RAZMOTRIVANJE V PRILOG PRIHODNJE KONVENCIJE

PREDPRIPRAVE ZA KONVENCIJO

Waukegan, Ill.—Čas hitro beži. Še dobra dva meseca, pa se bodo začeli delegatje odpravljati iz raznih delov naše širne Unije na potovanja proti Waukeganu, Ill., kjer se ima pričeti dne 18. avgusta XVII. redna konvencija K. S. K. Jednote.

Da se za to konvencijo že danes zavedajo vsa tukajšnja krajevna društva KSKJ, je temu dokaz, ker so te dni imela skupno posvetovalno sejo, kjer je bil izvoljen centralni ali konvenčni odbor. Predsednik je brat Frank Jerina; tajnik pa brat Josip Zorc. Naslov slednjega je: 1013 Adams St. North Chicago, Ill. Izvoljenih je bilo še več pododborov, ki bodo imeli nalogo skrbeti za vse potrebne stvari za prihodnjo konvencijo.

Vse nadaljne tozadevne stvari bodo pravočasno objavljene v Glasilu, na katere cenjene delegatje in delegatkinje že danes opozarjamo.

Konvenčni pripravljalni odbor.

še enkrat mlátili, in reševali. Časi, ko je bilo potreba, da mora iti vsako ime delegatov v zapisnik, so minuli; mi moramo ravnati tako iti z duhom časa naprej in se ravnati tako, kakor današnje razmere zahtevajo. Včasih smo res čuli delegate. "Ako moje ime ne bode v zapisniku, kaj pa potem?" Mislimo si lahko, ako bi vsak delegat za vsako točko vstal in govoril, potem bi naše konvencije trajale leto dni, toda mi lahko in dobro naredimo v 4 ali 5 dneh ako bomo hoteli delati pošteno sami med seboj v korist članstva, katerega zastopamo. Zatorej, ne bojte se! Le na dan in porabite priliko dopisovanja v "Glasilu," da bomo takoj znali Vaše želje, in iste skušali tako vpeljati, da bo večina zadovoljstvo neoziraje se na posameznike. Toraj še enkrat: Prvič odbor, katerega je dana naloga na podlagi pravil zadnje konvencije, mora storiti svoje delo, ako ne, potem zaslužimo da se nas najostreje kritizira in obsoja; drugič pa: članstvo in društva, na dan z Vašimi nasveti da bomo imeli čiste članstvo pred očmi.

Dolžnosti glavnih uradnikov so danes večje kakor so bile pred časom, ker članstvo hoče zmanjšati vedno kaj se godi, in do tega je tudi povsem upravičeno, ker Jednota ni lastnina kakakega posameznika ali pa tudi ne katere gotove skupine, ampak članstvo ima pravico ker samo članstvo potom pravilno izvoljenih zastopnikov zamore pravilno delovati. Glavni uradnik je samo začasen oskrbnik dotičnega urada in povsem podvržen članstvu, da ob času poda račun od svojega gospodarstva; raditega jaz mislim, da ako kaka točka ni popolnoma jasna, in ako dolžnosti kakakega urada povsem ne odgovorjajo želji članstva, se iste lahko preuredijo tako, kakor je želja konvencije. Dalje, ako konvencija želi dostaviti se posebne dolžnosti in pa kvalifikacije njih uradnikom, tudi to lahko stori; to jaz mislim se tiče poslovanja na konvenciji. Želim, da prva dva dneva se mora delegacija seznaniti med seboj, da eden drugega vsaj malo spozna, in vsaj deloma poizve in preuči zmožnosti gotovih kandidatov za bodoče uradnike Jednote. Nikakor bi ne bilo dobro ne za Jednoto, in ne za nove delegate poštno, ako bi kar kratkoma na slepo vse prikrlili in vpeljali volitev predno se delegacija vsaj malo ne spozna med seboj. Opažil sem dalje dopis brata M. F. Tomišča, člana društva šte. 153 s katerim se jaz popolnoma strinjam, ker ako bodo vse države kjer je več društev spadajočih h K. S. K. Jednoti združene v posebne Lige, ali pa skupine, potem bo delegacija iz Pennsylvanije, katere zastopa lepo število članstva Jednote popolnoma brez organizacije in podvržena lahko drugim morebitnim voditeljem, kateri bodo lahko izrabljali delegacijo iz Pennsylvanije. Jaz ne rečem da jo bodo, ali prigrdi se lahko. Raditega vidim jaz, ne samo da bi bilo to dobro, ampak zelo potrebno. Društva ne smejo varčevati denarja tam, kjer bi se morebiti lahko škoda delala in če se tisto lahko obvaruje z malimi stroškimi. Dobro bi bilo toraj da se vpoštevava navet brata Tomišča in da se tako, ki je delegacija izvoljena sklicu nekake skupne shorovanja

