

Washington zopet
v sporu s Filipini

Znani filipinski državnik in diplomat Romulo predlaga, naj posebna mešana komisija preišče vzroke filipinskih pritožb proti ZDA.

MANILA, Filip. — Za Filipine je naša dežela res toliko bolj, da bi bili Filipinci lahko hvaležni. Verjetno bi tudi bili, ako bi jih nerednosti naše administracije od časa do časa po nepotrebnem ne razburjale. Začetek nerednosti je bil naš zakon o veteranskih pravicah. Med vojno so se filipinski vojaki borili ramo ob ramo z našimi; bili so prepričani, da bodo ostali ravnopravni tudi po vojni, ne glede na to, kakšni politični odnosi bodo med Ameriko in Filipini. Do ravnopravnosti ni prišlo. Filipinski vojaki iz svetovnih vojn nimajo istih veteranskih pravic kot naši zato, ker so Filipini med tem postali samostojna republika. Tako so filipinski veterani stalno razkazovali proti Ameriki in nosilci filipinskih antipatij do naše dežele. Jezijo se pa tem bolj, ko vidijo, da so bogati Filipinci, ki niso bili na frontah, vendarle zelo dobro odrezali s svojimi zahtevami v Washingtonu.

Filipince bodo dalje v oči ne ravno obzirno postopanje naših oblasti na vojaških postojankah, kar jih še imamo na Filipinih. Naši varnostni organi na postojankah postopajo zelo ostro proti vsakomur, ki si dovoli kaj protipostavnega proti njim. Bilo je nekaj slučajev, ko so naše straže streljale in ubile domačine, ki so se približali postojankam. Preiskave o teh slučajih zmeraj kar nekaj časa trajajo. To razburja filipinsko javnost.

Bivši filipinski poslanik v Washingtonu general Romulo sedaj predlaga posebno mešano komisijo, ki naj preišče vse filipinske pritožbe in ugotovi, kaj je resnice na njih. Upajmo, da državno tajništvo ne bo spregledalo Romulovega nasveta, kajti Romulo spada med redke Filipince, ki svojih simpatij do Amerike ne menjajo po političnem vremenu.

Indijska vlada našla za-
časen izhod iz "jezikov-
ne krize"

NEW DELHI, Ind. — Federalna vlada je sklenila, da mora vsak njen uslužbenec napraviti izpite v treh jezikih. Na prvem mestu je angleščina. Za njo sledi materniščina v sledeči obliki: kdor ima hindi jezik za materni govorico, mora polagati izpit v materniščini in še v enem med jeziki, ki jih govori v južni Indiji. Kdor govori druge jezike, mora polagati izpit iz angleščine in hindi jezika. Ta postopek pomeni očitno prednost za hindi jezik, čeprav odlok sam temelji na ravnopravnosti. Ni še poročil, kako je indijska javnost sprejela to vladno odredbo.

Kosygin povabljen v Bonn

BONN, Nem. — Vlada je objavila, da je povabila na uradni obisk predsednika vlade Sovjetske zveze Kosygina. Preje je nemška vlada poslala tako povabilo že Hruščevu. Ko je bil ta odstranjen z vodstva Sovjetske zveze, je sedaj vlada dr. Erharda uradno povabila na obisk njegovega naslednika. Povabilo pomeni, da je morala sovjetska vlada na tak obisk pristati, ker sicer ne bi bilo sploh objavljeno.

Med tem je ena od poročevalskih družb objavila, da je Sovjetska zveza stavila za pogoj obiska Kosygina v Bonnu, podaljšanje nemškega zakona za preganjanje nacističnih zločincev tudi še po letošnjem maju, ko ta poteče, in zagotovilo, da Zahodna Nemčija ne bo sodelovala pri Večnarodni atomski sili NATO, kot se jo pred časom predložile Združene države.

Vlada je objavila, da je na svoji seji preteklo sredo sklenila oglasno, da bo podpirala podaljšanje zakona o sodnem zasledovanju nacističnih zločincev, nič pa ni povedala o svojem stališču do Večnarodnega atomskega brodogovja NATO. Njeno poročilo o povabilu predsednika Sovjetske zveze tudi nič ne omenja nobenih pogojev od strani Moskve.

Shepard bi rad na Luno

HOUSTON, Tex. — Cmdr. Alan B. Shepard, ki je kot prvi ameriški astronaut letel v vesolje, upa, da bo njegovo uho popolnoma zdravo, ko bodo odločili o tem, kdo naj se udeleži prvega ameriškega poleta na Luno. Alan B. Shepard bi bil vsekakor rad zraven.

Rus se hvali z zmago
v Združenih narodih

Zastopnik ZSSR pri Združenih narodih Fedorenko je zatrjeval, da so ZDA izgubile boj v ZN v vprašanju veljavnosti čl. 19 ZN.

ZDRUŽENI NARODI, N.Y. — Sovjetski poslanik pri Združenih narodih Nikolaj T. Fedorenko je izjavil, da je bilo vprašanje čl. 19 ustave ZN dejanjsko že mrtvo in pokopano, ko je albanski zastopnik predložil "vrnitev k rednemu delu" in glasovanje o njem. Pristanek ameriškega poslanika Stevenson na "glasovanje o postopku" tega dejstva ni mogel več bistveno spremeniti.

"Človek si ne more pomagati, da ne bi spoznal... da je taka politika izizivanja na 19. zasedanju glavne skupščine propadla" je dejal sovjetski predstavnik tiska, nato pa je zatrjeval, da bo Sovjetska zveza prevzela in nosila na njo odpadli delež stroškov mirovnih akcij Združenih narodov, če bodo te sklenjene strogo v smislu ustave ZN v Varnostnem svetu.

Fedorenko je trdil, da "moramo razumeti, da bi vsako nadaljevanje izzivanja Združenih držav in njihovih podpornikov zgradilo pot k razpadu Združenih narodov". Nič ni med tem povedal, ali bo Sovjetska zveza kaj plačala v poseben sklad Združenih narodov za kritje stroškov preteklih mirovnih akcij, zlasti onih na Srednjem vzhodu in v Kongu. Prav zavražanje plačila Sovjetski zvezi prisojenega dela teh stroškov je Združene narode privedlo v sedanjí žalostni položaj.

Združene države seveda uradno še vedno trdijo, da bodo spravile vprašanje čl. 19 ZN na dnevni red in skrbele za to, da one članice, ki bodo v zaostanku za dve leti ali več s plačilom svojih prispevkov ZN, ne bodo imele pravice glasovanja.

Samo 44% Kanadčanov
redno kadí

OTTAWA, Can. — Oddelek za zdravstvo pri zvezni vladi je dognal, da kadí redno v Kanadi le 44% vseh odraslih ljudi, 56% moških in le 32% žensk. Sorazmerno veliko več kadijo v pokrajini Quebec kot v ostalih delih Kanade.

Moskva se še zmeraj
zanima za Hruščeva

MOSKVA, ZSSR. — Moskvska ulica kar ne more pozabiti Nikite Hruščeva. Vsaka novica o njem in njegovem življenju v vasi Usovo, kakih 40 milj zunaj Moskve, jo zanima. Sedaj je zanj velika novica, da je režim dal Hruščevu kar sredi Moskve v novem stanovanjskem poslopju za ruske pojme kar razkošno stanovanje. Policija noče izdati naslova stanovanja, pa ga bo ulica sama zelo hitro izdala.

Hruščev se je že parkrat pokazal v Moskvi v spremstvu svoje žene, toda se ni hotel spuščati v pogovore. Posebno odbija vsak stik s politiki, časniki, diplomati itd. Da pa doma sprejme tujce kakšnega svojega prijatelja, ni nobena tajnost, ne za ulico ne za tajno policijo.

Hruščevu je režim dal vse ugodnosti "uglednega upokojenca". Ima še zmeraj svoj avto in svojega šoferja, ki je verjetno obenem tudi v službi policije. Tisti, ki so ga videli na ulici, trdijo, da se mu upokojevec nič ne pozna na licu in obnašanju.

V Selmi bodo črnci
v ponedeljek zopet
korakali

SELMA, Ala. — Ko je dr. M. L. King v sredo odšel od tu govorit v Los Angeles, je obljubil, da bo v ponedeljek zopet tu, ko naj bi se črnci zopet množično podali pred volivni urad za vpis v volivni imenik. Ponedeljek, 1. marca, je proglašen od strani organizatorjev kampanje za vpis črncev v volivni imenik za "dan svobode".

Vodniki civilnega boja za enake državljanske pravice črncev v Alabami z dr. M. L. Kingom na čelu se prizadevajo, da bi spravili v ponedeljek na noge vse črne volivne upravičence, ki še niso vpisani v volivni imenik ali vsaj prijavljeni za vpis vanj pri okrajnem volivnem registrarju.

