius, in a Beckett Street, Kew, on a block of land adjoining Baraga House.

His Grace laid the foundation-stone of the new church and blessed a bronze bust of Bishop Frederic Baraga in the grounds of Baraga House.

Archbishop Knox was welcomed by Father Valentin, O.F.M. He was attended by Monsignor J. Murray and was met by a colorful group of young people and boys and girls in national Slovenian dress.

Archbishop Knox said "It has given me great joy to join with you in an act of regard for Bishop Baraga on the occasion of the centenary of his death. You have done well to remember him in this way for he was one of your own countrymen who brought glory to you and who gave such signal service to the Church and to society. He was distinguished by his zeal, his charity, his courage and his constancy. Even in his early years he was distinguished for his zeal and his charity. When he left Slovenia to proceed to America the people wept because he had won their affections by his zeal, his charity and his concern for all.

"These characteristics were to mark his activities in America, where he showed the same zeal and charity and his particular concern for the underprivileged and the oppressed. These were the things that distinguished him. He constantly persevered until he was over 70 years of age with his work of love.

"I am very happy to join you in this act of homage to him and to share with you the hope that Bishop Baraga may in due course be elevated to sainthood.

"I am happy to have the privilege of blessing the foundation-stone of this church, which is the first in the Archdiocese dedicated to the great apostles, Saints Cyril and Methodius, who were so full of zeal for God's Kingdom. We know of the wonderful pioneering work they undertook to promote the faith of the people through the liturgy and love of the sacred Scriptures. They brought it within reach of the people by putting the liturgy and the Scriptures in their own language. It is comforting to know that when they were accused of proceeding beyond the established norms they were defended by the Pontiff himself.

Pope Adrian defended them and honored them by making them Bishops. The tomb of St. Cyril is still venerated in Rome in the Church of St. Clement and it is a place of pilgrimage.

"Here you have brought their memory closer by erecting this

church in their honor. It is to your honor also that you have co-operated in the erection of the church by your voluntary labor, and only in this way has it been possible to achieve so much. I am happy to have had the privilege of laying the foundation-stone of this church and I am sure that the work you have begun so well will be completed in a short time.

"I want to say that you are so welcome as part of the People of God in this Archdiocese. I would like to urge the young generation growing up not to forget the beautiful traditions that come from your own country.

"Those traditions spring from a deep Christian faith. They are treasures, they are heirlooms which you must preserve. I am happy to know that in this church you will have the means of preserving these values. They are something to be treasured and to be shared.

"You bring to this country the richness of your own culture, and I am sure that the young people growing up here will continue to love and serve Jesus Christ in your new home."

Before Archbishop Knox blessed the new church and laid the foundation-stone a bronze bust of Bishop Baraga on a stone pedestal in the grounds of Baraga House was unveiled by the United States Consul, Mr. Edward Murphy. A bronze plaque on the pedestal bears the inscription:

"Apostle of the Chippewas, Frederick Baraga, 1797-1868. Born in Slovenia, he came to America in 1830. He laboured for 37 years among the Ottawa and Chippewa Indians in the Upper Great Lakes region. He died a saintly death as first Bishop of Marquette Michigan, U.S.A."

Mr. Murphy said he was delighted to be with the Slovenian community to unveil the bust of Bishop Baraga to mark the centenary of his death. He had been asked by Senator Lausche to perform the ceremony and it was fitting and appropriate that the senator's name should be linked with that of Bishop Baraga as both their families came from Slovenia.

"Bishop Baraga knew what it was to be a migrant in a new country, having arrived in the United States in 1830," said Mr. Murphy. "He brought to his new country many talents and great zeal and became the champion of the oppressed. He put all those talents into work for his newly chosen country. We must acknowledge the great contribution he made to the Church in America.

"It is appropriate that we should be gathered today at

Baraga House, where his work is a continued inspiration, where migrants to Australia are assisted through that difficult period of adjustment so that they may in their new home put their talents to work for their own good and for the good of their new country."