O NAŠIH ONEMOGLIH ČLANIH

Tekom sedanjega razmotravanja je bilo čitati že raznovrstne nasvete in priporočila v prilogi prihodnje konvencije. Nekaj razmotravanj je bilo na mestu, toda bilo je pa tudi veliko številko takih, ki bodo ostala samo na papirju, ker so neizvedljiva za našo bratsko podporo organizacijo. Tako smo čitali tudi neko razmotravanje, oziroma priporočilo, katero bi bilo v moralno škodo naše Jednote, naravnost v nečast in sramoto. Pri tem mislim namreč nasvet nekega glavnega uradnika, da naj se sklad in podpora za onemogle člane popolnoma ukine.

Pred vsem naj mi bo dovoljeno, da pri tej točki pojasnim doslej v obče nepravilno rabljen izraz "onemogla" podpora in "onemogli" sklad. To ni slovnično; pravilno bi se moralo pisati "podpora za onemogle," "sklad za onemogle" ali "podpora onemoglih." "onemogla" podpora ali sklad znači pred vsem, da podpora ali sklad peša, ne pa, da je ista namenjena onemoglim članom. Besedo "onemogel" kot glagol ali rpičevnik se zamore rabiti samo pri bitjih ali stvareh, ki se lahko premikajo, ali gibljejo; podpora ali sklad se pa naravno ne more gibati.

Po moji sodbi je pri naši Jednoti sklad za onemogle tako velikega in važnega pomena, da brez istega naša podpora in celo katoliška organizacija sploh ne sme in ne more poslovati. Pri tem je treba v prvi vrsti pomisliti in presoditi, kaj so sploh naši onemogli sobratje in sestre? O tem čitamo v Jednotinih pravilih na strani 99, pod členom LXIV. sledeče:

1. Ko je član prejel že vso bolniško podporo od društva in Jednote, in je vsled boleznii ali kake poškodbe tako onemogel, da se ne more več preživljati, da se nahaja v skrajni bedi in pomanjkanju, bodisi že sam ali njegova družina, lahko vložii prošnjo potom svojega krajevnega društva na glavni urad Jednote za podporo iz onemoglega sklada. Na take prošnje se ima glavni urad le tedaj ozirati, ako ima na rokah zadostne dokaze, potrjene od krajevnega društva, dalje od kakakega zdravnika in kakakega drugega javnega urada, da je onemogli prosilec v resnici te podpore vreden.

2. Do te podpore so upravičeni onemogli člani in članice obeh oddelkov, to je onih, ki spadajo v bolniško centralizacijo in oni, ki ne.

Vprašam vas torej, dragi mi bratje in sestre: Ali ni tako prizadeti član v resnici usmiljenja in podpore vreden? Pohabljen, neozdravljiv, brez denarja v veliki revščini in od vseh zapušen? Ne more ne živeti, ne umreti. Ali naj naša, vedno dobra podpora mati Jednota sedaj takim pomilovanju vrednim članom pokaže svoj hrbet in jih vrže na cesto? Vprašam vas: Ali je tako početje delo krščanskega usmiljenja?

Dotični glavni uradnik radi tega zavrača in obsoja sklad onemoglih, ker se je nedavno pripetilo, da je dobil neki član \$50 te podpore, do katere ni bil upravičen. To se je pripetilo vsled krivde uradnikov dotičnega društva. Da, marsikateri član je prejel že tudi bolniško podporo, katere ni bil vreden. Ali se naj radi enega ali par slučajev takih simulantov, oziroma takih onemoglih pokori in trpi na stotine drugih, ki so v resnici vredni take podpore?