RUSK NE VIDI MOŽNOSTI
ZA POMIRITEV VIETNAMA

Državni tajnik Rusk je včeraj dejal časnikarjem, da ni izgledov za pomiritev Vietnama, ker manjka "temeljnega člena" za pogajanja s komunisti v jugovzhodni Aziji, dokler se Severni Vietnam ne odloči končati svojo napadalnost proti Južnemu Vietnamu.

WASHINGTON, D.C. — Dean Rusk je včeraj na tiskovni konferenci podrobno obrazložil ameriško stališče v Južnem Vietnamu in povedal odkrito, da trenutno ni nobenih izgledov na kaka uspešna pogajanja, ker Severni Vietnam in rdeča Kitajska nočeta ustaviti podpiranja rdečih gverilcev v Južnem Vietnamu. Državni tajnik je dejal, da v Hanoju točno vedo, kaj delajo, ko pošiljajo ljudi in vojaške potrebščine v Južni Vietnam za boj proti tamkajšnji zakoniti vladi. Poudaril je, da sta glavni cilji ameriške prisotnosti v jugovzhodni Aziji "mir in varnost".

Dean Rusk je govoril s časnikarji potem, ko je predsednik Johnson drugi dan zapored vrigel mrzlo vodo na prizadevanja za pripravo razgovorov o končanju vojne v Vietnamu. Potrdil je, da vlada Združenih držav vzdržuje stike z mnogimi vlada-mi o tem vprašanju, pa poudaril, da nobena druga vlada "ne more govoriti" za Združene države, ki imajo do Južnega Vietnama svoje pogodbeno obveznosti že 10 let. Po njegovem bi prišlo v Južnem Vietnamu hitro do notranje pomiritve, če bi le komunisti iz Severnega Vietnama prenehali rdeče gverilce podpirati z ljudmi in vojnimi potrebščinami.

Državni tajnik je obljubil, da bo "v nekaj dneh" predložil dokaz o sistematičnih naporih Severnega Vietnama vreči zakonito vlado Južnega Vietnama z crožjem in ljudmi. Izjavil je, da če rdeča Kitajska prav tako kri-va agresije proti Južnemu Vietnamu kot vlada v Hanoju, ker to podpira pri tem poslu.

let na nek način znašli z režimom. Ako se begunci vrnejo z juga na sever, bodo pravzaprav prišli domov, obenem pa tudi v novo suženjstvo.

Precej jih bo hotelo v take azijske kraje, kjer živijo budisti, pa so jim primerane katoliške manjšine. Bodo vsaj med svojimi rojaki, akoravno ne bodo pripadali večinski veroizpovedi.

Precej jih pa seveda misli tudi na Avstralijo in Ameriko, pa tudi v take dežele, ki so bile nekaj francoske kolonije. Vietnamski katoličani so namreč tesneje povezani s francosko kulturo kot vietnamski budisti. S Francozi jih veže vsaj skupna vera.

Da je naša javnost — ne samo časopisje, ampak tudi radio — postaja — začela o tem debatirati, je prav. Pove pa tudi, kaj nas utegne čakati v južnem Vietnamu.

SNEŽNI VIHAR
NAD MESTOM

CLEVELAND, O. — Včeraj in ponoči je divjal nad mestom in okolico hud snežni vihar, ki je ponekod ustvaril visoke zamete. Promet je v večernih urah skoraj zastal. Trgovine v mestu so zaprli večinoma pred šesto namesto ob devetih. Preko noči so ceste v glavnem očistili in je promet zjutraj bil precej normalen na področju mesta ne pa v vzhodnih predmestjih. Sole v Geauga okraju so danes zaradi snega in zametov zaprte, v sarnem Clevelandu pa so večji del odprte. Za danes je napovedanih do štiri palce novega snega predvsem v vzhodnem delu mesta in v predmestjih. Parkanje avtomobilov na glavnih cestah v mestu in večini predmestij je prepovedano zaradi snega.

Za predpust se oglaš-
okrajni davkar Brennan

CLEVELAND, O. — Okrajni davkar Brennan, ki ga davkoplačevalci dobro poznajo, saj se jih spomni vsaj dvakrat na leto, je tle dni oklical, da bodo hišni posestniki dobili davčne naloge za zgradarino in zemljarino že do 8. marca. Nalogi se glasijo za prvo polletje 1964 in morajo biti plačani do 31. marca. Letos se je mož kakasnil s svojimi nalogi skoraj za tri mesece. Nad 90.000 davkoplačevalcev med 440.000, kar jih je v njegovem davčnem okraju, s tem ni bilo zadovoljnih. Plačali so davke kar naprej, nekateri za celo lansko leto. Brennan je po tej poti dobil na račun celih \$29 milijonov, vsi predpisi skupaj pa znašajo okoli \$115 milijonov. Kar je dobil na račun, je pa moral tudi takoj razdeliti, kajti nekatere javne blaginje so se po Božiču tako posušile, da še za plače niso imele.

Ni pa Brennan opozoril, da bo v treh mesecih poslal nove naloge za prihodnjega pol leta. Takrat bo pa točen, tako je rekel že prej.

Ni pa Brennan opozoril, da bo v treh mesecih poslal nove naloge za prihodnjega pol leta. Takrat bo pa točen, tako je rekel že prej.

Ni prepovedano, toda...

HAVANA, Kuba. — Uradna poročevalska služba je označila za grdo laž trditve, da je Castrova vlada prepovedala poroke med njenimi pristaši in nasprotniki režima.

Kam naj gredo vietnamski protikomunisti?

CLEVELAND, O. — Med ploho poročil o pogajanjih in posredovanjih za pogajanja vprid koncu državljanske vojne, ki pa žal niso praviloma na zanesljivi, ne verjetna, sta se vrnila dve, ki nekaj pomenita.

Najprvo je par budističnih voditeljev, ki so pred letom zelo vneto podirali diktaturo predsednika Diema, pozneje pa skrbeli, da Sajgon ne pride do političnega miru — včasih kar sami, včasih pa skupaj z generali — sedaj nategoma izjavilo, da je treba državljansko vojno končati s kompromisom. Svoji želji seveda dodajajo zahtevo, da mora Južni Vietnam biti neodvisen od severnega in da na jugu ne sme prevladovati nobena struja ali stranka. Temu pa najbrže niti sami ne verjamejo. Kaj tiči za temi izjavami, to je važno vprašanje. Ako bodo budisti iz južnega Vietnama sili na kompromis s severnimi vietnamskimi komunisti, potem nismo daleč

od koalicijske vlade v Sajgonu, ki bo poprosila Ameriko, naj gre iz dežele.

Druga nič manj važna novica se tiče usode protikomunistov v juž. Vietnamu. Hrbtenica odpora proti komunistom so seveda vietnamski katoliški begunci, ki l. 1954 niso hoteli ostati pod diktaturo Ho-Chi-Minha in se preselili na jug. Zadnje dni je par časnikarjev začelo obravnava ti zgodovino njihove tragične usode in se spraševati, kaj bo z njimi, ako se bo vietnamska državljanska vojna končala s kompromisom. Kompromis bo gotovo dal komunistom dosti veljave v južnem Vietnamu, ki jo lahko porabijo za preganjanje svojih nekdanih nasprotnikov v državljanski vojni. Veliko število protikomunistov se bo hotelo izogniti zopetnemu preganjanju in bo sili v novo begunstvo. Še več bo pa takih, ki so ali pa bodo prepričani, da bo

vsak kompromis s komunisti pomenil tudi rdečo zmago in da se je treba zato pravočasno izseliti iz južnega Vietnama.

Koliko bo takih nesrečnežev, ki jim bodo šle take misli po glavi? Morda milijon, morda še več. Kar je danes gotovo, je verjetnost, da bodo katoliški Vietnamsci med njimi imeli večino. Čisto gotovo je, da na vse to mislijo tudi v Vatikanu in pripravljajo tem nesrečnežem pota v novo begunstvo. Na to bi morala misliti tudi naša administracija, kajti vsaj moralno je odgovorna zanje. Veliko se jih je namreč l. 1954 odločilo za preselitev na jug, ker so verjeli, da bodo v južnem Vietnamu pod ameriškim varstvom lahko znova začeli mirno življenje.

Kam naj gredo? Marsikdo med njimi se bo odločil, da gre najaz v severni Vietnam. Tam živi še zmeraj okoli pol milijona katoličanov, ki so se tekom 10

Združeni narodi v novem razdobju

II.