Two Indians, catcher Duke Sims and infielder Vern Fuller, will again make their winter homes in the Greater Cleveland area. Sims will again manage an auto stereo tape branch and co-host a weekend sports show on WUAB-TV. Fuller has become assistant manager in the catering department at the Hollenden House Hotel.

Ex-Tribesman Chico Salmon, who was drafted by Seattle in the recent expansion meeting, expects to throw away his crutches this week and remain in Cleveland until the Pilots begin spring training.

Seven members of the Tribe 40-man roster are playing winter ball — outfielder Jose Cardenal and pitcher Ron Gardner in Puerto Rico, pitchers Horacio Pina and Vicente Romo in Mexico, infielder-outfielder Russ Nagelson, outfielder Richie Scheinblum and pitcher Mike Paul in Venezuela — the latter recently lost his bachelorhood.

Most potent pinch hitters for the Tribe in 1968 were Lou Johnson with six hits in 11 times at bat (.545), Lee Maye nine hits in 29 at bats (.310), and Joe Azcue five hits in 17 trips to the plate (.295).

The 1968 Tribe showed an impressive home record in one-run games, winning 17 while losing only four.

Stanley Coveleskie's 1.82 earned run average was a club record since 1917. Not only was it broken this year by Luis Tiant, who turned in a 1.60 ERA, but by Sam McDowell's 1.81 mark as well.

Official dedication ceremonies were held last week for Stouffer Play-ground, which became a realization through Tribe Board Chairman's

Exact Fare Plan New For CTS Riders

TO HALT HOLDUPS AND ASSAULTS OF TRANSIT WORKERS, CTS OPERATORS AND CASHIERS WILL CARRY NO MONEY

Starting Sunday, November 3, 1968, NO TICKETS or MONEY will be carried by CTS operators or Rapid Transit cashiers.

An "exact fare" plan, needed to put an end to the growing number of armed robberies of transit workers, will go into effect on all lines.

Provide yourself in advance with the EXACT CASH FARE or TICKETS whenever you ride, just as you have the right change to use a pay telephone or many vending machines. And, please don't forget to have nickels for transfers and extra fare zones if you use them.

1. You will put your fare in the fare box, as usual. This money drops into a locked vault which the operator or cashier cannot open.

2. If you cannot obtain change for the exact fare before you board, the bus driver or Rapid Transit cashier will take your bill or coin and give you a "refund slip." This will be punched to show how much change will be refunded to you. Operators will not accept any amount of money higher than a \$1 bill.

3. You can get the change due you by taking the refund slip to any one of five CTS locations. The addresses of the five locations and the times they will be open will be printed on the back of the slip you receive. Refund slips will not be accepted for fare.

4. CTS tickets will be sold at designated locations throughout Greater Cleveland as listed in this folder. The new ticket rates will be 5 for \$1.50 for local tickets and 5 for \$1.75 for express tickets. Student-Senior are 5 for 75c.

Protection of CTS workers and their passengers is the purpose of this exact-fare plan. The police have been extremely helpful, but everyone knows they cannot be everywhere at all times. CTS employees are being held up, even during daylight hours, and some have suffered painful injuries.

Exact-fare plans are working successfully and have ended holdups in Baltimore, Buffalo, Milwaukee, Oakland, Philadelphia, Pittsburgh, San Francisco, Syracuse, Washington and other cities. Besides promoting safety, it should provide an added bonus of faster service for all riders, too.

To date, CTS local and express tickets will be sold at the following locations. Other outlets will be announced as plans are finalized.

CTS Main Office
1404 East 9th St.
CTS Operating Garages
Hayden Station, 1661 Hayden Ave
Woodhill Station, 2440 Woodhill.
Brooklyn Station, 13405 Triskett

For your convenience, CTS tickets can be ordered through the mail by sending an order to CTS along with a check or money order and a self-addressed stamped envelope to: Cleveland Transit System, 1404 E. 9th St., Cleveland, Ohio 44114.