Pri naši Jednoti se je uvedlo sklad onemoglih radi tega, da bi se z dosedanjim letno podporo v znesku \$50 vsaj nekaj odpomoglo v resnici potrebnim in obžalovanju vrednim onemoglim članom. S tem denarjem vsaj lahko plačujejo družtvene in Jednotine asesmente. Dalje smo uvedli ta sklad (2c mesečnega asesmenta na vse aktivno članstvo) radi tega, da smo se izognili onim neprestanim številnim in nadležnim prošnjam, ki so dohajale vsak mesec na družtvene seje. Sedaj je teh prošelj za slično podporo konec, kar vsakdo odobrava. Ako boste torej na prihodnji konvenciji ovrgli dosedanje sklad za onemogle, boste v bodoče prejмали še več in bolj ganljivih prošelj kot v preteklosti. Treba bo zopet poseči v blagajno, ali pa iti s klobukom okrog članov v društveni dvorani med sejo.

\$50 ni sicer veliko za kakakega onemoglega ali revnega člana, toda v veliki sili mu je vsak cent dobrodošel. Kako hvaležni so tako prizadeti člani za naklonjeno jim podporo, ste že dostikrat čitali v "Glasilu" njih priobčenje iskrene zahvale. Sploh so onemogli člani postavno upravičeni do te podpore, ker plačujejo tozadevni asesment.

Smelo trdim, da odkar je naša Jednota uvedla sklad za onemogle, je s tem storila veliko človekoljubno ter usmiljeno delo. V obče smo pa lahko zadovoljni, da ta sklad navzlic številnim izplačilom še vedno dobro obstoja. Začetkom januarja t. l. je isti znašal še vedno nad \$4000.00. Tekom petih mesecev tekočega leta se je izplačalo v 57 slučajih podporo onemoglim po \$50.00, popred pa še stoterim in stoterim.

Je pa pri naši Jednoti neka druga podpora, katero bi se moralo že davno ukiniti. To je neke posebne vrste operacijska podpora za ženske. Neki zdravnik mi je nedavno omenil, da tako operacijo rad izvrši za \$25 ali \$30. Operacija je povsem lahka in ni nič nevarna. In vendar šibit za isto tako operirana članica \$100.00; torej naredi pri tem \$75.00 profita. Upam, da nam bo podal o tej operaciji naš sobrat vrhovni zdravnik na prihodnji konvenciji kaj več podatkov. Vrzite podporo za take operacije iz sedanjih pravil, pa ne bomo vedno "v luknji" s poškodniškimi, oziroma operacijskimi skladi.

K sklepu naj z ozirom na nameravano ukinjenje podpore onemoglim dostavi mi tole: Kdorkoli izmed glavnih uradnikov ali delegatov bo skušal na prihodnji konvenciji označeno podpo-

in se ustanovi ligo društev in Pennsylvanije. Gotovo da društva bodo morala sama kriji stroške njih skupljanja na takim shorovanju, in društva inšakre tudi pravice poslati se posebne nastavnike na shorovanje ako vidi potrebno. Prostor shorovanja se lahko shere nekako v sredini; mesto Steelton bi bilo jako pripravno; to je namo mbe mnenje, drugi lahko imenuje drugo mesto, kakor vidite da je boljše.

Toliko za danes, prihodnjikaj več.

John A. Dečman,
predsednik porotnega odbora.

Nekaj nasvetov v korist centralizacije.

(Pislo Mikael Hoberar, član naša. odb.)
Kakor se vidi, je splošna želja članstva KSKJ, da glavni uradniki podajo svoje nasvete in priporočila za prihodnjo konvencijo, kar je vsega odobravajo vredno. Želeči je le, da bi se priporočila glavnih uradnikov kakor tudi drugih članov vpoštevava in ne ostala glas vpijočega v puščavi, kot se je navadno godilo pri prejšnjih konvencijah.

Priporočilo brata glavnega predsednika je potrebno, da se do cela vpoštevava, če hočemo imeti konvencijo kratko, mirno in uspešno, kar je želja skupnega glavnega odbora. Ravno tako so vsega uvaževanja vredni nasveti našega skušnega, dolgoletnega glavnega tajnika. Tudi od nekaterih drugih glavnih uradnikov smo čitali dobra navodila, tako tudi od raznih društvenih uradnikov in uradnic, kar znači, da je vsem blagor Jednote in važnost bližajoče se konvencije pri srcu.

Ker se je že o nekaterih važnih točkah od strani glavnih odbornikov razmotrivalo, je potrebno, da vzamemo pri razmotravanju v vpoštev tudi našo centralizacijo in delamo za njevo zboljšanje. Vsed tega se mi zdi umestno podati nekaj nasvetov, ki se mi vidijo koristni za Jednoto in centralizacijo.