Ko se je lani bližalo 19. zasedanje glavne skupščine ZN, so Združene države izjavile, da bodo zahtevale uveljavitev člena 19 ustave, takoj kakor hitro bo prišlo do prvega glasovanja. Sovjetska zveza je na to odgovorila, da bo v tistem trenutku zapustila Združene narode, ko ji bodo ti na osnovi čl. 19 vzeli pravico glasovanja.

Glavno tajništvo ZN in skupina nevtralnih držav je skušala posredovati in doseči kompromis, predno bi prišlo do javnega spopada med stališči Amerike in Rusije v ZN, ki bi tem samim utegnil zadati smrtni udarec. Vse je že kazalo, da bo do kompromisa prišlo, ko je predstavnik Združenih držav izjavil, da je tem vseeno, v "kakšni obliki Sovjetska zveza plača" svoj dolg, in je ta obljubljala, da bo v posebni sklad ZN za kritje stroškov njihovih mirovniških akcij plačala "večji prispevek". Nenadno je sovjetski zastopnik izjavil, da bo Sovjetska zveza to storila šele, če začne glavna skupščina redno delo in izvede prva glasovanja, ne da bi kdo pri tem njej branil glasovati v zvezi s členom 19 ustave ZN. Združene države so to zahtevo zavrnile, ker bi pomenila dejansko popolno zmago sovjetskega stališča.

Oni, ki so se trudili za kompromis, so dosegli, da je bilo zasedanje glavne skupščine vedno znova odloženo. Ko je do njega le prišlo, so se dogovorili, da ne bo skupščina nič glasovala, ampak odločala o vseh nujnih vprašanjih "soglasno". Ker tako ne bi prišlo do nobenega glasovanja po seznamu članstva, ne bi vprašanje glasovalne pravice posameznih članic sploh prišlo na dnevni red.

Tako je bil izvoljen predsednik glavne skupščine, kasneje so bili na isti način izbrani tudi novi, nestalni člani Varnostnega sveta, le da je bilo za te dejansko izvedeno glasovanje, pa čeprav izven prostorov glavne skupščine. "Uradno" do glasovanja torej sploh ni prišlo.

Spor se je vlekel iz tedna v teden in z novim letom je med dolžnike z več kot dvoletnim zaostankom prišla tudi Francija. Zagovorniki kompromisa so skušali doseči odložitve zasedanja glavne skupščine do spomladi ali celo do jeseni, do bi dobili več časa za nova posredovanja. Združene države so popuščale in končno pristale zadnji dan zasedanja glavne skupščine pretekli teden celo na uradno glasovanje, ki pa ga je proglasil njihov zastopnik Stevenson za "glasovanje o poslopiju". To glasovanje naj ne bi bilo v nasprotju z ameriškim načelnim stališčem v zvezi s členom 19 ustave ZN. Amerika in Rusija sta skupno glasovali proti predlogu Albanije, naj skupščina preide k rednemu delu z glasovanjem in volitvami. Za tem predlogom naj bi bila rdeča Kitajska, ki je hotela z njim na eni strani oslabiti ZN in njihov žetke padajoči vpliv, na drugi pa pognati Ameriko in Rusijo v boj drugo proti drugi.

Glavna skupščina je odložila svoje zasedanje do 1. septembra. Čisto s formalnega stališča morda ni mogoče govoriti o porazu in zmagi, uradno Amerika še vedno vztraja na svojem stališču v pogledu plačevanja prispevkov in volivne pravice v ZN, kot jo določa člen 19. Dejstvo je med tem, da je prišlo kljub vsemu do formalnega glasovanja in Združene države niso zahtevale uveljavitve člena 19. Če tega niso storile sedaj, ko so trdile, da imajo možnost doseči dvotretjinsko večino za svoje stališče, kdaj naj to store?

S tem, da so Združene države pristale na zasedanje glavne skupščine ZN brez glasovanj in niso izsilile odločitve o členu 19, so dejansko dopustile veljavo stališču Sovjetske zveze, njenih satelitov in Francije. Ti so še vedno polnopravni člani ZN, čeprav uradno v zaostanku s plačili prispevka za preko dve leti. Polnopravni člani so, ker niso v skupščini ZN, kjer je mesto za to, vprašanja njihovega dolga spravili na dnevni red in v razpravo.

Ker je šlo pri tem za sklep glavne skupščine same, je ta dejansko izgubila svoj pomen kot odločilni faktor ZN. Njeni sklepi, pa naj glasuje za nje tudi dve tretjini članov, niso več obvezni. Če so jih lahko zavrnile Sovjetska zveza, njeni sateliti in Francija, čemu bi se jih morali držati drugi? Združeni narodi so se tako dejansko vrnili tja, kjer so bili pred korejsko vojno leta 1950, ko je bil Varnostni svet prvi in zadnji merodajni organ ZN, njihovo delo pa omejevala na ohranjanje miru in odločanje o vprašanjih, v katerih si velesile, stalne članice Varnostnega sveta, niso izrazito nasprotne.

Združene države, ki so s svojimi zavezniki leta 1950 Združene narode tako obvladovale, da se Sovjetska zveza v njih niti ganiti ni mogla, so se zdaj znašle v položaju, ko niso bile več gotove, da morejo doseči potrebno dvotretjinsko večino, četudi so njihovi zastopniki uradno zatrjevali, da tako večino v vprašanju člena 19 imajo. Svoj umik utelejujejo v Washingtonu s trditvijo, da je boljše imeti take Združene narode, kot so sedaj, v katerih bo glavna skupščina lahko sklepala, toda njeni sklepi ne bodo obvezni, kot pa nobenih. Na tistem spoznavajo, da bi jim utegnili glavna skupščina ZN nekega dne s svojo afriško-azijsko večino

no zrasti preko glave, čeprav niso za njihovo tako temeljito reformo, kot bi jo rad De Gaulle.

Tisti idealisti v naši deželi in drugod na svetu, ki so upali, da se bodo nekoč Združeni narodi razvili v nekako svetovno vlado, ki bo napravila konec nevarnosti novim svetovnim vojam, so spoznali, da za enkrat s tem ne bo nič. Združeni narodi bodo v bodoče še sposobni skrbeti za "mir" tam, kjer ne bo prizadeta nobena velesila, v sporih med velesilami pa utegnejo ostati kljub vsemu še vedno neko sredstvo za preprečitev njihove zaostritve do nevarnosti nenadnega preloma in atomske katastrofe.

O SLOVENSKIH NASELJENCIH V CHICAGU se je že mnogo pisalo in mnogo je bilo objavljeno o njih. Vse tam od prvih naših naseljencev, od leta 1840 do sedaj. Do časa izseljevanja, vse do l. 1945, smo večinoma poznali vse, ki so prišli iz morja v ta naš novi svet, Ameriko, le pod imenom izseljenici, Amerikanci pa kot priseljenci.

Po času prevrata tekem in po zadnji svetovni vojni so pa začeli priseljence v ta novi svet in v druge kraje po svetu deliti v ekonomske in politične izseljenice in priseljence. Prvi, da so se izselili radi gospodarskih težav, ki so šli po svetu iskati kruha in srečo. Drugi radi razmer, ki so se spremenile med zadnjo vojno in po isti in prehod v nove razmere jih je pognal ene tako, druge drugače po svetu.

Ne enim ne drugim ni bilo lahko pri srcu, ko so se podajali v tuji svet — eni radi tega, drugi radi drugih slučajev. Odhajati in zapuščati rodna tla, domačo zemljo, kjer se kdo rodi, ni lahko! Domovina je le mati nas vseh! Zavedajmo se, da naša Slovenska domovina ni križa vsega zla! Njo so križali tujci z zapada, s severa in od drugod — zgodovina to ve, samo strani te zgodovine, ki to ve, nihče v tujem svetu ne vidi. Najbrže iz namena ne, da bi se videlo, koliko gorja in trpljenja je ta uboga naša domovina Slovencev morala po krivici že pretrpeti v svojo škodo, a v korist tistih, ki so jo zatirali in hoteli umoriti in izbrisati s površja sveta. Najbrže se tudi nekateri zapadnjaki bojijo, da bi jih kdo pobaral: Zakaj ste bili pa tako brezbržni do tega mlega, a dobrega slovenskega naroda? S tem ste mu krivico delali! Saj ste se zanimali in se še zanimajte za zadnje necivilizirane zamorce in druge po Afriki, Aziji in drugod. V svoji sredini med seboj v Evropi pa niste vedeli, kako so nekateri narodi nedolževsko zatirali in izkoriščali pošten in bogaboječ slovenski narod! Ali ne čutite nobene krivde in odgovornosti za to?