HOW TO KEEP YOUR DOG IN CONDITION

When you mark your calendar to remind you of the dates you and your children are due for physical check-ups and inoculations, it's a good idea to make sure you aren't forgetting another member of the family. Many people, conscientious about their own health, may tend to forget that the family dog should have the same careful looking over. The answers to some common questions about canine health care, offered by the people at Gaines Dog Research Center, may enable you to make the best use of your veterinarian's services to keep your pet in tip-top shape:

1. Why should I take my dog to the veterinarian if he seems perfectly healthy? Because — as in the case of people — check-ups are a preventive measure and good health insurance for your pet. The veterinarian is able to determine if your dog has intestinal parasites (worms) for example and detect early symptoms of many conditions which, if neglected, can become serious and require much more time and money to treat — to say nothing of adding to the dog's suffering.

2. How often should a dog be taken for his "physical"? The dog that is in normal good health should be checked over at least once a year, although every six months is even better. While he's a puppy, it's a good idea to have an early visit and then at two or three months. If the dog is being treated for a specific condition, he should be taken in as often as your veterinarian advises.

3. Is a canine check-up expensive? Veterinarian's fees for a basic check-up vary from \$3 to \$6 across the country. Of course, any laboratory work, shots or treatment that your dog needs are extra.

4. What does a check-up usually involve? As a rule, the veterinarian will determine your pet's general condition through examination of his eyes, ears, teeth, anal glands and so forth; by palpation of the abdomen, and by taking the dog's temperature and pulse.

5. Will the veterinarian give my dog any shots? Not unless a need for them is indicated by a particular condition that the veterinarian finds, or if the dog is due for a "booster" shot against distemper or canine hepatitis. He should get these once a year, and also an anti-rabies shot yearly, or as specified by local health regulations. A puppy may get shots against distemper and canine hepatitis, according to the length of time and type of previous vaccination.

6. Should a dog be taken to the veterinarian if he's "off his feed"? Yes. This may be a sign that he's not feeling up to par. In addition, a veterinarian can tell you if your pet is getting a good diet and suggest one if he's not. Like all living things, dogs have certain nutritional requirements and must be properly fed to keep healthy. Dog foods like the Gaines soft-moist foods, which contain all the nutrients a dog is known to need — in the correct, balanced amounts — take the guesswork out of feeding. An adult dog can live on a variety of diets, but

many of these won't keep him in the best of health, and some may even shorten his life by several years. A growing puppy is even less able to stand a poor diet. Another pointer: different breeds DO NOT need different foods, just different amounts, according to age and size.

7. What symptoms call for an immediate visit to the veterinarian? If your usually playful pup suddenly acts sluggish, you can suspect that something is wrong. Runny eyes, nasal discharge, continuous panting, accompanied by difficulty breathing, more bowel movements than usual or stools that are bloody, watery or blood-streaked can all be symptoms of serious disorders. Don't wait until the conditions disappear on its own — because, probably won't — and don't rely on experimenting with remedies suggested by well-meaning neighbors or friends. Get the advice of an expert — your veterinarian. Quick action at the first sign of illness in your dog is usually the shortest way to its cure.

8. How can I help my veterinarian help my dog? To make the best use of your veterinarian's services, don't give vague answers when he inquires about your pet's condition. You should be able to tell him about the dog's actions in detail, his food and water intake and his lost weight. Heed what he recommends for your dog's diet, general care and treatment. Change are you'll turn your veterinarian into man's best friend's best friend.

Cleveland, O., 1. nov. 1968.

OLD WORLD SETTING—A Portuguese tile design reproduced on cotton gives a European flavor to this dining area. The fabric is used for curtains, a counter dado, and covers a panel to simulate a portion of tile wall. A touch of brilliant green in the predominantly blue and orange tile design is repeated in chair cushions. Fabric by Schumacher.