1. Splošna centralizacija, kot priporoča brat Lekšan, gotovo bi bila to največja korist Jednoti in siguren obstanek naših društev. Res, da naša društva tudi s svojimi blagajnamii lepo napredujejo in plačujejo bolniško podporo, to pa radi tega, ker skrbje za bolniško blagajno. Vprašanje pa je: bodo tudi naši mladi člani tako delali in se trudili za vzdrževanje samostojnih blagajn, ko bodo stari, neumorno delavni člani legli v grob? Lahko se bo zgodilo, da bodo sedaj lepo cvetoča društva pričela pešati, blagajne hiroti, naši mladi pa v druge organizacije pristopati, ki jim bodo nudile sigurno podporo pod bolj ugodnimi pogoji. Ne trdim, da niso izjeme, so tudi naši ameriški mladi Slovenci ponekod jako delavni za korist društva in Jednote, kar pričajo naši športni klubi. Ali dejstva kažejo že sedaj, da se večina ne bo tako trudila in skrbela za samostojne društvene blagajne kot se sedanji stari člani. To je samo po sebi umevno, ker so se razmere in sistem plačevanja bolniške podpore že sedaj večina uredile tako, da je splošna blagajna za vse članstvo.

Torej že radi bodočnosti naše mladine, da bi ostala vedno zvesta KSKJ, bi bila neprecenljive vrednosti splošna centralizacija. To sem samo omenil, nikakor pa ne mislim, da bi se na konvenciji zopet debatiralo o tem predmetu. Ako društva ne žele sprejeti splošne centralizacije, naj ostane še v nadalje, kakor je sedaj.

Če dobro premislimo, ni nobenega vzroka, da bi član centralnega bolniškega oddelka ne mogel biti član pri društvu; ki ni v tem oddelku. Treba je le malo več bratake vzajemnosti in skupnega sodelovanja. Opustimo tisto škodljivo navidezno mrzňo, ki žali ponekod vlada med društvi, ki so v centralizaciji in med onimi, ki niso. Vsi se borimo za ene principe: pomagati svojim sobratom in sosestram po načelih bratoljublja.

Radi tega mislim, da je na mestu moj predlog, ki se glasi: "Vsako društvo KSKJ, ki ni v centralizaciji, naj ima centralni bolniški oddelek, v katerega sprejema prestople člane iz centralnih društev. Člani centralnega bolniškega oddelka morajo plačevati vse prispevke za upravne stroške in splovnati pravila dotičnega društva in društvene sklope."

Ako se sprejema ta predlog, bo mnogim članom prihranjenih veliko nepriilik, počutili se bomo potem lahko povsod kot bratje in sestre naše matere KSKJ, ki bo s tem dobila večji ugled in pot do lepšega napredka.

Ta sem napisal iz najboljšega namena v prevdarek članstvu KSKJ. Prihodnjikšje o drugih važnih zadevah tikajočih se centralizacije.

Cleveland-Collinwood, O.—Počasi, kot narava v zgodnji pomladi, tako se prebujajo tudi vsi tisti, katerim je naša Jednota pri srcu in postajajo vedno bolj živahni. To je dokaz, da smo se začeli zavedati kako velikega pomena je za vsako organizacijo konvencija.

Prvič, odkar se je pričelo razmotrivanje v prilogi prihodnje konvencije, je prisnelo naše "Glasilo" v št. 20 na prvi strani članke tikajoče se prihodnje konvencije. Iz razmotrivanja je sklepati, da se glavni uradniki, kot tudi članstvo, najbolj zavzemajo kako izboljšati gospodarstvo Jednote, kako pridobiti čim več mladine v naše vrste in kako zboljšati poslovanje med društvi in Jednoto. Prav posebno se zanimajo društva, katere spadajo v centralizacijo za boljši red in poslovanje v tem oddelku.

V tem smislu sem tudi jaz že nekaj priporočal v 18. številki "Glasila," namreč, da centralni oddelek potrebuje svojega tajnika in o poslovanju centralnega oddelka sploh.

V 20. številki "Glasila" pa sobrat glavni tajnik pojasnuje, da kar se tiče centralnega bolniškega oddelka vršijo vse delo v glavnem uradu točno in vestno, in da celo, če bi imel centralni bolniški oddelek svojega tajnika ne bi mogel biti boljši red v tem oddelku.