O yes! Čutiti bi jo morali, če bi bilo res kaj prave poštene vesti v vrstah Germanov in Romanov. A tega čuta še danes ni mnogo med njimi. Njihov apetit po slovenskih in naših slovenskih ozemljih je imel le en cilj: uničiti slovenska ljudstva, slovenska ozemlja pa naj bi nudila nove prostore, kamor naj bi se naselila njihova plemena. Slovonom grobove — Germanom in Romanom pa gradove, in to na naši zemlji! To so že sto in sto let stare sanje in upanja Germanov in Lahov. Nekoliko manj glasne so sicer zadnjih 20 let, odkar sta jih dobila po "piskru" Hitler in Mussolini in njuni fašisti in nacisti. A sanjajo na tihem pa še o tem.

Zakaj to omenjam in pogrevam tu? Zato, ker slovenska in slovenska zavednost med nami zadnja leta peša in šepa in kaj nadušljivo diha, kolikor jo je še. Zavedam se, da mi bo marsikdo sam pri sebi, če že javno ne, zabrusil pod nos: Ubogi Janez, kaj pa tratiš čas s tem in siliš čez nemogoče prehode? Kakor kdo hoče in kakor komu ljubo! Tisti, ki na se to tako gleda in

tako razume, me naj za dobro mero še v "hlače sune", če se mu to dopade. Jaz bom pa ostal kljub temu Slovenec in Slovan! Morda je vse to omenjati samopotratu časa in prostora v listu. Če bi bilo to res, prosim, mi oprostite! Okoliščine mi pa dopovedujejo, da ni. Vest mi celo narekuje, da je prav, da o tem pišem.

Kaka kričava nujnost me pa sili v to?

Na to vprašanje mi pa dovolite, da odprem okno mojim mislim in prepričanju o vsem tem. Moji razlogi k temu in za to so:

1. Med nami ameriški Slovenci ni več tiste aktivne slovenske zavednosti, kakor je prevladovala do zadnje svetovne vojne. Smo še aktivni in vzdržujemo naše ustanove in dela, Ampak tiste ustvarjalne požrtvovalnosti in navduševalnih sil za kaj takega in za take cilje pa ni opaziti več med nami. Smo le kakor neki postarani gruntarji na koncu in robu življenja, pa ne vemo, kako oporočno bi naredili, da bi bilo za vse prav.

To prihaja vse od tega, ker smo bolj in bolj brezbržni. Takim smo, oprostite! — "stari" in "novi" — vsak po nekih svojih potih hodimo in se vozimo. Vezni in povezanosti med nami je manj in manj. Krivda za to leži na nas vseh.

2. Zadnjih 15 let se zdi, da smo brez vsakega skupnega vodstva — imam v mislih tako vodstvo, ki bi res vodilo, dajalo smernice in načrte ter ideale, ki bi nas vodili v navdušenje za gospodarske, politične in socialne cilje.

Ni moj namen koga žaliti s temi vrsticami, najmanj to! Ampak za primer moram pa le pokazati nekaj, na kaj mislim, ko govorim, da med nami izginja navdušenost in da postajamo za vse nekam brezbržni in da nobene nove pobude za kako narodno gibanje med nami ni več.

Če se ozrem nazaj na dobo med l. 1905 pa vse do l. 1945, vidim v tej sicer preproste naše pokojne pionirje, kot pok. Antona Nemanica v Jolietu, pok. Franka Opeka v Waukeganu, pok. Antona Grdina v Clevelandu, pok. Jožeta Zalarja, bivšega gl. tajnika KSKJ, pok. urednika Jaka Debeveca v Clevelandu — te med lajkami. Med duhovniki: pok. msgr. Jos. Buha iz Minnesote, pok. župnika Fr. Sušteršiča v Jolietu, pok. župnika patra Cirila Zupana v Puelbu, Colo., pok. Jakoba Cerneta, župnika v Sheboyganu, Wis., predvsem pa aktivnega pok. patra Kazimirja Zakrajška, župnika v Chicagu in ustanovitelja lemontskih ameriških Brezij. Vsi ti ljudje so bili navdušeni voditelji, polni idej za to in ono. In da se vrnem še k lajkam, ki niso nosili poleg svojih imen akademskih "titelov", pa so bili vedno v prvih vrstah. Ni jim bilo škoda ne časa ne denarja in storili so vse, kadar se je šlo za kako narodno stvar.

Danes pa med celo legijo izobražencev se ne dvigne noben več kak navdušen pater Kazimir, kak navdušen Anton Grdina, navdušen Zalar, itd., da bi zaklical nam vsem, tole nam manjka, to le potrebujemo, za

tole se zedinimo, za tole vsi delajmo!

3. Kaj si mislim pri tem? To-le: Imenovani pionirji so nam zapustili lep "grunt", mi ga pa slabo obdelujemo, mislim v narodnem pogledu!

V duhovnem oziru smo ameriški Slovenci napredovali, čast in priznanje, komur to gre in to so naši vneti č. gg. duhovniki. Ampak narodni čut za slovenstvo, ta pa kadra bolj in bolj počasneje, kakor kaka motorna ladja na morju, ko ji začne pohajati olje.

Ali bi se ne dalo priliti tej naši "motorni ladji" slovenske zavesti novega olja, da bi zopet krepko zabrnili njeni motorji in da bi ponosno vozila tudi zdaj naprej v nove čase, v napredek, v slavo in čast našega naroda? Ali bi se ne dalo z raznimi pobudami priti do novih idej, ki bi vodile zdaj in za naprej? Ej, fantije in moške, pred ogledalo stopimo, posebno mlajši, pa tudi starejši, saj še dobro izgledamo! Rokave zavijamo in klobuke in kape malo na stran potisnimo in na delo! Kjer je nas kaj, začnimo s kakimi sestanki in na njih z razpravami o tem in za slavo in čast slovenstva!

Tako se začnimo gibati po vseh naselbinah, kjerkoli je nas vsaj za en "pod", kakor so rekli v starih časih, in videli boste, da iz teh meglenih časov je še dovolj izhodom, ki bodo nas vodili v čisti sončni zrak veselejše bodočnosti vseh slovenskih izseljencev in priseljencev v Ameriki!

Kaj pravi kdo k temu?

Maškarada v Collinwoodu

CLEVELAND, O. — Poznal sem dekleta, — še doma —, ki je šlo na tisto nedeljo, ko je imela novo obleko dvakrat k maši. Hotela se je dvakrat "postaviti". Taki nagibi, četudi nisi sami na sebi najboljše, so dobri, ako vodijo k dobremu. Tako bi morali, če bi bili doma, marsikaj opustiti, ako bi še hoteli ostati na dobrem glasu, da smo dobri katoliški narod. Sem spadata zlasti štefanovanje, ki ni bilo prav nič drugega kot poldnevno, pa morda razne maškarade, ki tudi niso bile nič drugega kot navadno veseljačenje s to razliko povrhu, da je bila maškarada še distinkrat nedostojna.

V tujini nam pa tako štefanovanje, kakor tudi maškarada služi, da se Slovenci zberemo na prijeten večer, kateremu je pač treba dati neko ime in neko vsebino. Da je res, kar sem napisal o štefanovanju in sedaj o maškaradi, potrjuje dejstvo, da se tisti, ki so štefanovanje pribeležili in zanj reklamirali, tega štefanovanja niso udeležili in bo morda prav tako pri maškaradi.

Kar sem doslej napisal, je samo nekaj uvod, ker brez uvoda ne gre. Se je treba pač predstaviti, predno nekaj ponudim v pridojajo.

Kar hočem povedati, je tole: Dramatsko društvo "Lilija" priredi v soboto, 27. februarja 1965, ob 8. zvečer maškarado v Slovenskem narodnem domu na Holmes Ave. Te maškerade so postale že kar običajne in bi le toš že kar nekaj manjkalo, če bi ne priredili. Lansko leto je bilo precej prav dobrih mask in kar je glavno, večino mask ljudje niso spoznali, dokler se niso razkrinkale. Presenečenje je bilo res veliko in veselo. In še to moram poudariti: vse je bilo na dostojni višini, brez vsakih nemoralnosti in neslanosti. Bila je skoraj kulturna prireditev ta maškarada lansko leto. In upam, da bo prav tako tudi letos.

Vabimo vse, ki imajo smisel za igranje, da si nadenejo maske in kostume in pridejo na "Lilijino" maškarado. Seveda vabimo tudi druge goste in obiskovalce, da se bodo poveselili v lepi slovenski družini. Igrali bodo "Veseli Slovenci"; na razpolago bo pa tudi kaj dobrega za prigrizek in pijačo, kot običajno. Pridite to-

rej v soboto, 27. februarja, v Slovenski dom na Holmes! Vabi vas Veselko Predpust.