Da bomo pa na jasnem in prišli do zaključka, in ker je članstvo izven centralnega oddelka nezdovoljno, da se celo čuje od gotove strani: Centralni bolniški oddelek se vzdržuje na škodo celokupnega članstva, je mnenje, da se naj nekaj ukrene v tem oziru.

Naša Jednota izda mnogo v agitacijske svrhe, naj si bo to že na en ali na drugi način.

Centralni bolniški oddelek je utez na tehnični naše Jednote, kateri varuje, da kazalo te tehnične ne pade pod črto solventnosti.

Torej kritika, da se delo centralnega bolniškega oddelka upravlja na račun celokupnega članstva ni na mestu. Da se pa tej kritiki izognemo za vedno, je zategadelj zelo priporočljivo, da si izvoli centralni oddelek svojega tajnika.

Sobrat glavni tajnik pojasnuje glede plače, oziroma onega tisočaka, katerega plačuje centralni oddelek Jednoti; on omenja, da za delo ne preostaja ničesar in da se delo tega oddelka upravlja na račun splošnega članstva.

Torej izvolimo si bolniškega tajnika in boljše bo za vse, za centraliste in za izvencentraliste. Res je, da nas bo nekaj več stalo, bo pa na drugi strani veliko pridobljenega, kar mi pa ni mogoče na tem mestu razpravljati.

Omenil sem tudi v 18. številki "Glasila," da je naša Jednota najzadnja, kar se tiče izplačevanja bolniških podpor. Vstrajam pri tem, in povdarjam še enkrat, da je res najzadnja. Kdo je tega kriv? Mi ni znano. Glavni tajnik kritiko odklanja, meneč, da zadržek o izplačevanju bolniške podpore se mora iskati izven glavnega urada.

Jaz nisem v "Glasilu" št. 18 ničesar omenil, kje da je zadržek, omenil sem le, da se izplačevanje bolniške podpore predolgo zavlačuje, drugače bi šli bolniški čekii bolj hitro izpod rok.

Sobrat glavni tajnik omenja tudi, da se bolniške listine predolgo zadržujejo. Da, celo potee do 15 dni od dneva ko je bilo bolniško spričevalo datirano od strani društva in pa ko dospo v glavni urad.

Težko vrjetno, da se dobi kateri društveni tajnik pri naši Jednoti, ki bi rajše poslušal kritično članov bolnikov radi bolniške podpore in obenem se bolniške listine sam zadrževal. Ako pa je kdo tako brezbrizen,

CONVENTION VIEWS AND DISCUSSIONS

1117 St. Clair Ave., Cleveland, O.

PETER JULIO JR. President Lodge No. 7, Passaic, Colo.

A successful lodge invites competition; no time for intermission; must be followed by the building up of an organization imbued with the spirit...

At this time in particular it is necessary that each and every one of you express yourselves by writing in Our Page concerning problems which are confronting you...

At this point, however, the ever present, capable and experienced followers will come into evidence. Of course, we give all credit and honor to the pioneering to the original organizers...

The chief executives should anticipate changing conditions and anticipate take conditions, keep their viewpoints elastic, correctly appraise the new conditions and keep everlastingly ahead of the procession.

Junior executives should not fail to keep out of a complacent routine, and give thought to the fact that no job is ever done. Another mistake is when junior executives resting on their past laurels of technical accomplishments...

Another thing we find is when candidates are selected. It is age in years that plays an important part. In many cases it furnishes a positive argument in favor of their being elected.

Irrespective of one's age in years, not everyone can be elected. But, a good candidate is a good candidate at any time or in any place, be he 30 or 60.

My observation and study convinces me that the prime requirement for executive success today in young or old, is to get men who have ability to lead the personnel of an organization in such a manner as to get the most good from everyone and for everyone.

UNIFY NATIONALITY

By JOHN J. KORENCHAN

In the wake of events we come into an age that brings to us a realization of misdirected progress. Since the stone age the evolution of progress has been obvious.

The development of America or specifically speaking, the United States has been chiefly attributed to the European immigrants who have seen and felt the desire to gain position, wealth, freedom, a better living and respect on level with aristocrats.

With these opportunities they assembled in various groups in different localities, worked and concentrated on the American language and commercial gain in a very small way.

The Nitty Club won the game between the Sallies and the Nitty Club on the first of June. The game was played at the Mathieson Field before 300 spectators.