Glas z "Osme" v New Yorku

New York, N.Y. — Pod tem naslovom je bilo zadnji objavljeno poročilo z vabilom članov društva SAVA in "Prešeren" k predpustni prireditvi "Kvadratura kroga", sedaj pa sporočam vest, da je po daljšem premoru Slovensko kat. akademsko stalištvost v New Yorku prešlo k društvenemu delovanju. Novi odbor SKAS-a si je za tekoče poslovno leto nadel nalogo akademске kolege razgibati ter jih pobuditi k intenzivnejšemu delu, predvsem na kulturnem področju s predavanji na SKAS sestankih, ki bodo redno vsak drugi petek v mesecu ob 8. zvečer v cerkveni dvorani na "Osmi" v New Yorku.

Kot prvi je predaval letos 19. februarja dr. Janez Arnež o Pregledu gospodarstva v Sloveniji, 12. marca bo dr. Joža Baskaj govoril o Dogodkih ob revoluciji, 9. aprila g. Rudi Večerin o Rojstvu slovenske moderne, 7. maja dr. Peter Remec o Jugoslaviji v mednarodnih odnosih, 11. junija dr. Ludovik Puš o Krščanski demokraciji v sklopu svetovne politike.

Prvo, uvodno predavanje, ki ga je na prvem sestanku obravnaval dr. Janez Arnež, je v duhovitem tonu razgrnil pestro sliko gospodarstva v Sloveniji. Bilo je v vsakem oziru jako zanimivo in nadvse poučno, za kar je predavatelj žel navdušeno odobravanje ter izval mnogo živahne debate. Ker bi ta tema zanimala tudi širši krog bralcev A.D., ga bomo skušali v izveščku objaviti.

Po medsebojnem dogovoru je bilo sklenjeno, da bodo pri SKAS-ovih sestankih sodelovali tudi člani društva SAVA in PRESEREN.

Priprava medicine

Ni še tako dolgo od tega, ko je naročnik iz Floride prosil za recept za pripravo zdravilne medicine, kot so jo kuhali naši predniki. Takrat mu nisem mogla ustreči, prizadevala pa sem se, da bi našla željeni recept. V Kneipovi knjigi: Moje zdravljenje z vodo je podan. Takole se glasi:

V res čisti bakren kotel nalijemo 60-65 litrov mehke vode. Ko se ta precej segreje, primesimo kakih 6 litrov medu. Nato pustimo, da voda in med prav po malem vretu poldrugo uro. Zdjaj pa zdaj pobere mo umazano sluz, ki se nabere po vrhu. Ko mine čas vrenja, nalijemo medeno vodo v pločevinaste ali glinaste posode. Ko se toliko ohladi, da je še vedno nekoliko toplejša od vode, ki se je ogrela na močnem soncu, jo pretočimo v skrbno očiščeni sod. Veho za takšno, a je še ne zabijemo. Če je klet dovolj topla, začne medica po 5 do 6 dneh vreti. Ko vre kakih 14 dni, pretočimo mlado prevreto medico v drug sod. Osedlino seveda odstranimo. V drugem sodu vre medica še kakih 10 do 14 dni. Ko se povsem umiri, tako da iz sode ni nič več slišati, tedaj veho zabijemo. V kakih 3 do 4 tednih se medica izčisti in jo lahko pijemo. Če jo natočimo v steklenice, dobro zamakimo in spravimo v hladnem pesek, se v nekaj dneh precej močno peni in šumi. Pijača je zelo hladilna, zato jo radi pijejo bolniki, pa tudi za zdrave je priporočljiva. Seveda jo smemo piti samo po malem, sicer se nam lahko upre.

Zamašeni odlivi

Predno pokličemo obrtnika, si poskusimo pomagati same. Včasno je, da se zamašeni odliv odtoka nesnaga, ki preprečuje odtok vode, popolnoma izsuši. V močno vreli vodi raztopimo sodo (Sal-Soda), katero zlijamo v presledkih v odliv. Če ni zamašitev popolna, bomo kmalu opazile, da se voda zopet odtoka. Stranišče odlive odmašimo takole: Lužni kamen raztopimo v vreli vodi in jo zlijemo kot kor mogoče vročo v školjko odtoka v stranišče. Počakamo, da se lužni kamen preje skozi ostalo nesnago, kar traja čisto več ur. Če nismo uspele prvič, ponovimo isto še enkrat. Ko je stranišče cev odmašena, zlijamo vanjo v presledkih močno vrelo raztopino sode, da cev dobera očistimo.

Umita jajca se hitro kvarijo

Včasih so sveža jajca umazana in zato neprikladna, toda pravi jih ne smemo, ker se hitreje kvarijo. Na opranih jajcih se naseli zelena plesen. Zato v več njih živinorejskih farmah jajce perejo. V tujini pa se izogibajo umivanju zlasti tistih jajc, ki so jih namenili za izvoz.

V Vel. Britaniji s posebno preiskavo lahko ugotovijo, če jajce umito. Na jajčno lupino kanejo posebno kemijsko raztopino in obsevajo z ultravijolično svetlobo. Na jajcih, ki pred poskusom niso bila vlažna, nastane na mestu obsevanja rdečkasta usedlina. Zahvaljujoč temu načinu, umitih jajc tam ni, morejo več prodajati po isti ceni kot kakovostna, ki jih poper niso umili.

Drobni nasveti

Če se nohti lomijo, jih ne smemo nekaj časa lakirati. Krayšamo jih s pilo, če ne že s škornjama.

PATRICK A. SHEEHAN:

NODLAG

"Štiriindvajset jih je," je odgovoril Donal. "Da, jaz vzamem Owena in nekaj hlapcev, pa jih sežemo dol."

"In moje jagnje tudi, očka," je vzkliknila Nodlag, široko odprši oči v strahu in skrbi. "Moram iti, da rešim svojo Nanny."

"Saj ni daleč," je rekel stavec. "Pojdi vun ter počakaj hlapce in oni jo poiščejo na mesto tebe."

Nodlag je odšla vun in Donal se je jezno obrnil proti očetu.

"Zakaj niste, za božjo voljo, sprejeli te ponudbe? je vpil Donal. "Rešila bi nas vseh skrbi!"

"Pa bi nam morda novih nakopala," je odgovoril oče kratko. "Sicer sem se pa zavezal z obljubo in jo bom držal."

"Gotovo je Bog poslal gospoda Dunscombea s to ponudbo," je vpil Donal. "To je bila najboljša priložnost in sedaj ne pride morebiti nikoli več."

"Kaka najboljša priložnost je to, ki ne pride morebiti nikoli več?" je vprašala gospa Connors, ki je bila prišla z dvorišča. "Mislim, da nas čaka nočjo huda in težka noč. — Toda o kaki ponudbi si govoril očetu, Donal?"

"Ah nič!" je odgovoril sin mračno.

"Kakih posebno važnih stvari nista mogla imeti," je odgovorila mati, ki jo je sinov odgovor bil užalil.

"Gospod Dunscombe je le hotel dobiti Nodlago," je dejal stavec zaradi miru.

"In kaj si ti rekel?" je vprašala žena vznemirjena, kajti otrok se ji je bil zelo prijelil.

"Kaj naj bi rekel, kot da jo je Bog k nam poslal in da jo hočemo obdržati?"

"Saj bi bilo dosti čudno, če bi bil kaj drugega odgovoril. In ali je to bilo, kar si ti imenoval lepo priložnost?" je vprašala, jezno se brnivi proti Donalu.

"Ker ni otrok naš," je odgovoril nevoljno, "menim, da

bi se ga pri tej priložnosti lahko odkrižali, zlasti ker bo dobro preskrbljen."

"Ti nisi še nikoli pokazal otroku prijaznega obraza, odkar je prišla v hišo. Ne privoščiš ji nobenega grižljaja in nobenega požirka, ki ga ji damo, kakor bi bili s tem prikrasili ti — in tisti, ki jih hočeš pripeljati k nam."

S tem je namignila na Donalovo nameravano ženitev — stvar, ki povzroča materam vedno veliko skrbi, ker se morajo tisti trenutek, ko nevesta prestopi hišni prag, odpovedati gospodinjstvu. To je Donal jezilo, ker se je iz ravnoteža vzroka pričkal s svojo bodočo nevesto, ki ga je hotel vzeti samo pod pogojem, da pošljejo Nodlago iz hiše. Da, ravno to vprašanje in neke ovire pri možitvi njegove sestre z mladim Burkeom so ovirale tudi njega, da se ni mogel udomiti. Bil je torej dvakrat upravičen želeti, da oče sprejme ponudbo gospoda Dunscombea.

"Kako moremo vedeti, kdo je ona in kaj?" je odgovoril razvnet.

"Sedaj veš ravnotoliko kakor tisto noč, ko si jo prinesel v kočari in jo postavil tu ob ognju. Toda ti imaš mrzlo, trdo srce, Donal," ga je zavrnila mati. "A varuj se! Vdove in sirote teptati je nevarno."

Donal je že bil na tem, da jeznost odgovori, kar bi spravilo svetost njegove prisega v nevarnost, toda oče je stopil k vratom, se ozrl in rekel:

"Če bosta še več časa trčila s pričkanjem, bosta nemara stikala za šivanko v opepu slame, kadar pojdeti iskati jagnjeta v tej strašni noči."

VELIKI SNEG.

Tako se je tudi zgodilo. Dvojna tema se je spustila z neba na zemljo. Veliki pomrk neba se je začel lomiti v drobne svetlobne kosmiče, kateri so viseli v zraku in s tem temo še poglabljali ter se potem svetili v velikem, bisernobelem jezeru, ko so se mehki, jasni kristali nakupičili na zemlji v volnatih množicah. To je bil prvi naval "velikega snega", ki je začel padati ponoči dne 15. februarja 1. 1837. in se usipal skozi tri dni ter ležal na zemlji dva meseca. Pokril je vsako zeleno sled in zapadel na stotine ljudi, ki so morali, daleč od mest, v teh težkih tednih prestatiti strah bližajoče se lakote. To noč ob devetih je ležal sneg na dvorišču in po poljih krog Glenanaara že tri čevlje na debelo. Globočji zameti so ležali v globinah ob meji ali so se kupičili ob stenah hleva, kamor jih je bil zanesel lahki veter, a jih noben krepkejši ni mogel pozneje več razpihati. Zdajpazdaj so prihajali Donal in Owen in hlapci, prepoteni in zasopli, na dvorišče in odlagali ovco ali jagnje, katero so bili rešili. Vsako pot, kadar so zopet odhajali, je bilo njihovo iskanje nevarnejše in utrudljivše, ker so jim moči omagovale pod naporom in se je sneg kupičil vedno više in više v mehkih gričkih, ki so zakrivali nevarna mesta ter se pod nogami umikali in udirali in tako hojo obteževali. Bila je deset ura in sneg je

Hvala vsem, ki so na dan pogreba dali avtomobile brezplačno na razpolago.

Vsem, ki so ob času žalosti nam bili v pomoč, nas tolažili, bodi Bog obilni plačnik.

Vi, naša dobra mama! Veliko ste trpeli, da ste nas izredili. Kako ste žalovali, ko so oče pred leti umrli. Sedaj sta zopet združena v nebesih. Prosita oba Boga, da bi vsi tako živeli, kakor ste nas učili, da bi, ko pride tudi naša ura ločitve, da se zopet vidimo v nebeskem raju. Počivajte mirno v jamici, na svidenje nad zvezdami.

Garfield-Perry Stamp Show

An outstanding philatelic event will take place on March 19th, 20th and 21st when the Garfield-Perry Stamp Club, one of the oldest in the nation, will celebrate its 75th anniversary. The exhibition will be presented at the Manger Hotel starting at noon on Friday and closing at 5:30 p.m. on Sunday.

The main exhibit will consist of 150 frames of competitive stamp displays as prepared by club members, along with several prize winning guest exhibits. Lectures and slide programs will be presented at regular intervals, covering many phases of the hobby. Thirty stamp dealers from coast to coast will be present to offer their stamps and supplies, and the Post Office Department will provide a sales window where Agency stock will be available. Door prizes will be given every hour, in which every one present will participate.

For those who are interested in any branch of philately, either directly or through friends and relatives, this event will provide the tops in entertainment, information, stamp needs, and fine fellowship. Plan to attend.

that problem on a big scale. Biologists say there are millions of crappies in the reservoir behind Oahe Dam in South Dakota, but the fish are rarely caught. The biologists are making tests to try and find out why.

★ New York, N.Y. — Joseph La Francesca, 32, had no hot water ready when police arrived. As a result, they say, he now finds himself in hot water. And the evidence is on ice. He was charged with bookmaking after police raided his Brooklyn apartment. They said he had a bowl of cold water and was dumping betting slips into it as they burst into the room. The slips were made of gelatin. But they didn't dissolve fast enough in cold water. La Francesca told them he usually kept hot water handy, but had just moved into the apartment and hadn't bought a cooking pot yet. Police rushed the soggy gelatin slips to headquarters, photographed them, and put them in a refrigerator.

★ Louisville, Ky. — All of a sudden, a week-end round of golf didn't seem like such a good idea to R. J. Cassidy. First, his teen-age son Don came home to report he got a hole-in-one in a school match. Teen-age son Bob came in the next day to report he also scored an ace on the same hole, a 216-yard, down hill par three.

★ San Dimas, Calif. — Sheriff's deputies could theorize about all the hard work a burglar went to in order to remove a huge safe from the Rogers auto agency. First, he had to break in the rear door. Then he must have tinkered for hours trying to crack the safe. Finally, perhaps with the help of an accomplice, he managed to drag the 750-pound safe from a front office to the rear door. Somehow the massive load was hefted into a pickup truck. When he had the big door swinging open and looked at the loot, he found that the safe contained one dollar.

★ Columbus, O. — North American Aviation is making a special kind of stop-and-go sign in an experiment aimed at simplifying ground control of airplanes, particularly as they taxi across other runways. Under contract with the Federal Aviation agency, N.A.A. is making 25 for evaluation at Washington National airport. Installed at runway intersections and operated from the control tower, they tell the pilot to "Go" or "Hold." It has been found that voice controls during taxing can be confusing to already busy pilots.

★ Mount Sterling, Ky. — Residents of Camargo, a rural community near Mount Sterling, raised money to build a fire house in their district. Their campaign didn't end there. Next they hope to buy a fire truck.

★ San Francisco, Calif. — A group of San Francisco business men has purchased Golden Gate Fields race track for 3½ million dollars. The price will result in a liquidating dividend of \$3,000 per share to shareholders of the club. The sale was not expected to result in any change in management policies at the track.

OF Man Winter Fading; Astros Begin Training

Exactly four months after the last game of the 1964 World Series, baseball began moving back to its No. 1 place on the sports scene, February 15, when spring training started with a group of young Astros working out at Cocoa, Fla. Houston's veteran pitchers were slated to join them on February 22, with the rest of the players taking the field on March 3.

Most clubs are bringing their batters to camp early to get them ready for the arrival of the infielders and outfielders. When the last contingent of Braves reports at Brandon, Fla., March 8, everyone will be in full swing.

Only the Indians (February 28), Dodgers (Feb. 28), Cubs (March 1) and Giants (March 1) are starting with their full squads showing up at the same time.

Yankee Clipper Will Coach Bombers' Varsity and Kids

New York, N.Y. — The Yankee coaching staff for spring training has been completed with the addition of Joe DiMaggio as a special instructor in batting and fielding, a couple of subjects DiMaggio knows from A to Z.

DiMaggio again will work with the Yankee varsity on their hitting and fielding problems, but the Clipper would prefer to concentrate on the young prospects at the nearby minor league camp in Hollywood, Fla. Ralph Houk said DiMaggio would be on hand late this month and would end his role as guest professor the end of March.

Birdie May Have Nucleus Of "Ideal" Battling Order

Cleveland, O. — Birdie Tebbets was talking about what he considers an "ideal" batting order and intimated he thinks he might have at least the making of one with his Indians.

"I like to have enough 'big' hitters (Leon Wagner, Rocky Colavito and Max Alvis) in the middle of the lineup so that the opposition cannot pitch around any of them."

"In front of them, I want enough speed (Dick Howser, Vic Davalillo and Chuck Hinton) to discourage pitchers from throwing too many slow curves to the fast-ball hitters."

Early Registration of Boat And Motors Urged

Columbus, O. — With the boating season not too far off, every boater and outboard motor owner should register their boats and motors early. This word comes from the Ohio Division of Watercraft.

"The 1965 certificates," said Paul Sarossy, chief of the division, "are now in the possession of all agents, some 275 throughout the state, and available for on-the-spot, immediate registration." He further advises the public to be sure to present to the registering agent the last certificates registered to the boat or motor. If not available, a duplicate must be obtained with which a 1965 registration certificate may then be issued.

"By obtaining 1965 registration certificates early," Sarossy concluded, "boaters will avoid the usual rush and delay." Any additional inquiry should be directed to the agents or to the Division of Watercraft, 1500 Dublin Road, Columbus, Ohio 43212.

If they throw a lot of breaking balls, the baserunners can steal much easier."

"Cluster Community Castles" To Be At 1965 Cleveland Home & Flower Show

Certain to telescope heavenly new inspirations in home development is the "Cluster Community" of two modern day castles, this year's star project of the American Institute of Architects, Cleveland Chapter, for the 22nd annual Cleveland Home and Flower Show to be held March 6th through 14th.