The Nitty Club defeated the Sallies to the tune of 22 to 19. Although all of the Nitty Club members did their best it took the keen pitching of Joe Komocar to keep the Sallies from scoring further.

Although the Sallies were defeated they are to be congratulated in being able to hold down the Nitty Club some real baseball. We would hate to innumerate the number of home runs made by the members of the Nitty Club.

Elizabeth and Mayme are being accused of running this column. They are bearing it all with a beautiful calm martyrdom that ought to lay up quite a few stars for their crowns...

Having annexed his first million (we're talking about dollars), Joe Prybylski has retired his clothing business. We understand he is doing pretty well toward raising this amount to the second million.

Bridgeport KSKJ in Win Smith in True Form as Lodge Team scores 10 to 9 victory over the Sallies. Allowing but three hits and striking out 16 batsmen, Smith twirled the Bridgeport KSKJ team to a 10 to 9 victory over the Echo Dodgers in a game played June 1st at the Boydswell diamond.

Shedwell and Greacher shine with the stick for the winners, while Wiglet of the Dodgers played a nice game on second base.

Do you know the meaning of the word "Carniolian"? Do you think the name of the KSKJ (Carniolian Slovenian Catholic Union) should be altered in omitting the first "K"? Love matches may be made in heaven, but a dark road and the back seat of an automobile help a whole lot.

The St. Florian baseball team went into a tie for first place with Joliet in the Midwest KSKJ Baseball League when it defeated St. Stephen's KSKJ team from the West Side, by a score of 11 to 3, Sunday, June 1st.

Hank Basco, pitcher of St. Stephen's, pitched an airtight game. He allowed only ten scattered hits and struck out eleven batters.

The hitting and fielding of our Booster were the outstanding features of the game. Eddie Sebarh led the attack with a home run, while De Sarno, leftfielder, made a brilliant one handed running catch in the eighth inning to stop a rally on the part of the losers.

St. Florian's 22 100 62-11 St. Stephen's 030 000-3 Batteries: St. Florian's-Willis and King; St. Stephen's-H. Basco, J. Basco and Kappa.

Hank Basco, pitcher of St. Stephen's team, twirled a good, steady game, but his support was ragged throughout the performance. In the eighth inning he sustained a severe laceration of a finger on his pitching hand, which necessitated his removal from the game.

St. Florian and Joliet locked horns this last Sunday to decide first place honors in the Midwest league. A special bus was chartered to carry the team and rooters to Joliet.

This coming Sunday, the St. Florian will travel to Waukegan, Ill., to start the second round of competition in the league. It is very likely that another bus will be chartered to carry the gang to the game.

One of our Slovenian young ladies, who has been an enthusiastic roller skating performer this spring, has realized her ambition. Miss Molly Bayuk, of Avenue L., champion roller skater of Calumet Park, has won several trophies in the recent roller skating races, held at Sherman Park.

Come to think of it! How come we don't see the Sasek sisters, Marie and Jennie, on roller skates anymore. Is it possible that they have forsaken the sport for a more luxurious and comfortable mode of conveyance? For instance that Hudson!

Tony Link, popular outfielder on the St. Florian team, seems to be the eyecore of a certain young lady's eye lately.

There are several June weddings slated for St. George's Church, and the Booster expects to get the inside dope on at least one of them.

At the St. Florian-St. Stephen game, Bill Kompare was seen armed with a camera, taking action pictures of the teams. If he dared to take a few closeups of certain individuals on the sidelines, oh boy! wouldn't there be food for scandal!

We are sorry to hear that Miss Mayme Franko has been confined to her bed for several weeks with a very bad cold. We do hope she will recuperate soon.

Golf seems to be taking a firm hold on several Booster Club fellows who can be seen swinging at the pill quite frequently these days. The latest and most rabid converts to the game are Eddie Kucic and Harry Willis. Bring on the KSKJ golf tournament.

A dramatic presentation followed by dancing complete the evening program.

On Saturday, May 17th, Mrs. Mary Klemencic, well known president of the Slovenian Ladies Union, La Salle, Ill., was married to Joseph Stukel of Joliet, Ill., in a quiet ceremony performed in Chicago by the Rev. Father Hyacinth Podgorsek, assistant pastor of St. Stephen's parish on the West Side. Congratulations are extended to the couple. They expect to reside in La Salle, Ill.