This nine day public exposition, already largest of its kind in the nation, will this year be literally bigger than ever as the first to encompass more than 8 acres of space in both the familiar Auditorium and the new Mall Hall of the vast downtown Cleveland Convention Center.

For the first time the two intriguing walk-thru homes to be constructed by the Home Builders Association of Greater Cleveland have been planned as a unified community, and for the first time they will be seen in the new Mall Hall.

Brilliant young architect Richard Fleischman of Conrad and Fleischman whose meteoric career began with scholarships and fellowships in both this country and abroad was chosen by the permanent revolving Show Committee of the A.I.A. for the double honor of designing both homes in the Cluster Community.

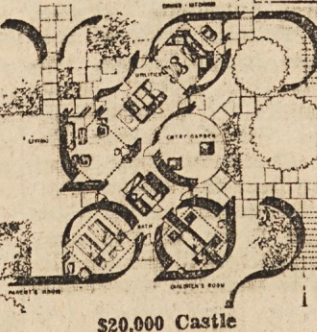

Every man's home is his castle and the modern day castles which

Fleischman has conceived are his own family's dreams but not "out of this world" he feels, rather "down-to-earth" where a man can fortify the security and warmth of his personal life.

Similar in concept, each home is designed for a family of four, one selling for \$20,000, the other for \$60,000. They are examples which could be adapted to each man's personal pattern of life.

Young Fleischman believes all areas of a home should create a fortress feeling of safety and privacy. He also believes any home, no matter how small, should be like a great city with no focal area, rather numerous centers, none starting more brightly than another. And he believes even a small home can be so constructed as to avoid monotony and provide continuous space and excitement.

The large \$60,000 castle contains seven chambers or cylinders and four "mechanical towers". Within this over-all construction there are eight rooms — three bedrooms — three living areas — a kitchen — a separate dining room and two and one-half baths. A huge walk-thru fire "space" is visible from four of the main chambers. Each Chamber is 20 feet in diameter, and by calculated openings into "Circulation Galleries" or corridors, some seem to take on added dimension.

\$20,000 Castle

No, there is no moat for this castle — but there is a swimming pool.

The smaller \$20,000 castle, like its larger neighbor, also offers spacious living and privacy for a family of four. There is the same 20 foot diameter size for each Chamber, but there are fewer — only four. However, by subtle subdivision these become three separate bedrooms, a kitchen, dining room and a huge living area. This home has only two mechanical towers, which hold up a pavilion roof for the center area, heating and ventilation. Again in this home there is a fire space. One of the beauties of this smaller castle is that it can eventually be enlarged, depending on need and budget, into a larger cluster grouping.

GUARANTOR OF A FREE PRESS

Something recently said by the Boonville, Indiana, Standard should be remembered.

"One of the most important by-products of advertising is the American concept of freedom of the press."

"Freedom of the press as it is conceived in the English-speaking world derives financial support from advertising..."

"From the time of the American revolution until approximately 1830 American journalism was represented by a profusion of small highly biased political sheets... However, when expanding business firms recognized the need for reaching a new public through advertising, publishers found a neutral and variegated source of support which made them independent."

"Indeed, advertising made it imperative that the newspapers should think in terms of serving the whole public..."

"As government has become more complex, as law and rule by bureaus and agencies have burgeoned, there is more than ever a need for a press free from control of political interests."

"Such a press exists only where advertising support has made it possible for a publication to serve the whole public without fear or favor."

Whatever shortcomings advertising may occasionally be guilty of, its virtues as a supporter of a free press overwhelmingly outweigh them.

Reporting from Washington

FRANCES P. BOLTON • Congressman, 22nd District, Ohio
410 HOUSE OFFICE BUILDING, WASHINGTON 25, D. C.

A NEW REPUBLICAN MEDICAL CARE PROPOSAL. In my News Letter of January 16th I presented a brief summary of the Medicare bill introduced by Congressman Bow (H. R. 21) as an alternative to the Administration's King-Anderson bill. Since then two other proposals have been introduced in an effort to obtain a better, more comprehensive health insurance plan for senior citizens. One is known as "ElderCare" (H. R. 3800). It is an expansion of the existing Kerr-Mills Act and would authorize Federal grants to the States on a matching basis to help persons 65 and older pay costs of health insurance if they could not otherwise afford it. While the Kerr-Mills program has been helpful in some areas, it cannot be activated until State legislatures pass enabling legislation and appropriate the State's share of the cost. Ohio does not have the Kerr-Mills program.

The other plan (H. R. 4351), introduced by Congressman John W. Byrnes and other Republican Members of the House Committee on Ways and Means would seem, from my own studies, to be one of the best plans yet devised. However, I am giving you a summary hoping it will be helpful to you in forming your own views on this important issue. In brief the plan would work as follows: All persons aged 65 or over would be eligible on a uniform basis for insurance protection equivalent to the Government-Wide Indemnity Benefit Plan now available to Federal employees. Their participation would be voluntary; there would be no means test. For those under Social Security (or Railroad Retirement) enrollment would be exercised by an assignment of a premium contribution to be deducted from the individual's current Social Security benefit. Those not under Social Security would execute an application, accompanying it with their initial premium contribution. State agencies would be granted an option to purchase the insurance for their Old Age Assistance and Medical Assistance for the Aged recipients at a group rate.

Premium contributions by individuals would be based upon the cash benefits which they would either receive, or be entitled to receive, upon reaching age 65. The premium would be 10% of the minimum Social Security Benefit and 5% of the balance, an average of \$6 per month.

per person. Persons not under Social Security would pay a premium equivalent to the maximum contribution of an individual under Social Security. The remainder of the cost of the insurance would be paid by the Federal Government out of general revenues. Benefits would be paid out of a National Health Insurance Fund which would receive as deposits the premium payments of individuals, contributions from the Social Security System and Railroad Retirement Board on behalf of individuals covered under those systems. State contributions for OAA and MAA recipients, and annual appropriations from general Treasury funds. The fund would be administered by the Secretary of the Treasury, while the Department of H.E.W. would administer the insurance program. The Surgeon General would contract with private agencies (Blue Cross-Blue Shield, for example), to process and pay claims of those hospitals, doctors, etc., furnishing services. The private agencies would then be reimbursed from the National Health Insurance Fund.

The benefits under this proposed voluntary program would greatly exceed those under the Administration's proposed compulsory King-Anderson plan. While the King-Anderson bill is generally limited to hospital and nursing home expenses, the Byrnes bill covers both hospital and nursing home care as well as the cost of surgical services, doctors, nurses, and prescribed medicines and drugs. The Administration plan would be financed by a further increase in Social Security taxes which would hit hardest at those least able to pay — workers in the lowest income brackets. There is a possibility that the King-Anderson proposal would endanger the adequacy of the retirement, death and disability benefits under the social security system by pushing the regressive payroll tax to the limits of acceptability. The insurance concept of the Byrnes (Republican) plan, its method of financing, and its administration are completely independent of the social security system. Social Security benefits are used merely as a test of ability to pay the individual contribution.

It is hoped that the Committee on Ways and Means, which is now considering health care for aged plans, will give this alternative careful consideration. Certainly it has many good features.

FIZZ, FOAM AND FUN

FIZZ, FOAM AND FUN. — In the late 19th century the American drug store reached its zenith by installing the soda fountain. The modest fountain cost about two hundred dollars but fine marble ones were apt to be two thousand dollars.

The history of the soda began in 1808 when mineral water — then drunk as an aid to health — proved so popular in bottled form they started serving it by the glass in the American drug store. The machines, used to serve the mineral water, were small and didn't cause much comment.

A few years later a Frenchman who operated a perfume factory in Philadelphia decided that mineral water needed a little comp! Thus, he added syrup. At first flavors such as celery tonic, ginger, nectar and checkerberry were only bottled, but again, the demand for the bottled water became great. Drug stores started installing "Fountains" and selling drinks at the "counter." The new machines with syrup, draft arms, and coolers were surrounded with much fanfare. The modest fountain cost the drug store owners about two hundred dollars but fine marble ones were bought at a cost of about two thousand dollars.

The soda was really here to stay when, by accident, in 1870, Robert M. Green introduced ice cream as the piece de resistance. Finding himself out of sweet cream, (sometimes used with the syrup) Green went out to buy some vanilla ice cream hoping it would melt quickly and give the appearance of cream. But upon returning to a store full of impatient customers, he threw caution to the wind, scooped out the ice cream, and gave birth to one of America's favorite traditions — the ice cream soda.

Today, ice cream sodas have found their way into the home and become just the thing to serve for party refreshments. From the old-fashioned soda to the jet age frosted and floats both young folks and grown ups love them. In fact, home sodas couldn't be easier with the innovation of a portable soda fountain, the ultimate in home entertainment. Occupying about the same space as a table television set, the new BernzOmatic "Fountainette" provides you with three flavors of syrup on tap as well as ice cold carbonated (sparkling) water! There is no more rummaging in the refrigerator for soft drinks, no more carting back empty bottles, no sticky syrup containers, and such saving for your pocket book that the "Fountainette" ends up paying for itself.

For an innovation of your own, invite friends of any age over for a soda party. To make it even merrier let each one fix his own specialty of the house. Just have the "fixins" ready. Ingredients: your tallest glasses, a batch of long-handled spoons, a box of straws, plenty of your favorite ice cream and your "Fountainette" stocked with syrup and carbonated water. — The refrigerated "Fountainette" takes care of the chilling so you're ready to go. For gay garnishes, have ready tiny bunches of grapes, large strawberries, unpeeled banana slices and long twists of orange peel to hang over the edge of the glasses.

CHILD'S DELIGHT. — With a home soda fountain, even the children can fix their own specialties. Imagination's the only limit to ice-cream soda creations galore.

Or, place whipped cream sprinkled with cinnamon, nutmeg, chocolate shavings, shredded coconut and grated fruit rinds on the table and let your guests take their pick.

There are only a few simple steps to follow to be a soda jerk extraordinaire. Once you have all the basic ingredients plus your "Fountainette" the rest is easy. The standard ice-cream soda can be made by any novice. First, draw about 1-inch of syrup into the glass, add a generous dash of milk and two large scoops of ice cream. Then, stir in soda water till the glass is full and the top bubbly and frothy. The combinations are up to you — and you can mix any favorite flavors of syrup and ice cream.

For just plain soda pop draw 1-inch of syrup and stir in soda water to fill to the top. To add a touch of professionalism to your sodas, get some frozen or fresh strawberries, peaches, raspberries or whole berries and cherries. Use them with the syrup to give a fresh fruit flavor.

Once you have mastered these techniques you should develop some "house specialties." To start you on your way, here are some ideas!

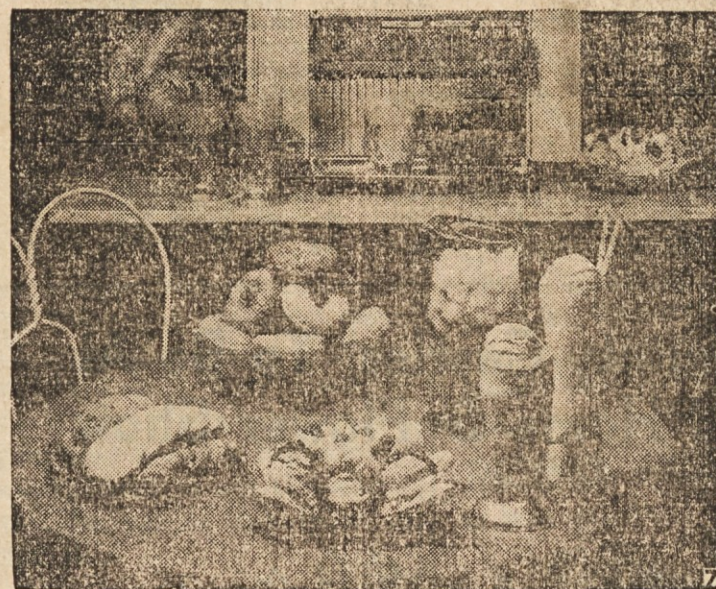

Strawberry Soda (serves one)
2 tablespoons frozen strawberries

(defrosted)
2 table spoons ice cream
or light cream
Carbonated water
1 or 2 scoops strawberry ice cream

Pour fruit syrup, then light cream or ice cream into a glass and stir to mix. Fill glass three-fourths full with carbonated water, add ice cream, then more carbonated water to fill to the top.

Double Pineapple Flip (serves one)
In each glass, blend 2 to 3 table-spoons canned crushed pineapple with 1 table-spoon sugar and 1 table-spoon heavy cream. Add 4 oz. carbonated water from "Fountainette" and 1 big scoop vanilla ice cream; stir a few times. Add carbonated water to fill glass three fourths full; top with another ball of ice cream.

Choco-Mint Shake
For each tall serving, beat together well 2 inches chocolate syrup, one cup milk, and one big scoop peppermint ice cream. Top with grated unsweetened chocolate. Coolers for a whole crowd? Pitches for 16 or 60 guests are easy as long as you have chilled sparkling water and syrup from a "Fountainette." They're a variety of drinks galore! Your imagination is the only limit.

PARTY TIME. — With your own soda fountain, ice-cream sodas are a breeze even for the novice. Just draw 1-inch of syrup into the glass, add a generous dash of milk and two large scoops of ice-cream and stir in soda water till the glass is full.

The all-new 1965 A.I.D. Pavilion will provide a fresh rainbow of bright interior design ideas for homemakers when the 22nd annual Cleveland Home and Flower Show premieres its spectacular bigger-than-ever exposition at the Cleveland Convention Center beginning Saturday, March 6th and continuing through Sunday, March 14th.

The famed nine day exposition, already largest of its kind in the nation, will this year be themed to "Follow the Rainbow" and will be the first civic event to use both the familiar Auditorium and the new Mall Hall, according to Frank Murphy, Managing Director of the Show.

Sixteen spectacular room settings and vignettes, created by highly talented members of the American Institute of Interior Designers, Northern Ohio Chapter, will for the first time be located in the new Mall Hall and their 1965 A.I.D. Pavilion will adjoin the Cluster Community of two walk-through modern castles, which is the American Institute of Architects, Cleveland Chapter, project.

Oldest national professional association of decorators, the A.I.D. was organized to maintain high educational standards of interior design and ethical practice, according to Dorothea Seeley-Davis, president of the group's Northern Ohio chapter.

Glamorous original concepts for 1965 living will be created by the following extremely gifted A.I.D. members:

Plastic Shoes Hurt? It's Not The Feet - It's The Humidity

After walking on trouble-free feet for years, have you suddenly developed burning soles and itchy toes? And did these symptoms appear right after the first few wearings of plastic shoes? If so, says the American Foot Care Institute, don't be alarmed. Chances are it isn't the feet, it's the humidity — the moisture caused by shoes that affect the foot like a session in a steam cabinet.

Podiatrists have encountered in recent months patients with the same complaint — burning, hot, itchy feet. These patients had one thing in common: they had recently purchased plastic footwear. Shortly after the first wearing, reports the Institute, contact dermatitis had set in — extreme skin irritation brought on by plastics coming in contact with part of the body. In this case, the ailment manifests itself in a burning sensation in the sole and general reddening and swelling of the feet, frequently accompanied by chafing and blisters.

Dr. Benjamin Kauth, prominent foot specialist and director of the A.F.C.I., explains the reason why this happens. Plastic shoes — unlike most footwear, which is leather — are impermeable. That is, they do not have pores which allow air to enter and leave the shoe, circulating around the foot. Thus, plastic shoes — no matter how expensive or how glowingly advertised — trap moisture around the foot, providing a perfect breeding ground for fungus, blisters and warts.

This "breathing" action, Dr. Kauth stresses, is the reason why podiatrists have always recommended an all-leather shoe as the best footwear for healthy feet. Because leather is a natural animal product, its pores provide the interchange of air necessary to keep the skin as dry and comfortable as possible.

"For your feet's sake," the foot care official cautions against "the purchase or wearing of any shoes unless they are permeable." This breathing process is "nature's way of guarding our foot health."

How do you get the truth through?

The Iron Curtain isn't soundproof. And so the truth is broadcast, through the air, where it can't be stopped by walls and guards, up to 18 hours a day to millions of people in the closed countries behind the Iron Curtain.

Will you help the truth get through?

TV Star Attends Cancer Society Meeting

William Gargan, movie and television star, will be the featured speaker at the kick-off luncheon of the Corporate and Special Gifts Committee of the Cuyahoga Unit of the American Cancer Society at a noon meeting on Wednesday, March 3 in Hotel Statler.

Now a laryngectomee, Bill Gargan — who once won an Academy Award nomination, and played "Martin Kane" on TV — was playing the stage role of an American president suffering from cancer when he was told that he himself had throat cancer.

An actor who cannot talk is like a soldier who cannot walk. Nevertheless, Gargan authorized his surgeon to remove his larynx (voice box), and within some 16 weeks he trained himself to use esophageal speech, which is achieved by swallowing air and then belching it to form words.

Since that time, this veteran actor has served as a volunteer for the American Cancer Society, traveling around the country to encourage people who have lost their voices to cancer, and to urge everyone to have an annual cancer checkup.

Moderator of the meeting will be Harvey Kapnick, managing partner, Arthur Anderson & Co., and chairman of the Corporate and Special Gifts Committee.
